Why A Farm Needs A Milwaukee Air Power Water System

Combined in a few words the answer is: Because it is the best investment a farmer can make.

Time spent in carrying water, in pumping water and in taking the stock to the watering trough is time that can be used to better advantage at other work.

What about the children? Is there any reason why they should not have a home equipped with a bath room and inside toilet just like their city relations?

And to think what it means in case of fire to have a hose handy and eighty pounds water pressure to fight it with.

Call in the next time you are in town and look over our demonstration outfit.

PERISHED IN FOREST FIRE C. N. R. Train Ran into Sea Of Flames in British Columbia. Relief Train Rescued Many.

KAMLOOPS B. C. August 30.—(By the Canadian Press)—A relief train bringing injured and refugees from a great forest fire area along the North Thompson River has arrived here. The fire is supposed to have started on August 1st, from lightning and was fanned out into a great flame by a wind early this week.

First news of the seriousness of the fire came when an eastbound freight train on the Canadian National Railway ran into a sea of flames about ten miles from Avola Station. They rescued several men and a number of horses, and then beat a hasty retreat down the railway line. The train remained at Murphy's Siding until daylight, when the engine was sent forward again.

Dr. Curry of Kamloops and another man were found badly burned. Dr. Curry may not recover. Ten other persons had their lives only up to their necks and waiting until the flames and heat subsided. Relief Train Sent Out. Dr. M. G. Archibald and seven nurses were sent out on a relief train from Kamloops Wednesday morning. At the same time a special train was sent from Blue River Station to rescue the people of the north side of the fire. The body of one rancher, Frank Smith was discovered.

Several ranches in the path of the fire was completely wiped out. Fennell's sawmill was burned at Mile 34, where the loss, including lumber and poles, will be about \$100,000. A dozen horses owned by the Northern Construction Company were killed. So intense was the heat along the railroad that the rails were

here on this occasion to bid you good-bye. When a few days ago we learned that you had decided to take up work in another field we were pained because of the loss of your departure from this town, would entail on the community at large and particularly in the Summerside Council of the Knights of Columbus. Your department as a citizen was all that could be desired, earning you the respect of everybody with whom you came in contact. Your genial manner made you welcome to every circle, your qualities of heart made you beloved by all. Your standing as a railway official is due to your character of sobriety and impartial discharge of your duties, together with that of a successful and popular officer. That you have advanced to the responsible stages which you have already reached in the early years of manhood speak louder than words, your fitness for any position of trust, an unblemished name is one of the desirable recommendations which you have carefully safeguarded and which will stand you in good part in the public service.

In the organizing of our council in Summerside found in you an optimistic advisor and, to the enthusiasm of such members as you, is due the splendid success our Council has attained, not only in

the ordinary working of the Order, but particularly in the acquiring and equipment of our beautiful home of which the Knights of Prince County feel so justly proud. The parish of St. Paul's also with keenly feel the loss in your leaving this town. The splendid Christian example of your self and family is not too easily duplicated. Every good work undertaken found in Mrs. Flynn your daughter Agnes and yourself a splendid support, and the Parish of Souris will gain by the loss we sustained. We trust that you will find it convenient to visit our Council from time to time and to keep alive the friendship extending between our members and yourself.

We ask you as a parting souvenir the accompanying gift, which may recall, now and then, the many social evenings we spent together. Your brother Knights, Sgd. LEONARD M. MCNEILL, Grand Knight.
