Gene Autry In New Musical Western

"Oh Susanna" Thrills Large Crowds at Capitol

Gene Autry, singing star, becomes involved in a new and exciting story treatment in his latest starring picture—"Oh, Susanna!" which opened last night at the Capitol Theatre.

Instead of rescuing fair heroines and galloping to the aid of others, Autry spends most of the film footage trying to prove that he is not a killer and robber with a "Dead or Alive" price on his head.

Nevertheless his talents for song and music have full sway when he arrives incognito at an old friend's dude ranch. He aids his friend's daughter in entertaining cash customers while ferreting out the killer.

Smiley Burnette and Earl Hodgins, wandering troubadours, inject humor into the fast moving musical drama.

Of special interest to film goers are the Light Crust Doughboys a "six piece fiddler band," who make their film debut in "Oh, Susanna!" The men discovered singing on the radio in the Southwest, play any kind of instrument and sing in most any key the situation demands.

Frances Grant already known for her work opposite Gene Autry in "Red River Valley," is fascinating as the bereaved daughter of the dude rancher who strives to entertain her guests in spite of the cloud of tragedy that hangs over the place.

Others in the cast include Boothe Howard, the villain, Roger Gray, Frankie Marvin, Clara Kimball.

Also included on program are Chapter ten of "Ace Drummond" and "Rah! Rah! Rhythm" a splendid comedy.

That Baby of Yours

By James W. Barton, M.D.

WE NEED MORE THAN BRAINS TO BE NORMAL

The only difference between most of the inmates of metal hospitals and ourselves is that we are able to get along with others, and earn a living of some kind. It is not that we have more ability or brains that we are outside because the average mental ability inside the mental hospital is at least equal to, if not higher, than ours. It is not a question of ability but because we are "normal" individuals that we are able to "get along" with the world.

In schools, colleges, and various institutions there is what is known as the "vocational' guidance instructor or teacher, officer, or other names. His duty is to talk over with the student or individual the different types of work he likes or dislikes, questions him as to his abilities in various directions, tests his mental ability or alertness, and then advises which type of work to follow—business, the trades, or the professions.

Now this seems simple enough but as a matter of fact there are more factors in the making of a life, and even a living, than ability in any one direction. And it is these other factors that mean the difference between being inside and outside the mental hospital.

The whole fact of the matter is that the individual must be properly adjusted to work and to life. The proper adjustment of an individual to his work or occupation, to his home, and to the community has to do with his general make-up-disposition, desire to work, his attitude to others-his superiors or his fellow workers." In work the proper relationship is established when the individual is reasonably efficient (has average ability), when he attains a reasonable degree of satisfaction from his work, maintains his physical health, and when his activities are directed toward the well-being of the social group of which he is a member."

And I believe that the two biggest factors toward the proper adjustment to life are health and learning to give and take—remembering the other fellow's rights and expecting to receive your own.

Your boy and girl can acquire both by indulging in group games at school and college. We all need more than brains to be "normal".

ARRESTED ON CHICKEN THEFT CHARGE—Mounted and City Police last night arrested a young Charlottetown man on a charge of theft. The arrest was the sequel to the theft of 11 birds from the poultry yard of Mr. Samuel Gregory, St. Avards, on Monday night. Royal Canadian Mounted Police Constable Morris carried on the investigation and yesterday discovered heads and feathers of hens hidden in a basement. After a search by City Police Constables Jay and McInnis and R.C.M.P. Constable Morris the young man was taken into custody about midnight. He will appear before Magistrate Tweedy today it was learned. City Police have been investigating for some time a series of thefts from Charlottetown poultry yards.

MISSIONARY SOCIETY SERVICE—A Women's Missionary Society Easter Thankoffering service was held at the Baptist Church last night. The service opened with the singing of the three old favorite hymns "Tell Me the Old Old Story," "Jesus Shall Reign," and "Bringing in the Sheaves." Prayer by Rev. Mr. Denton was followed by Scripture reading by Mrs. J. W. Boulter. An interesting feature of the service was the showing of lantern slides, "Picturesque India," Mrs. Gordon Starratt reading the description. Following the reading of a letter from the Provincial secretary, Mrs. Edward MacFarlane, by Mrs. Benjamin Stentiford, Miss Vera Malcolm Campbell, Mus. Bac., sang very beautifully the solo, "O Brother Man". Miss Helen Calbeck was pianist. The service closed with the singing of "Stand Up Stand Up for Jesus" and prayer by Rev. Mr. Denton.

Record Number Of Flights To Magdalen Is.

Thirty-five round trips have been made to the Magdalen Islands this season it was announced following two flights by Canadian Airways planes yesterday. It established a record since the service was inaugurated several years ago. Further flights are scheduled for next week but may have to be cancelled because of soft landing fields.

The take off yesterday with a ski equipped plane was made from the ice at Inkerman Cove. Next week, however, it is feared the ice will be unsafe for the heavy machines. The twin-motored Dragon on the Moncton service was equipped with wheels this week but lighter single engined machines may have to be used next week if the Upton Airport field becomes too soft.

Mr. Walter Fowler who made the second trip yesterday reported the Gulf of St. Lawrence almost entirely clear of ice between this Province and the Magdalenes. Mr. H. S. Jones was at the controls on the first flight.

LEGISLATURE IN COMMITTEE YESTERDAY

The House met yesterday at 3 p. m.

Premier Campbell introduced "The Garnishee Act 1937" which was read a first time.

Premier Campbell moved, seconded by Hon. Mr. McIntyre, the following resolution: "That the deep sympathy of this House be extended to Peter A. McIsaac, Esq., Assemblyman for the First District of King's County, in the loss of his son, George McIsaac, carried off by an untimely death in the prime of his youth. May Divine Providence comfort the bereaved parents and family in their great sorrow."

The resolution which was supported by Messrs. Acorn and Hughes, was adopted unanimously.

The Premier introduced a petition from Robert Bruce McNaught and others for an Act to incorporate the North American Property Corporation.

The following bills were read a third time and passed:

An Act to Amend the Vital Statistics Act. (Premier Campbell.)

An Act to Amend the Public Health Act. (Hon. Mr. McGuigan.)

An Act to Amend an Act to Incorporate the Cundall Home. (Hon. Mr. Prowse.)

On motion of Mr. Acorn the House went into committee with Mr. Wright in the chair on second reading of an Act to amend the Souris Incorporation Act 1910.

The bill authorizes the borrowing of a further sum of $10,000 for the purpose of extending the electric light system of the town in addition to the sum of $20,000 already heretofore issued.

Progress was reported, the committee asking leave to sit again.

Falconwood Patients' Estates

On motion of Premier Campbell the House went into committee with Mr. Stewart in the chair on second reading of an Act to amend the Chancery Act 1910.

The bill provides that: "(a) If any person is and has been a patient in Falconwood Hospital for a continuous period of one year or upwards, and if no committee of the person and estate of such patient has been appointed, the Secretary of the Board of Trustees of Falconwood Hospital shall be deemed to be a committee of the person and estate, powers, and rights conferred or vested in a committee appointed by order of the Court.

"(b) It shall not be necessary for the said Secretary to give a bond or security as such committee.

"(c) The said Secretary, as such committee, may apply to the Court for an order for the sale or mortgage or lease of the real or personal estate of such patient under the procedure laid down by section 96 of this Act. In case such order is granted, the sale or mortgage or lease thereby provided may be arranged by public auction or private contract, as the Court may direct; subject to the approval of the Court, any necessary deed or lease or mortgage may be executed by the said secretary as committee, under the direction of the Court, and when so executed shall be as valid and effectual as if executed by the patient when of sound mind."

A further clause was added to provide that any moneys, securities or credits in the hands of the secretary and belonging to the patient whether received from the sale or disposition of the patients' real estate or otherwise, shall be paid into Court."

The bill was agreed to.

National Park

On motion of Premier Campbell the House went into committee with Mr. Stewart in the chair on second reading of an Act to amend an Act respecting a National Park.

The bill provides that "notwithstanding anything contained in any grant or reservation or in any statute, or otherwise, in any law of the Province, no stage, building or other erection shall be put up or maintained within the area provided as aforesaid for a National Park, except with the permission in writing of the Controller of National Parks or other officer of the Government of Canada who may be charged with the administration of the National Parks Branch or Department."

The bill was agreed to.

On motion of Mr. Dennis the House resumed committee reading with Mr. Stewart in the chair of the Dairy Industry Act.

Hon. Mr. Dennis stated the Agricultural committee had considered and approved of the bill, which is designed to give effect in this Province to the Dominion Dairy Industry Act.

Mr. Wright, chairman of the agricultural committee, said the bill was being put through on the understanding that similar legislation was being enacted in Nova Scotia, where much of our dairy products were shipped.

He moved an amendment that the Act "may" come into force by proclamation on the written request of four or more members of the Dairy Association.

The bill was agreed to as amended.

At 4.20 the House adjourned until 12.30 p.m. today.

Progress was reported, the committee asking leave to sit again.
