QUEEN'S CANADIAN FUND DONATIONS FOR AIR RAID VICTIMS

Repeated bombing raids on British port areas and the industrial Midlands has attracted fresh attention to the plight of the thousands of civilians in Great Britain who are harried from shelter to shelter and finally driven into the open country by successive raids. Eventually places are found for them all, places of relative security, but their belongings of all kinds are destroyed. The task of setting them up on more with some quantity of clothing and bedding is much more difficult.

Serving Overseas

Every dollar contributed to the Queen's Canadian Fund goes without deduction to the Lord Mayor of London for distribution to the beneficiaries and needy. Contributions from this Province should be forwarded to the Royal Trust Company, Charlottetown, which reports the following receipts to date:

World's First Toothbrush

Britain, where the world's first toothbrush was made in 1780, is supplying overseas countries with more brushes than ever before. Last year she exported from 25 to 30 per cent more brushes than in pre-war years, when sales totalled \$400,000 to \$500,000 annually. In spite of the loss of European markets, where British brushes have a high reputation.

Jam From Powder

Empire countries with crops of fruit held up by lack of shipping will be interested in the new storage processes of chemists at Bristol University Research Station. The work was originally designed to meet the problems of Britain's own surplus fruit, but with the cessation of imports the results are now available to all pipe producers.

Does Your Stomach Rebel After the Meals You Eat?

The bloated, heavy feeling after meals; the empty, gnawing before meals; the belching of gas and food, all these, and more, fall to the lot of those suffering from stomach troubles. Burdock Blood Bitters helps to stimulate the sluggish action of the digestive and intestinal system by promoting the flow of the important gastric juices so necessary for the proper digestion of food.
