SERVICE
 This is particularly the age of service—proud service. It is the motto of people and of institutions imbued with the proper spirit. It is the essence of the Golden Rule.
 So I am proud to serve you to the best of my professional skill. I shall feel privileged to serve your optical needs. Service is at the base of my principles in business. I desire to associate my institution in your mind with Optical Service.
 It is with this idea in mind that I invite you to my store at any time and with any problem which comes within the scope of my professional capacity. If you require advice I am here to give it. If your glasses need adjusting permit me the privilege of doing you this courtesy without obligation.

Do You Know
 That we operate the only Lens Grinding Plant on P. E. Island?
 That we employ a skilled Surface Grinder, and are daily grinding from the rough glass—the most complicated kinds of lenses?
 Those are facts, which mean a good deal to the Glass wearing public, doing away with the annoying delays caused by sending away for special lenses.
 Send your glasses in by mail, you'll get them back promptly and in perfect condition.
 Call in and look over our plant.

BAY FORTUNE.—Mr. George McDonald, Sailors Hope sold two very fine beef cattle to Segworth Bros, Carigan last week.—Mr. Alex McDonald, Cape Stry shipped two fine cattle last week to Segworth Bros.—Miss Irene Dingwell of the Union Commercial College, Charlottetown spent the Easter holidays with her parents Mr. and Mrs. Wallace Dingwell.—Messrs Thomas Riley and Mr. Foster, representing the International Harvesting Co., passed through Fortune on Thursday.—Mr. Ernest Dingwell was in Souris Tuesday on a business trip.—Mr. Arthur McKenzie was in Souris last week with his motor boat Blue Jay. Messrs William McKinnon and Johnson Dingwell were passengers.

Mr. Reginald Dingwell has opened his lobster factory it is running at full blast. Fishing is very good. Mr. Dingwell is building a large fish stand in addition to his factory which will prove to be a great boom to the fishermen. He will have one of the best fishing stands in the Province. He is also building an up to date bungalow for his own convenience. The contractors are Messrs Wm. Murrow and Wesley Keefe, Little River. This place would make an ideal summer resort the only thing lacking now is the tourists mosquito and the horn fly to make a summer.—U.

IN MEMORIAM
 FRANCES MCGILVRAY.

On Sunday night, April 27th, the Angel of Death visited for the second time this year the home of Mr. Angus McGillvray, and carried off his eldest daughter Frances, at the early age of seven years. Death was caused by a fall on the ice last winter, which injured the base of the eye and brain. Deceased was a very amiable and loving child and much sympathy is felt for the bereaved parents.

MRS. BENJ. MCNEVIN

After a lingering illness followed by pneumonia, Mrs. Benj. McNevin passed away at Fredericton, P. E. I., April 11th 1919, leaving a husband and little boy and girl John and Jane to mourn the loss of a loving wife and mother. Mrs. McNevin, whose maiden name was Cassie McPhee, was born at Springfield, P. E. I., February 25th 1889. Her father and mother Mr. and Mrs. John McPhee still reside there. Four brothers and five sisters survive her, her death being the first break in the family of ten children. She was of a most cheerful and kind disposition, and her death at the early age of thirty is a source of deep regret to all who knew her. Funeral services were conducted by Rev. J.W. Hayter, minister of the New Glasgow Church of Christ, and her remains were laid to rest in the cemetery at Springton. (Patrist please copy.)

MRS. FLORA BEATON.

Mrs. Flora Beaton died at Clermont, April 17, after a brief illness. Mrs. Beaton was born at Vernon River in 1832, having at death reached her 87th year. Her former home was West Dundee, where she was greatly respected by all her neighbors and acquaintances. Two years ago she came to live with her niece, Miss E.H. Gillis, Clermont, where she resided until death. She was attended in her last illness by the pastor, Rev. Mgr. D. J. Gillis, who fortified her soul for life beyond the grave. Her funeral was held on Easter Sunday, to Indian River. She leaves to mourn one son, John A. Beaton, and seven step-children, who will revere her memory. Mrs. Beaton is one of the many that prove how consoling in the hour of death is the consciousness that the merits of goods worked manifested by sanctifying grace, assure the possessor of eternal salvation. R.L.P.

GETTING THEIR JOBS BACK.
 The Winnipeg Free Press, discussing the employment of returned men, says:
 One of the first essentials in reconstruction is to get every returned soldier into the ranks of the producer or into permanent profitable employment at the earliest possible moment. Every placement should be offered to the men not to put off the beginning which will have to be made sooner or later with regular civilian work.

Especially ought they to be encouraged to settle down again at the work to which they have been accustomed and in this direction the responsibility rests with the employers to see that every assistance is forthcoming. Reinstatement of enlisted men was generally implied, if not specifically promised at the time of their enlistment.

The willingness of employers to take back into their employment the men who left them, to go overseas is testified to by such announcements as that of the Employing Printers' and Bookbinders' Association which comprises some forty printing establishments in this city. The members of this Association have public pledged themselves to reinstate all enlisted employees capable of following their occupations and to give a full and fair trial to those who, having suffered some disability in the war, are doubtful of their capabilities. It

RHEUMATISM CAN BE CURED

The Trouble is Rooted in the Blood and Can Only be Cured Through the Blood.

In the days of our grandfather, rheumatism was thought to be the unfavorable penalty of middle life and old age. Almost every elderly person had rheumatism, as well as many young people. Medical science did not understand the trouble—did not know that it was rooted in the blood. It was through that rheumatism was the effect of exposure to cold and damp, and it was treated with liniments and hot applications which sometimes gave temporary relief, but did not cure the trouble. In those days there were thousands of rheumatic cripples. Now medical science understands that rheumatism is a disease of the blood and that with good, rich, blood any man or woman of any age can defy the trouble. Rheumatism can be cured by killing the poison in the blood which causes it. For this purpose the blood making, blood enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and it is the more general use of those pills that has robbed rheumatism of its terrors. In proof of Dr. Williams' Pink Pills to cure this trouble. Miss Jennie Stockdale, Hall's Bridge, Ont., says: "Two winters ago I was taken with a bad attack of rheumatism and was in bed for over two months, most of which time I could not sleep or enjoy rest day or night. The trouble also affected my nerves, which were very bad. I tried several remedies but did not get any help from them, and then, acting on the advice of a friend, I decided to try Dr. Williams' Pink Pills. I soon felt that the pills were helping me, and after taking eight boxes I am glad to say I was able to go about again as usual, and am now enjoying the best of health with plenty of good rich blood which makes me feel like an altogether different person. I earnestly advise those suffering from rheumatism, nervousness and kindred troubles not to delay using Dr. Williams' Pink Pills as like myself, I am sure they will find a cure through their use. You can get Dr. Williams' Pink Pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medical Co., Brockville, Ont.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmin (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

The social welfare of our Province and the Y. M. C. A.

THE WORK AND THE INFLUENCE OF THE "Y. M. C. A." in Prince Edward Island is not sectional—it is not local—it is Province wide.

NOT VERY LONG AGO A SECRETARY FOR PRINCE EDWARD ISLAND came to the Province. He has visited all points available since his coming—and he has carried to every part of our Province the "Y. M. C. A." idea.

AFTER ALL, NOW THAT THE WAR IS WON, THE GREAT PROBLEM seems to be, WHAT CAN WE DO FOR OUR BOYS? The boys of to-day—who will be leaders in our Province in a few years. The "Y. M. C. A." may well justify its existence on its contribution to boy life alone.

IT IS NOW PROPOSED TO EXTEND GREATLY THE "Y. M. C. A." sphere of influence and work. Not only will the country boy get into touch with the "Y. M. C. A." when he comes to town—The "Y. M. C. A." proposes to be of service to him at home.

ON ITS RECORD OF DUTY WELL DONE, IN PEACE AND IN WAR, with its programme of better, broader, "Y. M. C. A." work, the Young Men's Christian Association comes to you, offering you the Opportunity and Privilege of helping The "Y. M. C. A."

will be necessary for the former employees of these firms merely to make application for their old jobs in order to get them back or to find others more suitable to them. The example of the Printers' Association will doubtless be followed by all the other trades and professions.

SOLDIERS AS TEACHERS.
 In an editorial the Kingston Standard says:
 "The Hon. Dr. Cody, Minister of Education for Ontario, is working hard at a scheme to obtain soldiers as teachers, and this should be made known as extensively as possible."
 He considers that no one can touch patriotism or have such good influence upon children, as the returned soldier, particularly when children are such great hero worshippers as they undoubtedly are.
 But it will not only be patriotism which the returned soldiers will be able to teach so well; there will be all these other qualities which go to make up both the good soldier and the good citizen: discipline, courage, determination, consideration for others and such like.
 Further than that the soldiers' minds will have been broadened and deepened by their experiences and travels abroad, and this will have its effects upon the children's education.

Mr. Robinson's body was found in the ruins of the hotel immediately under the office, showing that he had almost got out to safety when he was overcome. Continuing the article says:
 "The tragic death of 'Jack' Robinson will be deeply regretted by all who knew him, and he was warmly liked by a legion of friends and acquaintances. He was the sort of man who would dare anything to save another's life, and lost his own in a brave effort to save another. Of a likeable personality and sterling character, 'Jack' Robinson was one of the finest type of men."

A DRINK THAT HAS NO KICK
 The value of milk and milk products as food is not always appreciated by the farmer's family. Milk is not only a drink to be taken to quench thirst, as water is taken, but it is a food. Cottage cheese is placed on the list of foods and is a good substitute for meat. Buttermilk contains all the food materials found in whole milk, except the butter fat. Every farmer should learn to drink buttermilk. One of the advantages of milk and buttermilk as drinks, is that they have food value and do not leave that "dark brown" taste that comes after some drinks. Buttermilk is a drink without a kick.

THE FLAG
 Canada! where is thy flag.
 Welding race and race together?
 Union Jack, that wondrous rag.
 Dear to those who've trod the heather,
 Dear to those who love the rose,
 Blending Irish cross and nation
 With the crosses of old foes
 In a just and fair relation,
 Bears no emblem of the men,
 First to cross the stormy ocean,
 Bringing faith and plough and pen,
 First to know with deep emotion,
 Canada! thy name, as home
 True, provincial arms commingle
 On thy flag o'er ships that roam;
 In their stead an emblem single,
 Maple leaf of golden hue,
 Would announce to all more proudly
 Whence thy ships their anchors drew;
 Would announce to all more loudly,
 Canada! thy nations life:
 And on land, when bells are ringing
 To acclaim the end of strife,
 When with joy each heart is singing;

A careful selection of every line of Jewelry marks our stock.
 We will be pleased to have you call.

A TRAGIC FATE
 In its account of the Sydney Hotel fire and the unfortunate death of John I. Robinson, the Grace Bay Gazette states that Mr. Robinson, accompanied by A. H. Harrison, went upstairs to warn guests when the fire was discovered. Mr. Harrison returned on account of the fire spreading so rapidly. Mr. Robinson kept on, but it was learned he got out later, bringing the hotel register and some other property. He was seen to re-enter the hotel to look for a porter and never came out. The porter, unknown to Mr. Robinson, had got out the back way.

Parkman's Eye Aid

Just how much is required must be accurately measured. Too little would only partly relieve the trouble. Too much would injure the eyes. We use the best modern optical appliances, absolutely correcting optical defects and guarantee satisfaction.

All kinds of eye glass repairing and matching lenses done with least possible delay.
 Un-excellent service
