Conditions Of Bible Study Contest

1. Persons may join the club at any time during the year, but must, of course answer the 52 questions to qualify for the prizes. It is however desirable that the questions be answered as the lessons are studied.

2. Each contestant, or his or her family, must be a subscriber to The Guardian, during the continuance of the contest, in order to qualify to membership in the International Newspaper Bible Study Club and the Local Club.

3. Each contestant in this Local Club, must answer each of the written questions, for 52 consecutive weeks, commencing for Sunday Aug 23rd, 1908, and the answers must all be in the possession of The Guardian within two weeks of the close of this period, which allows two weeks grace after the close of the contest.

4. Each question must be answered separately, and the paper written on one side only. No answer must exceed two hundred words in length and may be less. It will be a convenience if students will write their answers on letter paper, about 8½

5. Each answer must have the name and address of the writer at the bottom of the answer, so it can be identified, given a number registered and the the name cut off so the examiner may know it by number only.

6. Students should be careful to understand the question before answering. To do this, the lesson text must be read and especially the verse, or verses, upon which the question is based.

7. The answers from this Local Club must be delivered to this office, and they will be collected at the close of the contest, and forwarded to headquarters for independent examination by competent examiners. The prizes will then be awarded according to the highest number of marks, won by members of The International Newspaper Bible Study Club, and prizes which may be awarded to members of this Local Club will be given out from this office.

MY CHILD SUFFERED AWFULLY

Mrs. M. E. Brewster, Clifford, Ont., says: "My little girl who was born in 1903 had been subject to Bronchitis from the time she was twelve months old until two years ago when she began to take PSYCHINE. The little darling suffered awfully. Her breathing was so hoarse that you could hear it all the time and she scarcely got any rest at all. We did not dare to take her out much as the least wind or cold affected her and brought on a severe attack.

"We tried all sorts of medicines, but nothing did the child any good or proved the slightest safeguard against this dreaded complaint. One day a friend told us about PSYCHINE and the wonderful cures it had brought about, so we decided to try it. The sample bottle sufficed to show us that its merits had not been exaggerated, and that we had struck an A1 remedy. One would scarcely believe such a small quantity of medicine could effect so great a change. There was no difficulty in getting her to take it, as it is not at all unpleasant, and she obtained relief immediately."

"After giving her four bottles the child was completely cured and she has not had a touch of the old complaint since. This is two years ago. The cold weather has but little affect on her now, the tendency to Bronchitis seems to have been entirely eradicated, and she enjoys the best of health."

I always keep a bottle of PSYCHINE in the house, and find an occasional dose is a sure safeguard against colds. It also thoroughly builds up the system and it is certainly a grand tonic. I would advise all mothers to keep it by them. We are deeply grateful for what it has done for our little one."

It would be folly for us to add to Mrs. Brewster's splendid testimonial, but we would emphasize the following facts: I. PSYCHINE is pleasant to take. The children like it. II. PSYCHINE is a wonderful remedy. III. You may try it before you buy as Mrs. Brewster did, by sending Coupon to Dr. T. A. Slocum, Limited, Toronto. Do so to-day.

PSYCHINE is sold everywhere in bottles at 50c and $1.00, or from the Proprietors, DR. T. A. SLOCUM, Spadina Ave., TORONTO.

Only a Common Cold,

BUT IT BECOMES A SERIOUS MATTER IF NEGLECTED.

Pneumonia, Bronchitis, Asthma, Catarrh or Consumption is the result. Get rid of it at once by taking Dr. Wood's Norway Pine Syrup.

Obstinate coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Bronchitis it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep and often affecting a permanent cure.

Mrs. Henry Smallpiece, Brudenell, Ont., writes:—"I was always subject to a cough and could get nothing to relieve me until I saw an advertisement of Dr. Wood's Norway Pine Syrup and thought I would try a bottle, and when I had taken a few doses I found I was getting relief, and when I had finished it I was cured. I procured a bottle for my baby, who had a cough, and a few doses cured him. I would advise anyone having a cough, to give Dr. Wood's Norway Pine Syrup a trial and I am sure they will never be without it."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is "Dr. Wood's."

Vapo-Cresolene

Established 1879

Whooping Cough, Croup, Bronchitis Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

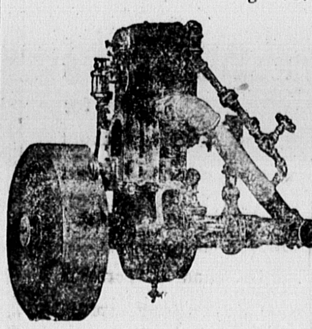
Marine Gasoline Engines.



For the past six years we have been endeavoring to get a thorough knowledge of the severe conditions under which a fisherman often finds himself placed on the exposed coast waters of the Maritime Provinces, to consider the requirements of their business, what style of engine will best meet all demands put upon it and still not take up too much room or interfere with the handling of sails, traps, etc., in boats. The engine which we are now offering is the result of these years of study and is for all practical purposes far ahead of anything yet sold in these Provinces. Our marine engines require little space, no delicate pieces to get in the way of swinging booms or sails; they are entirely free from mechanical complications that require mechanical training or special engineering skill to operate. Our chief aim has been to secure a durable and simple engine, one that would withstand the severest test of constant usage, and we believe that our efforts in this regard have been entirely successful, and we now have a perfect engine to offer to the fishermen of the Maritime Provinces.

We will be pleased to send catalogues and further particulars on request.
