

PREVENTION IS BEST CURE FOR INFLUENZA SAY PUBLIC AUTHORITIES

Every Possible Effort is Being Made in Affected Localities To Stop Further Spread of Disease.

OUNCE OF PREVENTION WORTH POUND OF CURE

Persons Who Catch Colds Easily and Who are in Run-down Condition in Greatest Danger.

Influenza continues to spread over many sections of the country. It has baffled the medical skill to an unusual extent, and although it has been held in check in most localities it has gotten beyond control in others.

The surest prevention is to build up the bodily powers of resistance, and to get the system into the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting influenza.

It has been observed that persons who are weak and run-down are more susceptible to the disease than persons who are in robust health, and if you are in a generally run-down condition and below normal weight this warning should be heeded promptly.

If you are in this condition nothing on earth will build you up and strengthen you like Tania, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to give you fighting strength to ward off disease germs.

Tania is sold in Charlottetown by Reddin Bros., in Montague by H. J. Mabon, in Upper Jersey by Frank L. Farris, in Georgetown by Seymour C. Knight, in Souris by Jas. G. Ferguson, in Kensington by Kier & McFadden, in New Glasgow by J. C. Stevenson, in Emerald Junction by P. F. Hughes and in Bradshaw by J. Gordon McRay & Co.

The reading in this room is certainly worthy of special mention and the progress is marked over the preceding year. The pupils in this Vice Principal's room were examined in the preceding branches and also in history and composition. The reading in this room also was excellent and in all subjects the pupils gave evidence of thorough teaching. In the principal's room the pupils were examined in English, Arithmetic, composition, Latin and French. A very interesting feature was a French conversation carried on between Father Campbell and the pupils who will take the entrance examinations.

which place the remains had been taken from the undertakers rooms before their removal to the Railway Station. This service was attended by many friends and relatives of the deceased and was conducted by Rev. Dr. Deckard of the first Baptist Church, Roxbury. At Sackville, N. B. Mr. Fred Ellis of Springfield, N. S., joined his brother in order to attend the funeral. They reached Port Hill on the evening of Saturday Jan 31st and were met by a number of friends. The funeral took place in the afternoon of Monday, Feb. 2 from the house of Mr. Archie Ellis where a short but impressive service was conducted by the Rev. Roland Davidson of Lot 14 Presbyterian Church, assisted by Rev. J. Bamford of St. James Episcopal Church. The Hymn's Jesus Lover of My Soul and Take Comfort Christians were sung while Rev. Mr. Davidson read a portion of scripture and Rev. Mr. Bamford gave an eloquent prayer. The funeral cortege which was large and representative testifying to the esteem in which the deceased was held then proceeded to the Presbyterian Church where another impressive service was held. Rev. Mr. Bamford read a portion of scripture and Rev. Mr. Davidson gave a short but fitting address from 2nd Corinthians chapter 1, verses 3-4. The pall bearers were Ernest Hilbridge, Reginald Birch, Sydney Birch and Edgar Yeo. A large number of beautiful wreaths which accompanied the remains home showed more eloquently than words the respect and love which Miss Ellis had won. Her winning and charming personality combined with a lovable disposition gained the affection of all with whom she came in contact and her early demise is deeply regretted by a large circle of friends. To her relatives especially to her mother who less than two years ago suffered a like bereavement the sympathy and condolence of the community, are extended. Besides her mother she leaves two sisters Ione and Addie in Boston and four brothers, Percy, Hugh and Archie at Port Hill and John F. in Springfield, N. S.

Get Back Your Grip On Health

Physician Gives Practical Advice on What to Do To Help Build Up Your Strength Power and Endurance—Explains

How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and Energy Into the Veins of the Weak, Nervous and Run-Down—

Thousands of men and women are impairing their constitutions by laying themselves open to illness and literally losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron.

To possess the power, energy and endurance that win the blood should be rich in strength-giving iron. For this purpose physicians are beginning to explain why they prescribe organic iron—Nuxated Iron—which by enriching the blood and creating thousands of new red blood cells often quickly transforms the flabby flesh-toned tissues and pallid cheeks of weak, anemic men and women into a glow of health.

It increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances. In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says: "Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive for supplying this deficiency and increasing the red blood corpuscles I know of nothing more effective than organic iron—Nuxated Iron. The fact that Nuxated Iron is sold in this city by Geo. E. Hughes, Apothecaries Hall; E. A. Foster, Montague.

last surviving member of the once large family of the late Neil Morrison who in the pioneer days of Belfast conducted a Mercantile Business at Pinette Bridge. The funeral service was conducted by the Rev. Mr. McKenzie and her remains were laid to rest beside her late husband in the Belfast Cemetery.

MRS. AMBROSE KELLY

The death took place at Shamrock on February 3rd, of Mrs. Ambrose Kelly, aged 47. The deceased lady was a daughter of the late Mr. and Mrs. Patrick Hughes, of Shamrock, and for the past thirteen years has been a helpless invalid, suffering from paralysis of the nerves. During this long period she was a most patient and cheerful sufferer and awaited the end with an exemplary Christian resignation, strengthened by the last Sacraments of the church administered by Rev. Father Smith. The funeral took place on Feb. 5th to Kinkora church, and was largely attended.

MRS. SARAH McDOUGALL.

There passed from this life Jan. 31, 1920, at the home of her son, John A. McDougall, Canoe Cove, Sarah McEachern, relict of the late Archibald McDougall, Arville Shore. She had been in delicate health for a number of years, but death came unexpected, having been bright and cheerful until the last. She was a devoted member of the Church of Scotland, and died in the full assurance of a better place above. There are left to mourn two sons: John A., at home, Donald E., of Boston, Mass., who arrived home to attend the funeral, and one grand-son, Archibald M. Campbell, of Truro, N.S., who also came to attend the funeral. Also the following brothers: Neil and James, of Rice Point; John, of Providence, R. I.; Donald, of Jersey City, N.J.; Ewen, of Brockton, Mass., also one sister, Mrs. John McQuarrie, of Charlottetown.
