"The Steam Coal of Salesmanship"

Man, by taking thought, cannot add a cubit to his stature.

But he can by thought, and by concerted action on accurate conclusions, do much to add growth and give rejuvenation to his business, particularly in these times.

On the high seas of business, with a fair wind aft and the barometer steady, progression is an easy matter.

In heavy seas and against a headwind, the consumption of fuel must be greater.

Then he should pile on the Steam Coal of Salesmanship—Daily Newspaper Advertising.

Then is the time to crowd on steam—to use Daily Newspaper Advertising with the greatest degree of confidence.

The Daily Newspaper is the medium of the moment—the axis of opportunity; flexible powerful and instantaneous in its ability to create Sales.

Issued by Canadian Daily Newspapers Association, Head Office, Toronto.

Conserve if you will. Eliminate the tags of advertising—the barnacles that fasten themselves to your appropriation under the guise of publicity, but which are none other than philanthropy. Give more careful scrutiny to results and fire up in the Daily Newspapers.

The Daily Newspaper is the great natural and national advertising medium, and in proportion as you use it with skill and judgment, results will come.
