Another of the crew of H.M.C.S. Niobe died yesterday in the person of John W. Shepherd, of the ship's police, who resided at No 8 Kaye Street. The hard coal famine, which has existed in the city for some time past, is gradually becoming a thing of the past. Busy Christmas shoppers will find the ad of Black and Co., in this issue teeming with suggestions for gifts that will please all. Their store will be open every evening until Christmas and everyone should try and do their shopping early as they have better selections. They are making a speciality of brass goods, also lamps, dimer and tea sets and for the children a line of toy tea sets, dolls from 5c to \$5.00, and splendid values are offered on the five, ten and fifteen cent tables. Many useful gifts will be suggested by a visit to the store and shoppers will be heartily welcomed.

After an illness of nearly three years, Philip Lahey, aged 45 years, passed away at his residence, Boggs Street, Dartmouth, Wednesday afternoon. The deceased was well known in Halifax having been for some time, Chief Engineer on one of the Black Diamond Line Steamers. Although ailing for some time deceased remained active until several months ago, when his condition became critical. Previous to this he was Chief Engineer on the S. S. Capouana. Last Thursday Mr. Lahey was out driving. He leaves a widow, three sons and one daughter. His wife was a Miss Mosher of Dartmouth.—Halifax Exc. (Mr. Lahey was well known here.)

Speaking at an athletic banquet in Halifax, J. C. Lithgow, well known here, honorary president of the W. A. A. C., and president of the Maritime Professional Hockey association, dealt with sport from the professional and amateur standpoints. He referred to the splendid record of the Wanderers club, congratulating the organization on its excellent amateur standing. Mr. Lithgow says that he believes in clean sport. It does not matter whether it is amateur or professional, it must be without blemish—that's the most essential thing. He severely criticized the amateur standing of many of the New Brunswick clubs, saying that it is much harder to keep them on the mark than the clubs in Nova Scotia and Prince Edward Island. Mr. Lithgow is of the opinion that the professional hockey league would be a success and that it will be conducted on the level. He said he is greatly interested in sport, and his main reason for accepting the presidency of the professional association, was because he would be in a position to do all in his power to see that the people got what they were paying for—clean, honest sport.
