The Hog Carcass Grading regulations require that all hogs delivered for slaughter at stockyards and packers' yards be carcass graded and that those who deliver the hogs must conform to certain conditions.

**If Chest is Sore  
And Breathing Hurts  
For Relief—Do This!**

A vigorous rubbing of the chest, neck and side with Nerviline is often very advisable. This soothing liniment soaks into the area where the pain is seated, and gives fast relief to sore chest due to cold. When congestion is dissipated and painful breathing is relieved, the sense of soreness is rapidly relieved. Just try Nerviline for chest-tightness, coughs and soreness due to cold. It is a powerful liniment, and if used in time may save the whole family the discomforts of numerous minor ills. The effect of Nerviline in many instances is surprisingly helpful. Many mothers say it should be in every home to assist in overcoming external muscular and joint pains. Try Nerviline for lame back, sore joints and rheumatic "aches." Large bottles, 50c, at all dealers.

**Railways Played  
Big Wartime Role**

LONDON, Dec. 3.—(CP)—British railways have been the backbone for long-extended wartime operations. Their transportation role is almost overshadowed by the job they did in designing, building and repairing armaments.
