SMITH-EXAMINATION POST HILL SCHOOL
—On the twenty-sixth June the semi-annual examination of Post Hill School was held a full attendance of the rate-payers of Post Hill School held present in honor of their teacher who is about to separate from them, in which their parents heartily joined, on the beautiful lawn in front of Post Hill Rectory so artistically laid out surrounded by flowers pavers and parents present. The pupils gave good and tangible evidence of much progress. The eloquence and learned remarks of the audience expressed their appreciation of the high standard of efficiency which the Post Hill School has attained to under the excellent management of Lee Carr, and all very much regret his leaving us.

PROMO—On Saturday, 29th inst., the of every description and kindly offered by the Rev. H. Harper. A very social time was spent over the nice cakes, strawberries and ice cream. A feeling and kind address, accompanied with purse was presented by the pupils to their teacher. A very affectionate reply was made by him to them which excited their emotional feelings, some of them a good deal.

ADDRESS:

DEAR TEACHER—In behalf of the pupils of Post Hill School we beg leave to express to you our heartfelt appreciation of the faithful manner in which you have discharged your duties as our teacher for the past two years.

Your kindness and care in the school room have won the hearts of all your pupils and it is with deep regret we learn that you are about to sever your connection with us.

Kindly accept this purse as a small token of gratitude for all your patience and love in dealing with us and doing all in your power to help us in our studies. We wish you success in all your undertakings for the future wherever your lot may be cast, and praying that God's blessing may ever rest upon you. We remain your affectionate pupils

REPLY.

My DEAR SCHOLARS.—I thank you very heartily in presenting me with this gift and kindly worded address. I do not think that I have at all merited them, but I know they are the sincere expressions of your feelings towards me as your teacher. It is with very deep sorrow that I sever my connection with you, for during my two years stay here by your diligence, obedience and kindness, I have learned to love you most sincerely and your sweet faces have made a bright and lasting impression upon my life that wherever my lot is cast I shall look back upon the happy days I spent with you in your school room and words will never fail to express my feelings towards you. Again I thank you for your valuable and highly appreciated gift for I know it bears the love and good wishes of every one of you.

Parents and rate-payers I thank you for the kindness and hospitality with which you have treated me during my stay here, were I to remain in the profession I would not wish a better place nor could I fall in with a kinder or more honorable people. Thanking you again for the many acts of kindness shown me I hope the harmony now existing among you will forever exist and that the fair name of Post Hill will ever flourish as it has in the past.

GREAT WEST LIFE COMPANY.

A meeting of interest to western people was held at the office of the Great West Life Assurance Company in this city yesterday. This western institution has since its inception, met with great success and now holds a leading place among the life insurance companies of Canada. It having been felt by its members that an increase in the amount of capital stock would facilitate the progress, the meeting decided to place the stock at \$1,000,000, instead of \$500,000. This important step was enthusiastically endorsed by the large representation of shareholders present, and it is confidently expected that the remarkable success that has attended the company's operations in the past will even be exceeded under the new conditions. That these expectations are justified was clearly demonstrated by the managing director, who gave some interesting particulars of the company's business for the present year, showing greater progress than has ever been made up to the same date in any previous year.—Montreal Star
