

# What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from fine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds, as their price is within the reach of all. See box at druggists, or Peps Co., Toronto.

**INTERCESSORY SERVICE.**—War intercessions, St. Peter's Cathedral, at 5 p. m. today.

**SUPREME COURT.**—The Supreme Court opens in Georgetown this morning, Mr. Justice Hazard presiding. There are no criminal cases before the Court this term.

**ISLANDER ELECTED.**—Dr. McGrath, a native of Tignish Prince Edward Island was one of the successful Liberal candidates in Saturday's elections, in New Brunswick.

**CORRECTION.**—It was Mr. Daniel Redmond, of H. M. C. S.; Marguerite, who arrived home from Halifax, Saturday to spend a two-week's furlough, not Edward as appeared by mistake in the papers.

**Y. M. C. A. ANNUAL REPORT.**—The annual report of the Charlottetown Y. M. C. A. for 1916, just issued, shows that the year's work was most satisfactory, good progress having been made in every department notwithstanding the absence overseas of many active supporters and workers, including the General Secretary, Mr. H. C. Cross. Much work of a practical and helpful character was done on behalf of the young men in the City on military duty, a work which was fully appreciated by these, most of them boys away from home for the first time. During the past summer, in response to an appeal, \$2,351 was raised in a few weeks to assist in Maritime Military Work, about one half of the amount being raised in Charlottetown. Receipts from regular members, amounted to \$118.50, while the Ladies' Auxiliary contributed \$185.00 a fact which shows that even the exclusively masculine institutions must, to succeed, have the kindly assistance of the ladies. That the ladies of Charlottetown have done much to keep up this excellent institution has been demonstrated on many occasions, indeed it is doubtful that it could be maintained at all without their assistance. The report on the whole is a very creditable one and shows that the citizens are doing a good deal towards its support, a good deal that, possibly, might be better still and which it is hoped will be as the excellent work of the institution becomes more and more manifest.

**SAND THE FOOTPATHS.**—The sidewalks are at present positively dangerous, owing to the neglect of those who should have cleaned them off after the recent snow fall. The only remedy now is sand and it is hoped those whose duty it is to look after this will see to it early this morning, otherwise the city will in all probability be called upon for damages before the spring rains fulfill the by-laws.

**EARNSCLIFFE RED CROSS.**—At the meeting of this Society last Friday evening the office of President, vacated by the resignation of Mrs. R. B. Young, was filled by the appointment of Mrs. Isabella Doyle as presiding officer. Mrs. Doyle's executive ability and her popularity with all the members makes the choice an excellent one. At this meeting another large box of comforts for the soldiers was packed, to be sent to Pte Denis Praught for distribution. A large number of skeins of yarn was brought to the meeting and wound, which the members are now converting into socks for the soldiers.—Q.

**ICE RACES AT BONSHAW.**—The following horses have entered in the three minute class in the races arranged for Wednesday 28th inst on Bonshaw ice. Deceiver, owned by D. A. McPhail; Nellie, owned by Bonshaw General Store; Little Jim, owned by Alex McDougall; Jean P., owned by Everett Crosby; Argyle Girl owned by W. S. McPhail. Entries for the Free for All will be received up to 2 o'clock on day of race. If Wednesday prove stormy, race will take place on Saturday. Race will commence at 2.30 p. m. sharp.

**HEAVY SNOW STORM.**—The western part of the province was visited yesterday by what was probably the worst snow-storm of the winter. The train which left Tignish early in the morning only got as far as Bloomfield, being unable to proceed farther and put back. The cuttings were from four to six feet in depth and one six-foot cutting extended a distance of 250 yards. The storm raged all day. By the evening the track all over the line of the P. E. I. R. was pretty well covered. The storm made it very unpleasant in Charlottetown, but no great depth of snow fell up to 6 p. m.

**PRINCE EDWARD THEATRE.**—The week opened with a decidedly interesting instalment of the big feature "The Secret of the Submarine." This chapter concerns the finding of the book, containing the secret and is one of the most important and interesting of the whole story. "The strange case of Princess Khan" an oriental mystery drama in two acts, "The Trap" and "The Cub Reporters Assignment" were two interesting dramas, while "The Mysterious Beauty" and "Laughing Gas" were two rattling comedies which furnished abundance of fun.

**UNIQUE SOUVENIR.**—A unique souvenir of the early days of Charlottetown has recently been unearthed in the City Archives, Provincial Building, in the shape of the first plan of the City, together with Governor Fanning's warrant authorizing the layout and definition of the lots in the then infant City. The warrant is dated the 5th day of March in the year 1789. The plan and warrant bear a registration certificate, in "Book 3, Pages, 80 & 81, 82, 83, in the Registrar's Office of the Island of St. John, this 12th day of March, 1791" and signed Thomas DesBrisay, Registrar. The plan shows a very young City; the only streets named being those running north and south and the three streets Sydney, Dorchester and King below Queen Square. Queen Square is shown with a site for the Church on the West Side, a plan subsequently changed as the Church was built on the east side. On the east side the site of the "Court House and Jail" is mapped out. Throughout the City are numerous ponds which have long since dried up, also a number of roads crossing the squares which were by the charter laid off in building lots. The plan is very neatly made, evidently by an educated and careful surveyor, while the hand writing is typical of the old "Copper plate" style of penmanship. The plan is framed in Belgian Gray oak, while a copy of the

**GENERAL HUGHES ADDRESSES MEETING**

(Special to The Guardian.)  
 BELLEVILLE, Ont., Feb. 26—Speaking to a packed audience at a recruiting meeting for the 254th Battalion, in Belleville Theatre last night, Lieut. General Sir Sam Hughes vigorously denounced the sordid dollars and cents idea out abroad in Canada; that Canada could not send more men to the front because their labor was needed at home. "I could easily have raised another 400,000 or 500,000 men," he declared, "we should by this time have fully reached the half million mark, but I am sorry to say some of my friends, even in the Cabinet, listened to the specious cry that labor supply was being interfered with. As a result we are still short one hundred thousand of the number we should have under arms now."
