Will Fight Order To Deport Couple From St. John

WINNIPEG, April 7.—On the grounds that they are "undesirable socialists," the immigration authorities have ordered the deportation of Mr. and Mrs. Joseph Mallard of Edmonton, according to information received by James Law, secretary of the Canadian workers' defence league. Mr. and Mrs. Mallard went to the old country in December. On March 31 a wire was received from Mr. Mallard to the effect that their right to land at St. John (N.B.) on their return had been challenged and they were being held pending investigation.

Counsel was engaged by the league and on Saturday last a wire was received to the effect that Mr. and Mrs. Mallard had been ordered deported. The case is being appealed by the league. Mr. and Mrs. Mallard, it is stated, have been residents of Canada ten or twelve years.

Ottawa Wants to Know Immigration here has very little information regarding the deportation from St. John (N.B.) of Mr. and Mrs. Joseph Mallard, Edmonton, who on their return to Canada from England were being held by the authorities as "undesirable socialists." It was announced at the department of immigration this afternoon that a request for complete information had been wired to the agent at St. John.

Price of Milk Drops to 6 Cents.

(Special to The Guardian) KINGSTON, April 8.—At a meeting of the Frontenac Milk Producers Association the price of milk was fixed at \$2.50 per one hundred pounds to be effective at a whole sale rate from April 1st, to October 1st. This works out at just a little over six cents per quart.

American Labor Would Refuse Coal To Great Britain

MONTREAL, April 8.—That the American Federation of Labor be urged to use its influence to induce the United States to refuse to mine coal for export to Great Britain, or for use by British ships during the British coal strike, was the object of a resolution introduced at the meeting of the Federation Trades and Labor Council here last evening. After a strong discussion an amendment to refer the matter to the executive for study and action was carried unanimously.

Mr. McLure Off on Annual Fur Trip

Mr. Chester McLure leaves this morning for Montreal, Toronto, New York and St. Louis on an annual fur trip. He is taking with him possibly one of the finest collections of silver fox furs that has been shipped this season from Prince Edward Island. These extra choice skins were shown to a Guardian representative and a comparison was made with furs from different sections as Mr. McLure had in his collection furs from four different States in the United States; also Ontario, Western skins and some from Labrador. White, the outside skins were a fair sample of what is being produced in the fur trade of the province. In Prince Edward Island it was clearly in evidence that the fine bluish, black necked skins with silver markings, the product of Prince Edward Island fur farmers, are being produced in the fur trade of the province. Mr. McLure has no doubt but what, with this collection he would be able to meet ready demand for them even if present day trade conditions are not up to the standard. Mr. McLure will be absent some two weeks and should be able to give the fur farmers on his return a very thorough account of conditions as they exist in the fur trade world give him the advantage of forming a fairly correct opinion of what the future holds in store for fur farmers.

P. E. I. Better than This

WINNIPEG, April 7.—Western farmers will pay this year for farm labor from 25 to 50 per cent less than they paid last year, according to reports gathered here today. Prevailing rates are quoted as from \$40 to \$60 per month with board, and \$50 seems to be about the average wage offered for seeding labor. There appears to be a feeling among farmer employers that they cannot afford to pay more than these wages, up to harvest at least.

Bishops Plead for Peace in Ireland

LONDON, April 7.—Endorsing the Archbishop of Canterbury's recent protest in the House of Lords against reprisals in Ireland, nine bishops and heads of the principal non-conformist churches in Great Britain have sent a letter to the Prime Minister and Irish Secretary, pleading for peace in Ireland. "The present policy," says the letter, "exposes us to misunderstanding and hostile criticisms even of the friendliest of the world's nations."

ALL MINES OF THE ACADIA COAL CO. CLOSE DOWN TODAY

THORBURN, N. S., April 8.—All the mines of the Acadia Coal Company in Pictou County will be closed tomorrow and remain closed indefinitely, as the result of no orders, according to notices issued by the company today. Several hundred men will be thrown out of employment.

GREAT ENGLISH STRIKE IS STILL UNSETTLED

General Strike of Triple Alliance to Start Tuesday Unless Negotiations are Reopened. Miners' Representatives Refused to Attend Conference. Lloyd George Regards Situation as Serious. Disorders have Broken out.

(Special to The Guardian) LONDON, April 8.—The general strike of the Triple Alliance will start on Tuesday morning unless negotiations for settlement of the coal strike are reopened. It was announced by Union leaders today.

LONDON, April 8.—Leaders of the National Federation of Transport Workers and of the National Union of Railwaymen have voted to support the miners in the great coal strike. They decided this morning upon a strike by the two Unions, this brings the entire power of the Triple Alliance of Labor. This may precipitate the greatest industrial controversy in England for many years. Representatives of the mines this afternoon refused to accept Prime Minister Lloyd George's invitation to meet the owners of the mines on the conditions proposed which were that the return of pumpmen and engineers to the pits would be the first matter settled at a conference.

Miners Not All Agreed

LONDON, April 8.—Considerable opposition to the Triple Alliance strike amongst the rank and file of the railwaymen appeared today. The Liverpool Union telegraphed to J. H. Thomas, M. P., General Secretary of the Railwaymen's Union declaring the Liverpool men would not strike unless a ballot of men favored such action.

CLARA STEEVES MARRIED; CEREMONY AT PRISON

MONCTON, April 8.—If O. Galbreath, incarcerated in the county jail at Hopewell Cape, awaiting his trial on the charge of murdering his wife and five children at Pine Glen Parish of Coverdale, Albert County, in February, had temporarily been forgotten by the public, interest in the presence of the accused's only surviving daughter Clara Steeves, who was living in Moncton at the time of the tragic death of her mother and five brothers and sisters, was revived by the presence of her father in the jail at Hopewell Cape on March 25, to her cousin, Benjamin Steeves, of Elgin.

George C Rideout Is new Inspector

SYDNEY, April 8.—After the bitterest verbal battle in the history of the Sydney city council, George R. Rideout, Moncton, former chief and inspector of Dominion Police for Maritime Provinces, last night was appointed Nova Scotia Temperance Act Inspector at a salary of \$225 per month. The appointment was made as the result of a demand by the Social Service Council for to clean up the liquor situation here.

German Banks Loan Money

PARIS, April 8.—While Germany is refusing to pay the reparations German banks are meeting French firms with offers of capital. The latest to be received, says Le Matin, is from the Filmbank Aktien Gesellschaft, of Berlin, which was written the following letter to Monsieur Henri Soulat, manager of the Eclipse Film Co. "As a special cinema bank, our institution is devoted particularly to loans and other transactions in the cinematograph domain—the production and letting of films, the exploitation of theatres, etc. Thanks to the satisfactory condition of our exchequer, we can open immediate credits for discounting cheques, etc., and can undertake credit and similar financial operations. The influence of our bank is growing simultaneously with the extent of our operations and could at the appropriate moment be used to the advantage of the cinema industry as a whole."

Yesterday in The Legislature

APRIL 8th.

The House met at 11.30. PREMIER BELL tabled the answers to some questions asked by Mr. Kennedy regarding the sale of liquor under the Prohibition Commission. These answers show that five liquor vendors are being employed by the Government throughout the Province. The salaries paid to each are as follows: R. F. Maddigan, Charlottetown, \$1,800; Alex. Campbell, Summerside, \$1,200; Jas. Murphy, Alberton, \$1,000; A. B. Smith, Montague, \$1,000; N. J. McLeod, (Wholesale) Charlottetown, \$1,800.

Total \$6,500. For the value of liquor on hand on January 1st, 1920, was \$23,300. During the year 1920 liquor sales throughout the Province amounted to \$175,777.81.

On motion of Mr. E. T. Higgs the House went into committee. With Mr. Butler in the chair, for a second reading of an act to amend the City of Charlottetown Incorporation Act. The amendment authorizes the issue of City water works debentures to the amount of \$5,000 and debentures for the expenditures of a further sum of \$50,000 for permanent works. The amendment also gives authority to the City Council to increase at any time hereafter the poll tax of \$2.00 to an amount not exceeding \$5.00, with power to repeal, alter or amend any such by-laws passed. This bill was agreed to with by deleting of one clause regarding the educational tax, and was ordered to be read a third time tomorrow.

In pursuance of notice Premier Bell seconded by Hon. Mr. Johnston a resolution that an act of the legislature be passed authorizing the Lieut. Governor in Council to sell or otherwise dispose of the Dalton Sanatorium, with due provision for the recompense as far as possible of Mr. Dalton of the money expended by him in regard to the Sanatorium.

PREMIER BELL believed that if Mr. Dalton would not receive the building back, or the money raised on the sale of it, that it might be applied to procuring trained nurses to treat tuberculosis cases throughout the island.

HON. A. E. ARSENAULT maintained that the Sanatorium was given as a gift to the province and vested in a board of Commissioners. In whose hands it still remains. The Government would not undertake to divest any private individual of property without his consent, and neither should they attempt to divest the board of commissioners of their rights in this matter. It is not a judicious movement to sell the property at the present time, when a claim of damages is pending at Ottawa. The delegates who were sent to consult the Federal authorities in this matter were asked what price they would take to call things square, and the figure was raised as high as \$100,000. If the local Government sells, this property they will have no legal claim for damages, because the claim is based on the fact that the institution, as enlarged by the Dominion Government, necessitates additional expenditure for operation.

At 1 o'clock Mr. Arsenault moved the adjournment of the debate. The House adjourned until 3 p. m. Monday.

Was Taking No Chances

NEW YORK, April 7.—Eight children who were brought ashore in Alpine mountain-climber formation, each tied by a rope to the others, are on their way to the Great West today. The rope was attached to their mother, Mrs. Thora Jensen, as she came down the gangplank of the Scandinavian-American liner United States when it docked at Hoboken. The youngsters, the oldest 11 and the youngest 3, came from Denmark to rejoin their father, Axel, who has joined a thrifty colony of Danish farmers in Minnesota. Though all eight children occupied the same stateroom in the second cabin of the steamship, officers of the ship were unanimous in declaring it the most spick and span cabin on the big vessel. Captain L. Holst blushing admitted that when the United States docked he played "maid" to Theodora, the youngest of the eight. The rope by which the proud mother led her children was tied around her waist. First came little Theodora, and then the others, according to their ages.

GERMANY SHALL PAY HER DEBTS

An Impassioned Defence of the French Claims for German Reparations Made by Ex-Premier of France.

(Special to The Guardian)

NEW YORK, April 8.—An impassioned defence of the French claims for German reparations was made here today by Rene Viviani, former Premier of France, and now extraordinary envoy to the United States. In an address before a gathering of business men at the New York Chamber of Commerce, he declared: "Germany has contracted debts; she shall and will pay them." "Contrary to the general belief," he continued, "this problem interests not only France and Germany, but the whole world; because peace which is so desirable among men will only flourish anew when the economic balance, which brings forth moral balance, shall be re-established." He entered into detail recounting the devastation caused by the German armies, pointing out that as a result of the war approximately 2,500,000 acres of French soil must be rehabilitated. Speaking on Germany's claim that she is being taxed beyond capacity to pay, he said: "Some have said that the claim of France was exaggerated. It is a lie. The French experts have, since the treaty, lowered their claim and reduced their rights. France has abandoned more than one-third of what she had the right of asking for, and a very long delay is conceded to Germany."

\$21,000 Take in Diamond Robbery

NEWARK, April 8.—Three masked burglars held up Harry Heyman, member of the firm of Heyman Brothers, manufacturers and jewelers, in his place of business here last night and escaped with diamonds and jewelry valued at \$21,000.

Investigating the Big Mail Robbery

CHICAGO, April 8.—Special investigators sent from Washington in connection with the theft at Dearborn Street station of mail pouches containing cash and securities believed to total more than \$500,000 last night, are proceeding on the theory that the robbery had been carried out by a national gang of mail thieves who obtained advance information of money shipments from postal employees.

RAILROAD UNIONS TO ACCEPT HARDING PLAN

CHICAGO, April 8.—Five railroad mechanical unions with 500,000 members tonight submitted to President Harding's labor plan for ending industrial disputes, between the roads and their workers, proposing that the president call a conference of representatives of both sides, at which new rules governing working conditions would be worked out to take the place of the national agreements now in dispute before the railroad labor board. The proposal is that all wage disputes be held in abeyance, pending the conference, holding that the matter of wages could be quickly adjusted to the satisfaction of all as soon as the question of rules had been settled.

Renewed Prospects in Miners Crisis

LONDON, April 8.—Another day of tense alterations between hope and fear ended with one of the Prime Minister's characteristic eleventh hour interventions bringing renewed prospects that the grave industrial crisis can be averted. He announced to the House of Commons last night the willingness of the Government to participate in the conference and discuss the question of pumping before other matters are considered. Informal conferences continued throughout the evening. Moderates like Mr. Asquith, Lord Robert Cecil, Arthur Henderson, John Robert Clynes are working hard in an endeavor to induce the miners to relent on the question of pumping and it is supposed the whole question is turning on this slender hope.

British Empire Steel Merger is Ratified

HALIFAX, April 8.—The British Empire Steel Corporation merger was formally ratified today at meetings of the shareholders of the Dominion Steel Corporation and Nova Scotia Steel and Coal Company, two of the companies involved, held at Trenton and Sydney, respectively, according to word received at Halifax tonight.

Germany to Make Another Offer On Reparations

PARIS, April 8.—It was stated semi-officially here today that a fresh proposition of reparations was expected from Germany. Unconfirmed reports are in circulation that the Germans are making another effort to interest the United States in the question or negotiation between Karl Bergmann, under Secretary of the treasury and Roland Boyden, formerly U. S. unofficial representative with the Allies Reparations Commission.

Government Ships Under Discussion

OTTAWA, April 8.—The Canadian merchant ships were under severe fire in the House of Commons yesterday. It was charged by the Opposition, that the vessels, instead of showing operating profit last year, operated at a deficit. William Duff (Lunenburg) who led the Opposition attack, claimed the loss to the country in value of ships and operation was already \$58,609,962, in this he estimated a depreciation in value alone of \$1,897,450.

THE WEATHER TEMPERATURE TIDE, MOON, ETC

TORONTO, April 9.— Saturday showery. High tide this morning at 11.23 and tonight at midnight. Sun sets this evening at 6.40 and rises tomorrow morning at 5.25. First quarter moon Friday Feb 15th at 6.12 a. m.
