VESUVIUS AGAIN ACTIVE.

LONDON, September 7.—A special despatch from Naples says that large volumes of flames were issuing from the crater of Mount Vesuvius Saturday evening.

What are Piles

Piles, or hemorrhoids, as they are sometimes called, are small tumors, which form in and about the orifice of the rectum. They are caused by an enlarged and inflamed condition of the veins, which are very numerous in this part of the body. As a rule every form of piles becomes at times acutely inflamed, and extremely painful. The itching and burning usually increases at night, and the misery which many people endure is beyond description.

There is no guesswork about Dr. Chase's Ointment, as a cure for piles. It has been tried in the crucible of time, and gradually won its way into favor with the medical profession, as well as with the public in general. It has a wonderful soothing and healing effect, and wherever applied to burning, itching, inflamed skin it affords almost instant relief, cooling the fires of disease and healing the raw ulcerous skin.

Ask your friends and neighbors about Dr. Chase's Ointment. It is recognized by a surprisingly large number of people as the only actual cure for piles. It will not fail you. Sixty cents a box at all dealers, or by mail post-paid on receipt of price, by Edmanson, Bates & Co., Toronto.

Dr. Chase's Ointment

"Now, I have an impression in my head," said the teacher. "Can any of you tell me what in impression is?"

"Yes'm, I can," replied a little fellow at the foot of the class. "An impression is a dent in a soft spot."

TO MAKE MONEY it is necessary to have a clear, bright brain, a cool head free from pain, and strong vigorous nerves. Milburn's Heart and Nerve Pills invigorate and brighten the brain, strengthen the nerves, and remove all heart, nerve and brain troubles.

A professor of one of the universities is famous for his absentmindedness. He recently went into a barber's shop to get his hair cut. Taking a seat in the chair, he remarked:

"Well," answered the physician, my observation is that it isn't likely to do children nearly as much harm as it does politicians."
