

### How To Destroy The Dandruff Germ

By a Specialist.

That the dandruff germ is responsible for nearly all the disease to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you: 6 ounces Bay Rum, 32 ounces Lavona de Compose, one half drachm Menthol Crystals. Mix thoroughly and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add half a teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.

Caution: Do not apply where hair is not desired and be sure to avoid tonics containing poisonous wood alcohol.

#### THE FAITH THAT HOLDS.

The birds are glad, the brier rose  
fills  
The air with sweetness; all the hills  
Stretch green to June's unclouded  
sky;  
But still I wait with ear and eye  
For something gone which should  
be nigh.  
A loss in all familiar things,  
In flower that blooms, and birds that  
sing.  
And yet, dear heart! remembering  
these,  
Am I not richer than of old?  
Safe in thy immortality,  
What change can reach the wealth I  
hold!  
What chance can mar the pearl and  
gold  
Thy love hath left in trust with  
me?  
And while in life's late afternoon,  
Where cool and long the shadows

grow  
I walk to meet the night, that soon  
Shall shape and shadow overflow,  
I cannot feel that thou art far,  
Since near at need the angels are;  
And when the sunset gates unbar  
Shall I not see thee waiting stand,  
And, while against the evening  
star,  
The welcome of thy beckoning hand?  
Alas for him who never sees  
The stars shine through his cypress  
trees!  
Who, helpless, lays his dead away,  
Nor looks to see the breaking day  
Across the mournful marbles play!  
Who hath not learned in hours of  
faith  
The truth to flesh and sense un-  
known,  
That Life is ever Lord of Death,  
And Love can never lose its own!

—Whittier's "Snow-Bound."

#### IN MEMORIAM.

At Albany, September 17th, 1912,  
an old and respected resident passed  
away in the person of John Boulter  
in the 92 year of his age. He leaves  
to mourn a widow and four daugh-  
ters—Mrs. Rachel McWilliams, Sum-  
merside; Mrs. John Waugh, Wilmot;  
Mrs. Almira Foy, Tryon; Mrs. Mc-  
Donald, Dorchester, Mass; and three  
sons—William and Ross of Albany  
and Captain Freeman at home, be-  
sides a number of grand-children and  
great grand-children. The funeral ser-  
vice was conducted by Rev. Wm. Wm.  
Field in the Tryon Baptist Church.  
The pall-bearers were James Boulter,  
Nathaniel Boulter, John Boulter,  
Webster Boulter, McDonald Boulter,  
and Harris Boulter. Interment was  
made in Tryon Cemetery.

provincial geologist has prepared for  
the Ontario Government a special re-  
port upon the district of Patricia,  
Ontario's share from the partition of  
Keewatin. His report is based upon  
the information gathered during the  
past forty years by the geological sur-  
vey of Canada. These reports state  
that the geological conditions are fav-  
orable for the existence of gold, silver  
and iron deposits, petroleum, gypsum,  
gas and salt. Other portions should  
provide excellent agricultural areas.

#### WON'T RETIRE JUST YET.

OTTAWA, Oct. 1.—The report that  
Hon. Mr. Monk and Hon. Mr. Nantel  
have resigned from the government

#### TORONTO STUDENTS GO TO MCGILL.

MONTREAL, Oct. 1.—The notable  
feature in registering at McGill this  
year is the large number of Toronto  
University men transferring allegi-  
ance. Crickshanks, the football play-  
er, is formidable in the newcomers'  
ranks. With him are nine third and  
fourth year Meds. The only explana-  
tion is that they deem the course  
here more thorough. But everyone re-  
members the trouble in the Medical  
Faculty at Toronto last fall over the  
question of clinics, for which the  
students were to be charged extra, and  
how one class rose in a body and  
gave the McGill yell as protest.
