

Is This Your Case?

A good many people suffer with back-ache every morning. They think they have lain in a cramped position, or else have caught a little cold.

More than likely it's due to their kidneys—may not be serious at all, except as it tends to become chronic—then serious.

Nyal's Stone Root Compound benefits the kidneys, helps them cleanse the blood from poisonous uric acid and does away with that backache quickly—Nyal's kidney Pills are good too 25c box.

"SOME HAV' MEAT, AND CANNA EAT"

So Bobby Burns tersely describes the ribs, but still poor, dyspeptic. But their case is not now so desperate as when Burns wrote. For the man who has the food now can eat without suffering for it, if he just follows the meal with a Na-Dru-Co Dyspepsia Tablet.

These remarkable tablets banish the troubles of the chronic dyspeptic—the man who is bilious—the sufferer from heartburn, gas on the stomach or occasional indigestion. You can eat hearty meals of wholesome food—and digest them, too—if you take Na-Dru-Co Dyspepsia Tablets.

Compounded by expert chemists, after probably the best formula known to medical science, they are quick and certain in their action, giving prompt relief from all forms of stomach trouble, toning up and strengthening the digestive organs and bringing about permanent cures.

A man is no stronger than his stomach. Fit yourself for your best work by taking Na-Dru-Co Dyspepsia Tablets, sold by your druggist. National Drug and Chemical Co. of Canada, Limited, Montreal.

To the Electors of Ward One:

LADIES AND GENTLEMEN:—At the solicitation of a largely representative delegation of voters of the Ward, I have consented to their request and offer myself as a candidate for Councilman at the forthcoming civic election.

I am of the belief, with the great majority of the Ward that the Councilman-elect should be a resident of the Ward he represents and thereby in touch with the requirements, in as far as economy in the various civic departments, whilst not neglecting civic improvements, but am opposed to any innovation that will unnecessarily increase the taxes of citizens without first consulting my supporters.

I am in favor of cheaper water and more light along the approaches to the city which I claim has been neglected in the past, and that some of the taxes collected in the Ward be spent therein; also of better protection.

Ladies and gentlemen electors, I may say the time is too short to call on you all personally, so I take this means of soliciting your support, and means of doing me the honor of electing me to the Council, I will endeavor to serve the best interests of the Ward and City.

I remain, ladies and gentlemen, Yours truly,
P. A. SMITH.
Charlottetown, Jan. 26, 1914.

CENTRAL GUARDIAN

THE MAIL SPECIAL.—The mail special arrived in Charlottetown Monday at 12.30 o'clock, with mail, express and passengers from the Earl Grey at Georgetown.

NKW COMMITTEE ROOMS.—Mr. Alexander Horne, candidate for the Majority, has opened new committee rooms over Lonergan's restaurant on Queen street. \$175.

ANOTHER CANDIDATE.—In the person of Mr. P. A. Smith, of Prince Street, another candidate has entered the field for the civic elections. Mr. Smith has been asked and has consented to be nominated to represent Ward 1. In another part of the present issue he addresses a letter to the electors soliciting their support, and he expresses himself as being in favor of economy in the various civic improvements, but not at the sacrifice of efficiency and improvement. Any innovation that will unnecessarily increase the burden of the taxpayer he is opposed to. He stands also for cheaper water, more city lights and adequate fire protection.

ABLE PRESENTATION

Continued from page 2

before long there will not be a solitary representative from the province of Prince Edward Island to the Dominion House of Commons, if representation by population be then severely insisted upon. This would create a unique situation because, as far as I can see, it will nullify the contract of union between Prince Edward Island and the rest of the Dominion. Now, sir, this would be an intolerable situation. Taxation without representation is, under constitutional government, impossible, and into this condition Prince Edward Island is steadily drifting.

Imagine, if you can, Mr. Speaker, the lapsing or the rendering void of the terms of Confederation and this great Dominion. It would be but a beginning of a most dangerous course. It would establish a precedent not only with danger, danger not to the great nation of Canada, and danger to the British Empire of which we form so important a part. It is not the area; it is not the number of people; it is not the extent of the trade; it is, Mr. Speaker, the part we are of the nation, which is as important, small though we may be, as any of the greater provinces forming the Dominion of Canada. Is it the intention of the Government of the Dominion of Canada, is it the intention of the big brother across the Atlantic and the Pacific, to ignore the smaller brother and cast him adrift without a compass, without an anchor, like a derelict of the waves? Canada has already in other ways failed to fulfill its contract. Prior to Confederation, the island had a well established commerce with Great Britain and the West Indies, as well as other lands. The colonies now comprising Canada had only a very small proportion of its commerce. By entering the union, the direction and control of its commerce and industrial development were delivered over to Canada. The independent lines of trade which this Island had established were diverted to Canadian channels and continuous communication with the mainland followed as a consequence. Before Confederation this island was doubling its population every thirty years. Its revenues doubled every twelve years. If the non-fulfillment of the terms of Confederation regarding the maintenance of an efficient steam communication both summer and winter between the Island and the mainland.

I would like to draw the attention of the House to the report of the delegation from the Island to Ottawa for better terms in the year 1872. It would appear that their demand for six representatives was granted without any reference whatever to further reduction, and they fully believe that they were receiving six representatives as a minimum number.

I have endeavored to show to this House, one of the chief terms of Confederation, between the Island and Canada was the concession of six representatives. I have proved that prior to Confederation our population was steadily and rapidly increasing. I have shown that afterwards our trade and population steadily declined because the terms were not carried out in their entirety. I maintain that Canada is responsible for this condition of

Kidney Trouble
Is Hereditary?
BUT DODD'S KIDNEY PILLS ALWAYS CURE IT.

Dresden Man, Who Inherited Trouble, Finds Speedy Relief and Permanent Cure in Dodd's Kidney Pills.

DRESDEN, Ont., Jan. 26. (Special) Whether Kidney disease is hereditary or not is a matter of opinion. Mr. Samuel Burkett, a well known resident of this place, is convinced that he inherited his from his parents. He knows that Dodd's Kidney Pills cured it.

"I inherited my Kidney Disease from my parents," Mr. Burkett states. "I was treated by a doctor, and tried various medicines, but it was not till about eighteen months ago when I started to use Dodd's Kidney Pills that I got any permanent relief."

"Since then I have not felt any effect of my old trouble, and I feel that anybody troubled with Kidney Disease will be benefited by the use of Dodd's Kidney Pills if they follow directions closely."

"I hope that others may be helped by Dodd's Kidney Pills. I am well known here, and anybody who wishes more particulars of my cure can have them by writing me and enclosing stamps for reply."

Dodd's Kidney Pills never fail to cure any form of Kidney Disease.

REMARKABLE FIG URS

It will no doubt be interesting to many people to know that by actual computation the output of "SALADA" from the Montreal Branch alone, for the year 1913, was equivalent to 30,000 one-hundred pound Chests of Tea, which, if placed one on top of the other, would reach a distance of about 60,000 feet, or nearly 12 miles high. This may convey some slight idea of the enormous sale of the famous "Salada" Tea.

IF CONSTIPATED OR BILIOUS "CASCRETS"

FOR SICK HEADACHE, SOUR STOMACH, SLUGGISH LIVER AND BOWELS

Get a 10-cent box.
Take a Cascaret to-night to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—only merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food from the liver and carry off the constipated waste matter and poison from the intestines and bowels, and feel all worn out. Are you keeping your bowels clean with Cascarets—only merely forcing a passageway every few days with salts, cathartic pills or castor oil?

I do not ask for generous treatment from this House. I do not ask favours, at the hands of greater powers. I do not present the humiliating spectacle of Prince Edward Island crawling to the Parliament of the Dominion and begging for the restoration of its six representatives, no, Mr. Speaker; on the contrary, I stand upon the floor of this House in the interests of justice, on the firm foundations of right. I stand here as a representative of a people who ask for nothing but their rights, and their rights they must have, if the solidarity of Canada is to be maintained.

There are those who scoff and sneer and scorn to treat with others who may be smaller in circumference, smaller in trade and smaller in population; but let me tell those people that it is from the foundations of the walls and the roof that the fabric of a nation is constructed. Destroy one part part of these and the whole thing falls in ruin to the ground. The people of Prince Edward Island were not anxious to enter Confederation. I believe such has been in the order of things to the great advantage of this wide and glorious country; but I am also firmly convinced that this representation question, which some seem to think of so lightly, may yet prove that power within the nation which, working outward, will shake the very foundations of Canada, and set back our country for years to come.

There are many other phases of this question that I might present to the House; but I do not care to occupy your time further. It is mon-

THE BEST COUGH SYRUP IS EASILY MADE AT HOME

Costs Little and Acts Quickly. Money Refunded if It Fails.

This recipe makes 16 ounces of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix two cups of granulated sugar with one cup of warm water, and stir for two minutes. Put 2½ ounces of Pinex (fifty cents) your druggist's, or buy it and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in quinic acid and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use the Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist, or Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.
