## DREYFUS AFFAIR AGAIN

Labori Makes Explanations of Great Interest—  
Revelations To Come.

PARIS, Dec. 6.—The recent revival of interest in the Dreyfus affair has created several incidents which do not affect the question of innocence of Dreyfus but throw interesting light on the subsequent relations of Dreyfus, Reinach, Labori, Picquart.

The Nationalist Echo De Paris published an interview with a friend of Reinach and of the Dreyfus family who said that Reinach withdrew the brief because his friends, Coraley, who represented his views, had been removed from the position of political leader writer on Labori's review. The informant of interviewer also asserted that Labori was furious because Dreyfus did not remain in prison and from there continue to prosecute the work of his rehabilitation.

Continuing the informant of the interviewer said Picquart was led astray by Labori in withdrawing his appeal to the council of state, and in refusing to re-enter the army even if the decision was in his favor. The newspaper's informant then added:

We don't comprehend Picquart's attitude, or his anti-semitism, which is notorious. Dreyfus, when he was released, wrote to him expressing warm thanks for his devotion and asked for an interview to enable him to express his thanks personally. Picquart sent a cool reply saying that he would let him know when he could receive him and Dreyfus has heard nothing from him since.

They statements caused interviewers to flock to the residences of Labori and Reinach to seek further statements on the subject, but they both refused to discuss it. Reinach alone remarking that for his part the Dreyfus affair was closed.

Labori, today, breaks silence in an article published by the Journal, the first of a series which he announces, entitled, My Explanations. What he says today is not of the first importance, but is evidently a prelude to interesting revelations regarding his relations with Dreyfus and Reinach. He says that he ceased to be counsel for Dreyfus a year ago, at the request of the Dreyfus family, and that in view of divergence of opinion as to the conduct of the Dreyfus trial and the subsequent amnesty question, he asked Reinach, in Oct. 1899, to relinquish his briefs in the Henry and other cases, but Reinach appealed to his devotion, pointing out the grave effects of a public separation between them. Labori says that what ever Reinach's real motives were he was obliged to accept this explanation.

Labori concludes with saying that he has endured the calumny of his adversaries for years past, but to allow himself to be calumniated by clients or friends of clients, as in the Echo De Paris article, which he knows came through an authorized informant is too much to expect from his abnegation. He will rely thereto in the next article.

In a foot-note Labori alludes to the Libre Parole in a view. He does not deny the assertions made, but says he will explain the matter later.

Another interesting incident has arisen in the placing on the retired list of Major Carrière who was prosecutor at the Rennes, court martial. In an interview with the major just published he was asked whether he desired the post of magistrate and he replied: "What could I get from the minister of justice? Those people hate me."

### SUCH A CHANGE.

Not only in feelings but in looks. The skin is clear, the eyes are bright, the cheeks are plump. No more pain and misery, no more sick headache, no more jaundice. What worked the change? Dr. Pierce's Golden Medical Discovery, which cured the disease of the stomach that prevented proper nutrition, and also cleansed the clogged and sluggish liver.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of lungs, heart, liver, and other organs which seem remote from the stomach because many of these diseases have their cause in a diseased condition of the stomach involving the allied organs of digestion and nutrition.

"I read you a letter about a year ago," writes Mrs. J. Ellis Hamilton, of Farmington, Marion Co., West Va. "I stated my case as plainly as I could, and received a letter from you in a few days telling me to use Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription'—a bottle of each. I used three of each, and feel like a new woman. Don't suffer any pain or misery any more. Before using your medicines I suffered all the time had jaundice, caused from food not digesting properly. I would have sick headache three and four times in a week. Could not do the work myself. I commenced using your medicines as recommended for liver complaint, and think I am cured now. I asked our doctor if he couldn't cure me, and he said he could give me medicine to help me but the trouble might return any time. I doctored three years without any relief. Haven't had sick headache since I took the first bottle of your medicine."
