A SURPRISING DISCOVERY.

You will be surprised in trying Catarrhzone to find how quickly it cures cold in the head. The agreeable, penetrating vapor traverses every air cell and passage of the nose, throat and lungs. In one breath it carries instant death to the millions of germs infesting the respiratory organs and breaks up a cold in ten minutes.

A trial will convince you that Catarrhzone is the most potent, satisfactory and pleasant cure for Colds, Catarrh, Deafness, Bronchitis, Asthma and Lung Trouble. Complete outfit, \$2.00; small size 25c. Druggist or N. C. Pulson Co., Kingston, Ont.

ABOUT COLLEGES.—The time for colleges to reopen is drawing near. Everyone now-a-days realizes the great advantage of a college training for young men and young women. Our Maritime Provinces are well equipped with colleges for young ladies, and among them Mount Allison holds no mean place. A large building, 160 feet long and 50 feet wide, well heated and lighted, surrounded by beautiful grounds laid off in parks and walks, well adapted for recreation and exercise, secluded from public observation, makes the college days of the girl graduates at Mount Allison the happiest of her life. The object of the officers of instruction as laid down in the calendar of 192-3, is to impart an education which does not regard accomplishments merely, but which modifies the character and bestows the power of self-control; one which will enable the possessor to enrich the general atmosphere of home with calm and elevated enjoyments, an education which shall prepare the daughter, the sister and the mother to exert a moral influence the strongest always for being associated with intellectual vigor. The institution provides nine courses of study: Primary, University (Preparatory), Course for Degree of M. L. A., Eloquence, Course for B. A., Short-hand and Typewriting, Instrumental Music, Harmony and Counterpoint, and Drawing and Painting. The faculty endeavors in every possible way to make the surroundings as comfortable and home-like as possible. A resident doctor is employed to attend upon students without additional charge. For further information drop a card to Secretary Mount Allison University, Sackville, N. B.

The sudden death occurred last evening about nine o'clock of Mrs. Frederick Rogers, King Street. Mrs. Rogers was in apparent good health up to yesterday. Only a month or six weeks ago deceased was married to Mr. Rogers, who 2 em played on the Hillsboro Bridge.

POLICE COURT.—In the Police Court yesterday morning, the case against Allan McDonald was discharged. Wm. Rowe for assaulting Mrs. Harriet Matthews, was fined \$3 and costs. On Monday night a man entered the stables of Richard Hertz and stole a set of harness. At noon Tuesday Mr. Hertz reported the theft to Officer Bratley, and by seven o'clock the same evening the stolen goods were in the Police Station. No arrests have been made yet, though the parties are known.

ATTEND THE FAIR.

The advent of the fair season this year seems likely to find farmers heels over head in work and there will probably be a tendency to stay home on that account. We have only commendation for the man who sticks closely to business but an opportunity such as exhibitions afford should never be missed. It affords opportunity for rest and relaxation, for learning something of certain value, a day full of education, free from objectionable features at an unprecedentedly low cost. This latter feature makes the venture worth some sacrifice. Begin to plan now and see that nothing removable stands in your way. It is evident the railways will do as well as usual by the exhibitions and we trust the public will also. The above is from the Co-operative Farmer and although it will not apply much to this Island as our Exhibition is the last one and the harvest should be over yet it goes to show how independent exhibitors are considered in the other provinces.

NO MORE CASUALTY CABLES.

OTTAWA, August 19.—A cable to the militia department to-day from the casualty department Capetown announces that in future no cables of casualties, or of men dangerously ill, will be sent out. However, from time to time they will inform officials here if anything special occurs of interest to relatives of Canadian soldiers who are still in South Africa.
