WISNER—MCQUAID — A very pretty wedding took place in Kelly's Cross Church, on Wednesday morning, June 22, 1932, when Miss Mary A. McQuaid, daughter of the late James E. McQuaid and Mrs. McQuaid, became the wife of Mr. Bennett Wisner, a prominent farmer of St. Peter's Harbor. The nuptial Mass was celebrated by Rev. J. C. Pire, P.P., who also performed the marriage ceremony. The bride, who looked winsome in a dress of beige tulle with hat and accessories to match, was attended as bridesmaid by Miss Mae Wisner, sister of the groom. Miss Wisner wore pink satin with hat and accessories to match. Mr. Arthur McQuaid, the bride's brother, did the honors as spokesman. During the Mass several appropriate hymns were sung by members of the Catholic Women's League. After Mass a sumptuous wedding breakfast was served at the home of the bride's mother, after which the bridal party motored to Borden and Charlottetown. A reception was held at their new home, St. Peter's Harbor, in the evening, at which over 200 guests sat down to supper. Many useful and beautiful wedding presents were received on the occasion of a prenuptial shower, testifying to the popularity of the newly wedded couple. The Guardian adds its congratulations.

another special train will carry the remaining delegates who wish to make the trip, and their assistants, to the scene of the opening. On the train which left shortly before midnight, Hon. H. E. Stevens, Minister of Trade and Commerce for Canada, and head of the financial and currency committee of the Imperial Conference, was designated as government representative. Another member of the Dominion Government was Hon. T. P. Murphy, Minister of the Interior. Both Mr. Stevens and Mrs. Murphy were accompanied by their wives. From the South African delegation Hon. N. C. Havenga, leader, and Hon. A. P. J. Fourie, were on board. Hon. H. W. Moffat, Premier of Southern Rhodesia, and Hon. F. D. L. Fynn, represented the Rhodesian delegation. From India, Hajj Abdoola Baroon, R. K. S. Chetty, and Sir I. P. Ginnwald, made the trip. Hon. L. E. Emerson, Minister of Justice for Newfoundland, represented that Dominion. Official delegations from Australia and New Zealand, as well as United Kingdom were included. The preliminary official list, however, did not comprise any members of the United Kingdom delegation, although it included a large number of advisers and officials. As outlined, the opening of this \$130,000,000 waterway will be simple. Speeches by Prime Minister R. B. Bennett, Hon. B. J. Manion, Minister of Railways and Canals, and probably other prominent members of the overseas delegations will precede the operation of a lever by His Excellency the Governor-General. The moving of this lever will open east lock no. 6. To the strains of "O Canada" the steamship "Lemoyne" the world's largest grain carrier, will cast off its moorings from lock no. 7 and move downstream to east lock no. 6. The canal will then be officially opened.

DOM. TRADE

(Continued from Page 1)

In the last fiscal year Canada's total importation of cotton was \$23,942,066 of which \$14,706,363 came from the United States. Of this total however \$7,802,044 was for raw cotton, almost all of which came from the United States and \$6,885,128 was for only slightly processed cotton. Accordingly only about nine million dollars worth of manufactured cotton came to Canada in addition to that imported from the United Kingdom. Of this total, which is of course much below a normal year, it is proposed to shift some to Great Britain by improved preferences although it will not be a very great amount and would be largely in the very fine weaves.

British Opportunities

Great opportunities however are foreseen in the iron and steel business and in the chemical trade to help the Motherland. Last year Canada only imported \$98,811,706 of iron and steel products but that was a year of hard times and importations were very low. Canada has brought in as high \$246,615,810 worth of iron and its products in one year, almost all of which in the past came from the United States.

The Dominion is said a very heavy importer of chemicals; including those used for dyeing, for the manufacture of explosives for fertilizer, for the making of paint as well as drugs, medicines and soaps. The textiles industry, the leather industry and the newsprint industry are all heavy importers of chemicals. Canada's total importations last year were \$30,731,346 of which \$20,359,822 came from the United States and \$4,066,896 from the United Kingdom. The year before Canada imported \$35,899,772 and for the year ending March 31, 1930 the total was \$39,907,503 with the bulk of each year coming from the United States.

Other Preferences

Miscellaneous manufactured goods would also be given substantial preferences. It is hoped to increase the importations of anthracite coal although it already comes in free from Wales.

The imports of copper and brass products from the United Kingdom would also be increased by the tariff changes proposed. In this class also including some zinc and tin articles, the total imported by Canada last fiscal year was \$34,301,105 of which \$4,284,756 came from the United Kingdom and \$27,026,602 from the United States.

MALES DOMINATE

OTTAWA, Aug. 4.—Canada has 372,296 more males than females in its population according to returns from the last census made public today by the Dominion Bureau of Statistics. The total males were 5,374,541, and females 5,002,245. Figures for the Maritimes are: Province Males Females P. E. Island 45,392 42,646 Nova Scotia 263,104 249,742 New Brunswick 208,920 159,599

Church Affiliations Shown By Latest Census

OTTAWA, Aug. 4.—Of the total population of 10,376,786 enumerated in the last census of Canada, 4,099,546 were Roman Catholics. There were 2,016,897 persons belonging to the United Church, 1,635,321 Anglicans, 870,482 Presbyterians, 443,229 Baptists and 394,052 Lutherans. The figures were released today by the Dominion Bureau of Statistics.

Press Staff Correspondent

OTTAWA, Aug. 4.—British experts are examining Canada's offer of increased preferences, line by line, item by item. When the work of the British experts is complete and it will probably occupy the week-end—the British "cabinet" of seven will review it and decide their policy. Then will come any counter-proposals Great Britain has to make and the stage of actual bargaining. It is expected that on both sides some concessions will be made from the strict line of proposal and counter-proposal.

Submitted Offers

Canada, Australia, India and New Zealand have now submitted their offers to Great Britain. South Africa follows tomorrow. They follow much the same general line—an offer of wider preferences on British manufactures in return for greater preferences in the British market on Empire natural products.

Canada's offer of preferences for preferences was submitted to the British delegation today. Canada is prepared to add certain lines of British exports to her free list. On others, she is ready to widen the margin of preference—either by increasing the duty on foreign imports or by reducing the rate on British goods, as is considered best suited to the situation. The offer is understood to cover around 200 items in such classes as iron and steel, anthracite coal, some lines of textiles, brass products, chemicals, certain lines of leather goods, electrical supplies, automobiles.

The Mennonites

The Mennonites are distributed as follows: 30,299 in Manitoba, 31,319 in Saskatchewan, 17,574 in Ontario, and 8,282 in Alberta with a few in other provinces. More than half of the Salvation Army supporters are in Ontario, or 16,673 and 2,801 in British Columbia.

There are 17,517 Confucians in British Columbia, 6,953 Christian Scientists in Ontario and 5,409 in British Columbia, 4,190 Adventists in Alberta and 3,381 in Saskatchewan. Saskatchewan has 7,950 Doukhobors and British Columbia 6,033. Alberta is the chief province of the Mormons with 13,173 but there are 6,147 in Ontario. The Pagans are mostly in Ontario, Saskatchewan and the Northwest Territories.

Bank Statement

OTTAWA, Aug. 4.—(By The Canadian Press)—Increases in deposits in the central gold reserve, note circulation, dominion notes and call loans outside Canada are indicated in the Bank statement for the month of June as compared with May. The statement was issued late today by the department of finance. Decreases are shown in demand deposits, notice deposits, deposits outside Canada, call loans Canada, current coin and current loans.

Table with 2 columns: Item, United Kingdom. VETERANS

chairman. He also congratulated Dr. A. B. Martin, on his election to the presidency, and paid a tribute to Major N. W. Lowther and Major C. C. Thompson for their work in connection with pensions.

Major Roper then outlined the history of the Legion. In 1925 Earl Hay came over to Canada and out of a welter of veteran's organizations was formed the Canadian Legion, a member of the British Empire Service League. The speaker outlined the policies of the Canadian Legion, which is non-sectarian and non-political. It stands for loyalty and for ordered government. During these times of stress and strain, returned men have remained true to their discipline, without creating disorder, in contrast to the action of ex-servicemen in a country not far removed from Canada. The speaker next dealt with the objective of the Legion of benefiting the members who required assistance and of insisting on fair play. The growth of the Legion was phenomenal. At present it has 115,000 members, and 1,100 branches. The Legion stands for the unity of all His Majesty's forces, of all who enlisted to serve their country. It's membership is open to every man who went into the service of his country. In Canada are Imperial veterans and South African veterans who are members of the Legion. The organization also has a duty in remembrance of the fallen. As a result of a letter written by the speaker, the Government has signified its intention of having written a history of the war for Canadians. The Legion has had its part in establishing Remembrance Day in Canada. A great work of charity is also that of the organization. The importance of patriotism and of public service is always stressed, as well as the standing up for fair play. The members should be proud of their membership. The non-members should at once join the organization. The obligation of officers did not cease on their leaving the army. In civil life they should look into the welfare of those who served under them. The object of the Legion is to secure fair play and straight dealing in connection with its membership.

Extremists on both sides, the right and the left have participated in these outbreaks, which have mounted almost to civil war. A survey of disturbances since Franz Von Papen became Chancellor June 1 shows that 1,002 persons have been seriously injured, but figures are not available on thousands of others who suffered minor knife wounds and similar hurts not necessitating hospital treatment.

Received Half of Money

Thirdly, as regards the payment of the amount of the award, I find on the admission of Senator Logan that he received approximately one-half of the money and as there is no trustworthy evidence that it was not for his own benefit, I conclude that he received it for his own benefit, that being the natural presumption.

Police Search For Hatfield

Cabinet Council will consider what action should be taken in the circumstances. A diligent police search for Captain Hatfield, of whom the money was actually paid and who made sworn statements in this matter—has failed to locate his whereabouts.

Efforts To Lift Potato Embargo Strongly Opposed

OTTAWA, Aug. 4.—British farmers, who are strongly represented at the Imperial Economic Conference here by such persons as Hon. L. C. M. S. Amery, former Secretary of State for the Dominions, are resisting any effort to give easier access to Canadian potatoes in the British market. These British growers declare that they are in a better position to supply a good portion of the British demand and they do not want their market jeopardized.

"Chief Justice Harvey summarizes his findings as follows: 'First, as to the cause of the loss of the Gypsum Queen, the evidence established indubitably that she was not lost through the action of a German submarine, but that on the contrary the loss was due to ordinary marine peril and that in consequence there was no justification for any claim for compensation out of German reparation moneys.'

Logan Aware That Signature Was False

'Secondly, as regards the evidence adduced before the reparations commission it follows from the first finding that that which related to the cause of loss was false. Also the evidence proved to my satisfaction that the documentary evidence put in by Senator Logan to prove ownership of the Gypsum Queen, at the time of the loss, in Captain Hatfield in the form of a certificate purporting to be signed by J. S. Henderson was misleading and to that extent false, and that Senator Logan knew it to be such, and moreover that it was also false in that the signature was not that of J. S. Henderson, of which fact also Senator Logan was aware, though on this finding of forgery, as already explained there would be more room for doubt than there is in respect to the other findings were it not for the other findings.'

Regular Monthly Meeting B. I. S.

(Continued from Page 1)

The regular monthly meeting of the Benevolent Irish Society was held last evening with a record attendance, despite the wet weather. Bro. James H. McKearney ably presided. Following the reading and adoption of the minutes, the quarterly report of the chairman of the charitable committee, Bro. Sweeney was received. The report was of a favorable nature, although the amounts exceeded the previous years by a large sum. Many favorable comments were passed on the charitable work that is being carried on. A vote of thanks was tendered Brother Oatway for the capable manner that he has been handling the dances. The next report of committees was the chairman of the social evenings, Bro. J. M. Malone, whose undertaking has been an outstanding feature in the annuals of the society. After considerable discussion a motion was eventually carried that a prize be awarded to the couple selected by the judges as performing the most gracefully in the modern dancing next week. Before adjourning several new members were admitted to the society, and all expressed themselves as highly pleased and honored to belong to the ranks of the oldest society in Prince Edward Island. A list of applicants was voted to be admitted at the next regular monthly meeting on motion of adjournment the Irish salutation was rendered.
