AT HOME — Mr. and Mrs. James McNally, Scotchfort, will be at home to their friends on the occasion of their Golden Wedding anniversary on Sunday, August 24, from 4 till 7 p. m. L524

FRACTURES HIP — Mrs. Stephen Ward, Hillsboro Street was the victim of a regrettable accident on Sunday afternoon when she slipped and fell causing a fracture of the hip. She is resting as comfortably as can be expected at the P. E. Hospital and her many friends wish her a speedy recovery.

JUVENILES IN CUSTODY — Three juveniles picked up by City Police last night will appear in Police Court this morning charged with theft. The theft occurred at 9.45 Mrs. Vic Saunders while proceeding home noticed three boys standing at the corner of Rochford and Kent Street. Suddenly one of them snatched the purse she was carrying and made off towards Government Pond. On being taken into custody all of the loot taken was found. One of the boys and the remainder near the scene of the theft.

Personals
Rev. John McCarthy of Halifax, N. S., and his parents Mr. and Mrs. D. J. McCarthy of Amherst, N. S., who have been visiting Mr. McCarthy's sister, Mrs. F. J. Casey and Mr. Casey, have returned home after an enjoyable visit.

Dr. Arthur Byrne of Morristown, New Jersey, accompanied by his sisters, Misses Ruth and Amy Byrne of Montreal motored to the city on Sunday on a week's holiday among their old friends.

Dr. and Mrs. Christopher and daughter Louise left by the early boat this morning on return to their home in Boston. They were well pleased with their stay here. The Doctor is as keen on horse racing as ever and took in all the races Old Home Week. He was accompanied by his nephew, Christopher Gallant, S. D. U. student who has gone for a short visit. All their friends hope to see them soon again.

MacEwen-Drake Nuptials

The marriage of Miss Alice Drake, daughter of Mr. and Mrs. Robert Charles Drake Sr., of Bellmore, Long Island, to Horace Frederick MacEwen, of New York, son of Mr. and Mrs. James Everett Ross MacEwen of Charlottetown, took place on August 16th in the First Baptist Church of Merrick, with the Rev. Milton E. Fish of the faculty at the National Bible Institute, New York, officiating.

The bride was given in marriage by her father. She was attended by her sisters, Mrs. Edward L. Kerber of Woodhaven, who was matron of honour, and Mrs. Frederick John Kiss of Brightwaters, who was bridesmaid. Arthur Bower of Wingham was best man for Mr. MacEwen and the ushers were Robert Charles Drake Jr., and Alfred D. Drake of Bellmore, Miss Drake's brother.

Ernest Fischer of Manhattan, a former classmate of the couple at the Juilliard School of Music played the wedding marches and accompanied Mrs. Louise Thomas, soprano soloist at the Calvary Protestant church of Baldwin. Mrs. Thomas sang "O Perfect Love" by Barnby and a wedding hymn, written by Mr. MacEwen, and dedicated to Miss Drake. A reception later took place at the home of Miss Drake's parents.

Miss Drake is a graduate of the Juilliard School of Music, and is well known in musical circles in Nassau county as a pianist and organist. For several years she was accompanist of the choral of the Long Island district, New York Congress of Parents and Teachers. She is now director of music at the First Baptist Church of Hempstead and has a private studio in Bellmore.

Mr. MacEwen received his Bachelor of Arts degree from Acadia University, Nova Scotia, Canada, and holds a post-graduate diploma from the Juilliard School of Music, New York, where he formerly served on the piano faculty. A concert pianist and organist, Mr. MacEwen is well known to Canadian radio audiences, having recently completed a series of recitals on the Canadian Broadcasting Corporation.

He recently gave a piano recital at Columbia University. Mr. MacEwen has served as organist at Christ Episcopal church, Manhattan, and the Episcopal Church of St. Mary the Virgin. At present he directs a Russian choir at the Baptist tabernacle, New York, and maintains private studios in Manhattan and Merrick.

NAVY HUMORIST M. P. A. P. Herbert, M. P., author of playright and wit, is a petty officer in the Royal Navy.

Enquiry here for Several hundred Tons Irish Moss

Enquiries for hundreds of tons of Irish Moss have been received in Prince Edward Island. A man from Chicago was in Summerside on Friday last and called on Mr. H. T. Holman who has been interested for some years in the development of the moss industry here. The Chicago man is representing the Kraft Cheese Co. and is enquiring about several hundred tons of Irish Moss.

Dr. Needler of the Biological Station at Bideford who is giving special assistance to the development of the industry here has enquiries for 300 tons of the Irish moss here.

Fishermen in Tignish, Malpeque and Mt. Stewart also have enquiries which they believe they can fill. It looks as if the work of several years by prominent local citizens is going to have effect now and that a new industry has very good prospects of developing.

The following by a writer from Ottawa, although practically the same appeared in this paper some time ago, will prove of interest from a national standpoint. A new industry with intriguing possibilities as a source of foreign exchange may emerge from shallowly bled Scotch moss.

Officials of the fisheries research board of Canada say discovery of abundant quantities of a small sea-weed known as Irish or Carrageen Moss on rocky ledges bottoms along Nova Scotia coast has spurred Canada's scientific interest in the plant's commercial potentialities.

Since the outbreak of war prices of bleached Irish Moss have skyrocketed from the pre-war range of seven or eight cents a pound for lower grades to about 25 cents a pound. Top quality moss which formerly brought 10 cents a pound now brings several times that figure.

Two Way Benefit
If a Canadian Irish Moss industry can be developed economically, officials said, it will benefit the Dominion in two ways by conserving money formerly spent to import the plant from Europe and by attracting United States dollars to Canada.

Raked by hand from small row boats or dories, Irish Moss when dried and bleached to its finished form has a wide variety of uses, particularly as a clarifying agent in the oil and beer industries.

It is used also to stabilize chocolate milk and prevent formation of crystals in ice cream and in water paints, hair fixatives, lotions, soaps, shoe stains and leather dressings. In the canning industry it is used to prevent soft fish breaking up under rough handling.

Possibility of developing the infant industry in Canada now is being explored by the research efforts stimulated by discovery in August 1940, of several hundred acres near Lismore, N. S., substantial quantities have also been found near Pictou, N. S., its near rustic, P. E. I., and inferior quality moss in Malpeque Bay, P. E. I.

Canadian Army Casualty list

OTTAWA, Aug. 19—(CP)—Death of 8 members of the Canadian (active) army overseas was reported late today in the 60th official casualty list issued by the army since the outbreak of war.

Hot Showers Restore Morale
Realizing that a luxurious hot shower is one of the finest of known morale-boosters, Britain's largest soap manufacturers are making sure that the bombed-out portions of Britain's population get their regular baths in spite of wrecked homes and damaged plumbing facilities. Several large mobile shower units visit the "blitzed" areas frequently, bringing with them the blessing of scalding hot water for showers, laundry and other home uses.

Recruits wanted To fill vacancies On Island units
Recruits are wanted to fill up Prince Edward Island Units such as No. 2 Medium Artillery Battery, 8th anti-aircraft, the Prince Edward Island Light Horse, Armourer Corps, and other equally attractive units. This is a grand chance for any young man to join up with the mechanized forces.

Labor Leader Predicts defeat Of Hitler
