Jap Students Demonstrate In Tokyo

(By Glen Babb, Associated Press Staff Correspondent)

TOKYO, Feb. 10. (A.P.)—The first public demonstration of any moment against Japan's course in Shanghai and Manchuria took place today at the Imperial University.

Another Step

LONDON, Feb. 9.—(Canadian and Associated Press Cables)—The National Government last night advanced another step in its move to inaugurate a general ten per cent tariff on goods imported to Great Britain when the House of Commons, by a vote of 452 to 76, gave its support to financial resolutions to bring the "trade bill" before Parliament.

By a vote of 430 to 73 the House then proceeded to adopt another resolution empowering the Government to appoint a special tariff commission to consider imposition of additional duties to the proposed general ten per cent levy.

Railway Officials Inspect Car Ferry

MONCTON, Feb. 10.—A party of officials of the Canadian National Railways from the general offices of the system in Montreal, joined by several regional officers here, left on the morning train yesterday for Cape Tormentine, to inspect the car ferry Charlotetown. Accompanying them were representatives from the Davie Shipbuilding Company, Ltd., of Lausanne, Quebec, builders of the steamer, and also representatives of Lambert and German, the firm of naval architects which designed the vessel.

Among the party were: H. T. Hazen, of Montreal, assistant chief engineer for the Canadian National system, W. U. Appleton, regional general manager and A. F. Stewart, chief engineer for the Atlantic Region.

Bill To Amend Delinquents Act

OTTAWA, Ont., Feb. 10.—(By the Ottawa Press)—A bill to amend the Juvenile Delinquents Act, in line with representations received from the Province of Manitoba endorsed by six other Provinces, was given first reading in the House of Commons today.

Hon. Hugh Guthrie, Minister of Justice, explained that the amendment arose from the fact that the Act as it now stands provides that it is an offence for anyone to contribute, promote or procure a child to become a delinquent. It had been held by magistrates in certain courts, however, that while a man might do all in his power to procure a youth to become a delinquent, if that youth did not actually become a delinquent, the man was not punishable.

It was proposed to insert a clause providing that it shall not be a valid defence to a prosecution that, notwithstanding the conduct of the accused, the child did not in fact become a delinquent.

The amendment, Mr. Guthrie said, was endorsed by nearly all the Children's Aid Societies.

Committee Of Privy Council Give Judgment

DECISION OF UTMOST IMPORTANCE FILED IN DISMISSING APPEAL OF QUEBEC AND ONTARIO

LONDON, Feb. 9.—Their Lordships of the Judicial Committee of the Privy Council "have no hesitation" in upholding the majority decision of the Supreme Court of Canada—that control and regulation of radio communication is within the jurisdiction of the Dominion Parliament and not within the Provincial jurisdiction.

The Privy Council dismissed the appeal of the Attorney-General of Quebec against the Supreme Court's judgment. The Province of Ontario was associated in the appeal.

Their Lordships also held that a distinction between transmitting and receiving instruments cannot be made.

The highest tribunal thus finally settled one of the most important conflicts between Provincial and Dominion jurisdictions that has arisen within recent years. The judgment is of the utmost importance not merely because of the actual questions involved but because it will be the deciding ruling in future developments in the air, such as the wireless transmission of electrical power.

It logically follows the privy council's recent decision that control of aeronautics rested with the Dominion authority and not with the provinces.

Opposed To Salary Cut

(Canadian Press)

VANCOUVER, B. C., Feb. 10.—Amalgamated Civil Servants' Association of Canada has asked Premier R. B. Bennett to withhold action on the proposed 10 per cent reduction of salaries until representations from members of the service are heard, according to Howard Baker of Vancouver, National President of that organization. A joint meeting of the executives of the Vancouver and New Westminster branches of the organization approved the course adopted by the national organization.

"While I cannot say what the attitude of the organization to the reductions will be," Mr. Baker stated, "I can say that we are opposed to cuts in salaries below \$1,200 annually as we have always stood for a minimum wage of this amount."

Police Necessary To Quell Unemployed

BRIISTOL, England, Feb. 10.—(A.P.)—Police with drawn batons subdued 2,000 unemployed demonstrators today, resulting in injuries to seven persons.

A mounted policeman was thrown from his horse and trampled on to such an extent that one arm was broken and he was injured about the chest. Two other police and four demonstrators were cut about the head and two of the latter were arrested.

The fight started when police attempted to prevent the crowd from marching through the principal streets to the Council House where they intended to protest against a reduction in relief benefits. Stones, sticks and banner poles were among the weapons used.

Sandalwood once abundant in the Hawaiian Islands, has been almost entirely cut away.

CARD OF THANKS

To the Electors of Ward Three: Ladies and gentlemen, I wish to thank all my supporters for electing me to the City Council by the largest majority recorded for years in this Ward. I have nothing but words of praise for my opponent, Mr. VanDerstine who ran a close election. I hope to merit at the Council Board the confidence you have placed in me.

Yours respectfully, FRED H. TRAINOR

Enters On His 100th Year In Excellent Health

MONCTON, Feb. 10.—Rev. William Ryan, of Auburn, retired minister of the United Church of Canada, who was born in Moncton, celebrated the 99th anniversary of his birth recently. Mr. Ryan, now residing in Aylesford, N. S., has entered on his hundredth year in good health physically and as keen mentally as he ever was.

His father was Matthew Ryan, a native of Ireland, a soldier who fought and was wounded in the battle of Waterloo, given an honorable discharge and came to Canada, married, and settled in Moncton. He died when within a month of being one hundred years old.

William Ryan was born in Moncton January 21, 1833. He joined the Methodist Church in River Philip when a young man.

effects of the bill, beyond that they would include wheat in grain, meat including bacon, raw wool and cotton, tea and coffee—items already mentioned by Mr. Chamberlain.

In the House of Lords, Viscount Snowden of Ickonshaw made his first speech as a Peer, telling why he thought a general ten per cent tariff would be "disastrous to the economic and industrial life and to the prosperity of the country."

Viscount Snowden told the Lords why he remained a member of the Cabinet as Lord Privy Seal, despite his disagreement with the protectionist measures put forward by the Government.

Referring scornfully to assertions that such an arrangement violated all precedent, he said that "if mankind always had remained the slave of precedent we should still be living in caves eating shell fish."

JAPAN

London naval agreement by the inclusion of France and Italy and promised his country's support to ward that end. He stated Italy willingness to abolish capital ship submarines and bombing planes, and demanded that the former allies disarm in the same measure as Germany has been forced to do.

Arms Disarmament

The conference also heard Foreign Minister August Zaleski, of Poland, who presented a plan for "moral disarmament." The Polish spokesman endorsed the French proposal that all the nations contribute to an effective international police force to be controlled by the League of Nations, and remarked that Ambassador Hugh Gibson, of the United States, forcibly reminded us yesterday the best guarantee of security consists in our neighbors' good will.

Ambassador Matsudaira, heavy set and unemotional, urged a further reduction in capital ships and the abolition of bombing planes, but he argued for the retention of submarines. Japan, he said, sent representatives to the Conference "with a view to co-operating with all the powers to arrive at an arrangement through which armaments could effectively be limited or reduced." He proposed a reduction in the assigned tonnage of aeroplane carriers since their functions would be of the most aggressive nature and their construction would involve tremendous cost.

And declared that his government was prepared to consider the possibility of abolishing such carriers and prohibiting the equipment of war vessels with aeroplane landing decks.

Other Speakers

Mr. R. L. Day, elected in Ward 4, said he was pleased that religion had not entered into the election. He promised to do his best for the City and thanked the electors for their support.

Coun. B. R. Holman, who led Ward 4 in yesterday's contest, thanked the electors for their splendid support. The confidence expressed in his re-election would urge him to do his utmost for Ward 4 and the city generally. He congratulated Judge Stewart and Councillors and promised to endeavor to co-operate in every way beneficial to the interests of the city.

Coun. M. W. Reardon, re-elected in Ward 2 by acclamation, remarked his election by acclamation showed the voters were satisfied. He promised to continue to do his best and extended congratulations to yesterday's victors.

Mr. Frank Currie, defeated candidate in Ward 4 congratulated Judge Stewart on his election. He commended Mayor Prowse for his services and closed by thanking his supporters.

Mr. John Doyle, defeated candidate in Ward 1, also congratulated the elected candidates including his opponent, Mr. Hennessy and thanked his supporters.

Ex-Coun. A. A. Hennessy, elected in Ward 1, thanked the electors and assured them of his desire to do everything possible for them.

Mr. Fred Trainor also expressed warm thanks to the electors of Ward 3 and promised to do his utmost in their interest.

Mr. E. A. Foster, defeated Mayorality candidate, expressed his congratulations to Judge Stewart and to the other successful candidates. He thanked those who supported him during the past 8 years and during the present election.

He remarked that the incoming Mayor might cut the taxes but it would not be in the interest of the City if he did so.

He challenged anyone to find a single point of criticism in the City Finances or work of the Council. He believed that conditions over which he had no control were responsible for the defeat of Dr. Blanchard and himself.

Mr. Foster did not believe the new Mayor could make any better showing than previous Mayors had done.

Mr. Samuel Kennedy, re-elected in Ward 5, thanked the electors of his ward. He regretted the defeat of the old Councillors but congratulated the winners, and assured them of his desire to co-operate in every way in the interests of the city.

Mr. W. E. Burke, also re-elected in Ward 5, was sorry to lose Councillors Foster and Blanchard. He believed no better worker had ever been elected than Mr. Foster. In closing he thanked the electors for their support.

Mr. H. A. McDougal retiring councillor for Ward 3 believed they had elected a good representative

JAPANESE

(Cont. nua from Page 1)

while word came from Canton that extensive preparations were going on to back up the 19th route army, which has borne the brunt of the fighting thus far. These Canton advances said guns and ammunition had been shipped and that General Chen-Chi-Tang, commander-in-chief of the first army, had promised additional financial support.

Chambers of Commerce throughout the country rallied to the Government's support after word was received from Tokyo that the Japanese Government had appropriated 40,000,000 yen (about \$14,500,000) for the war.

Interpreting this action as an indication of a prolonged struggle, the Shanghai Chamber of Commerce circularized similar organizations throughout the nation by telegraph, asking for funds.

Japs Surprised

A private message received from Japan said the stubborn resistance put up by the Chinese at Chapel and Woosung had come as a complete surprise to the Japanese, as naval officers had had fullest confidence that the force of several thousand bluejackets, aided by guns of the warships and aeroplane bombers, would break the Chinese morale and finish the job assigned to them in short order.

Thousands Wounded

Although the Shanghai International settlement was convinced that the next big action would come at Woosung, there was considerable apprehension, and new sandbag barricades and barbed wire entanglements were erected by foreign troops. All day Wednesday wounded poured in from the battle area to the Chinese Red Cross hospitals in Shanghai, where more than 1,000 persons, half of them civilians, were suffering from war wounds. Staff doctors were worn out from incessant work.

The French cruiser Waldeck-Rousseau brought in a battalion of French colonial infantry from Haiphong, French Indo-China. This battalion will reinforce the French troops already on duty within the French concession.

Until 1780 naval guns were fired by means of a priming and a piece of match rope.

The first patent issued in the United States was for a process of making pearl ashes.

When a petition in this connection had been presented. At that time, however, he, along with the City Council, did not see the need of calling such a meeting. He felt the Council had done well and that intelligent citizens would be fully informed of civic affairs by reading the reports presented at the annual meeting. In the meantime, there was propaganda on foot for a meeting in the Labor Union Hall. That meeting took place and the Mayor and Councillors were glad to be present. "The hearing was received," His Worship said, "was a credit to the people of Charlotetown and to the Labor Union. They gave us every attention and they were courteous to the extent that we were almost embarrassed. We all had our opportunity to speak, and were given more time if we wanted it. We all took advantage of it to present the affairs of the city as best we knew how."

Mayor Prowse concluded by congratulating Couns. Holman, Reardon, Kennedy and Burke on their re-election, also Ex-Coun. Hennessy and the new members, Messrs. Trainor, Doull and Day. He was retiring from office with no ill feeling against any one. "I am leaving the chair," he added, "with the highest regard for the members of the Council and for the citizens of Charlotetown for all the kindness they have shown me. I want also to thank all for the gentlemanly way the election was conducted, and to say 'au revoir' so far as civic politics is concerned."

Concluding, he expressed the hope that "the city would go on as it has gone on in the past, flourishing and prospering." It might be necessary, however, to "haul in some sail to keep the city from financial entanglements."

Retiring Mayor

Mayor Prowse again congratulated Mr. Stewart and thanked the citizens for the kindness shown to him during his term of office. The last Council has been vindicated in the election to some extent by the fact that every member running as Councillor had been re-elected. The people had seen fit to elect Mr. Stewart over Mr. Foster and Dr. Blanchard. That was their business. There was nothing against Mr. Stewart's character and Mayor Prowse believed he would rule the city properly for the next two years.

The speaker had been criticised for not calling a citizens' meeting
