Rum Runners Cargo Circulating In City

Bootleggers Doing a Thriving Business Behind the "All's Well" Camouflage of Political Prohibitionists.

Despite the assurance given editorially by the Patriot that the landing of liquor from rum vessels is operating on East Point during the past few days is a goblin story invented by the Guardian, there was a plentiful supply of Old Smuggler Whiskey, part of the cargo of these vessels, peddled throughout the city yesterday at \$3.00 a bottle, and no question asked. A number of citizens were boldly solicited on the street to make a purchase. This is some of the "case goods" referred to by the Guardian in a recent write-up denouncing the callous indifference with which the Federal Government is treating this Province with respect to Customs patrol.

The other cargo—the rum consumption—it is impossible to identify, as it is now distributed among the "blind pigs" throughout the city. There is so much of this stuff on the go now that a cargo more or less makes little difference to the wholesale trade.

It is common knowledge that the activities of these bootleggers have been greatly assisted by the smoke-

AMHERST HOSPITAL CONCERT

Splendid Programme in Aid of Worthy Cause Will be Given in Amherst on Friday Next by Charlottetown Talent—Large Attendance of Islanders Expected.

A great deal of interest has been taken in the proposed visit of the Charlottetown talent to Amherst. They are putting on a concert in aid of the Highland View Hospital which was recently destroyed by fire.

As has been previously mentioned in the local press, there is no town in the Maritime Provinces that has suffered the vicissitudes that Amherst has, and there is no town in which business men have carried on with greater spirit against almost overwhelming odds.

The destruction of the hospital by fire was the crowning misfortune in the series of reverses suffered by Amherst and her citizens.

On the very day of the fire several serious operations had been performed. These cases, due to the faithful and unflinching devotion to duty of the nurses and medical staff were saved, in face of the fact that the fire broke out at midnight and the hospital was located a mile from the centre of the town.

The suggestion was made, as from one province to another, that the musical talent of Charlottetown go to Amherst, and give a concert and dance in aid of the hospital building fund.

The Charlottetown artists were not only willing but eager to go and offer their services gratis in aid of a worthy cause, the consequence being that, perhaps the strongest programme offered by local talent is being rendered in Amherst next Friday evening. In addition to the Charlottetown talent, a feature of the programme will be readings by Mr. T. J. MacNair, of Moncton, who on hearing of this worthy cause also offered his services gratuitously.

The Amherst Golf Club have extended an invitation to the Charlottetown Golf Club to go to Amherst and enjoy a round of golf. It is understood that many are availing themselves of this opportunity of becoming familiar with the Amherst links.

But don't think you have to be a golfer to go there. If you want to enjoy a splendid concert followed by a corking dance remember to hit the trail to Amherst on Friday the fourteenth.

His Honour Lieutenant Governor Hertz and his family have been invited to attend.

It is requested that those who intend to go there by motor car will notify Mr. Harry Brown, Manager of the Victoria Hotel not later than Thursday evening, so that arrangements may be made to land all the motorists at Cape Tormentine not later than 10.30 a. m.

In order to facilitate this Mr. T. B. Grady, Superintendent of the Island division of C. N. R., has most kindly arranged to have the "Societa" dock at Borden to ferry over motor cars immediately after the departure of the regular car ferry on her first trip at 9 a. m.

Premier King Signs Anti-War Pact

Premier Mackenzie King proceeded to Paris to sign the Kellogg peace pact on behalf of Canada. Above is a picture of the Dominion prime minister putting pen to paper. The ceremony took place at the Palais D'Orsay, Paris, on August 27.

Montreal Libeled In American News Journals

(Canadian Press)
MONTREAL, Sept. 11.—In answer to articles published in the Buffalo Courier Express and the Ladies Home Journal in regard to drunkenness in Montreal, Ex-Recorder Alexander Geoffrey has written to Governor Alfred Smith of New York Democratic presidential candidate protesting against what he terms "outrageous and venomous libels."

Murder and Suicide on Holly- Wood Street

(Canadian Press)
LOS ANGELES, Calif., Sept. 11.—Four shots on a still Hollywood street yesterday morning solved the enigma of an old man's infatuation for a motion picture actress in what officials of the coroner's office indicated was clearly murder and suicide.

Captain H. J. Pepper, 60, retired hotel keeper of Winnipeg, Man., recently puzzled his wife who is 55 years of age, by evidencing a violent love for Bertha W. Kirk, 50 year old character actress. She called a physician who since then had been looking after her husband. Early yesterday Captain Pepper shot and killed Miss Kirk and then turned the gun on himself when they met on one of the residential streets of the film city.

HOME MISSIONS AND EDUCATION DISCUSSED

United Church Urged to Take Active Part in a Great Home Missions Forward Movement—Dr. Colin Young Addresses General Council.

WINNIPEG, Sept. 11.—Commissioners of the United Church of Canada, attending the general council meeting here today, were presented with several interesting reports, especially those regarding home missions and religious education.

In the report of home missions, the church was urged to take active part in a great forward movement throughout the Dominion, and it was declared that the problems of the large cities were quite as insistent as the problem of isolated and remote communities.

A number of the commissioners engaged in mission movements in large centres spoke of the changes occurring in Toronto, Montreal, Winnipeg, Calgary, Vancouver and other centres and asserted there were many urgent problems calling for vigorous attention.

The position of Emmanuel College, Toronto, was made known to the general council in a report presented by the principal of the eastern division, Rev. Dr. Alfred Gander. Following his report, a resolution was adopted granting permission to the authorities of Emmanuel College to raise funds by public subscription in order to facilitate the purchase of necessary equipment to care for the increasing number of students.

The proposed new hymn book, and new book of forms for ordinations and baptisms were discussed by the commissioners today and after considerable debate action on publication was deferred for six months pending further consideration by Presbytery.

Another matter discussed during the day was the retirement of Rev. Dr. J. M. Duncan, for 27 years as editor of Sunday School publications. Tribute was paid to his valuable services, and his request for retirement was concurred in.

Rev. Dr. Colin Young made the chief address in the presentation of the home missions report. He stated that while the foreign mission work of the United Church required the preaching of the Gospel in nine or ten languages, the home mission work required the preaching of the Gospel in Canada in no less than 25 languages and that it might have to be preached in more than 25 in the Church of Nations, conducted by the United Church in Toronto, hymns were sung in five languages and fourteen nationalities were in the audience.

Dr. Young declared that 48 per cent of the population of Canada was now non-Anglo-Saxon and that it seemed certain that, after the next census, it would be shown that more than 50 per cent of the population was non-English.

He urged the United Church to take part in a great home missions forward movement.

"The report was adopted.

Fastened together by locking rings that make air tight joints, three parts, helmet, coat and trousers, compose a new life saving suit that is intended to keep a wearer afloat indefinitely.

A French experimenter has succeeded in boring holes in wood and glass with a tapering glass rod aided which he passed sound waves of a frequency of 300,000 to 500,000 vibrations a second.

GRAND MASTER RECEIVED

Opening of Oddfellows New Premises Held in Conjunction With Reception to Grand Master of Maritime Provincial Lodge and President of Rebecca Assembly—Ceremony is Followed by Enjoyable Dance and Bridge.

The reception of Brother J. A. MacNair, Grand Master of the Grand Lodge I. O. O. F. of the Maritime Provinces of Canada and Mr. Elizabeth McEachern, President of the Rebecca Assembly of the Maritime Provinces of Canada was held last night in the Odette hall and the new banqueting hall.

In conjunction with this, the opening of the new Banquet hall, and the suite of apartments in connection therewith took place.

The chair was occupied by Brother A. J. Houle, Chairman of the Committee. After the chairman had welcomed all present Brother G. P. Nicholson was called on to read the address to the Grand Master, Brother J. A. MacNair, who was presented with an appropriate gift.

Sister Mae Adams was called on to read the address to Sister Elizabeth McEachern, President of the Rebecca Assembly. She too was presented with a fitting token of remembrance.

Both Brother MacNair and Sister McEachern made brief and fitting replies to the addresses presented.

The Grand Master then formally opened the new hall which was at once occupied by a merry crowd of dancers. Excellent music was rendered by the Casino orchestra under the direction of Prof. Dixon.

The lodge room over eighty people sat down to Auction Bridge and Forty Fives.

The prize winners were as follows:

Prize Winners
Ladies prize for Bridge—Mrs. Hazel Henry.
Addition Miller.
Consolation—Mrs. Chas. Beer, Mr. J. J. McKinnon.
Auction Forty Fives—Mrs. Hebert Johnston.
1st—Percy Down.
Consolation—Mrs. Waller, Mr. Chas. MacNair.
The Oddfellows have recently purchased the entire premises now occupied by Patons Ltd. This property runs from Richmond Street to Sydney Street with an adjoining building on a great strip, on Sydney Street, this latter being about 45 feet square and three stories high. Part of the Paton building on the second storey has been taken over as a banqueting hall, recreation hall and kitchen. The Banqueting hall is 45 feet by 29 feet wide. The posts in this room have been removed, and the weight of the floor above is carried by steel beams.

The room has been papered with buff colored paper and wainscoted in a green frieze. The wood work is finished in mahogany tint. A smoothly finished hardwood floor has been installed.

Six large lighting units with eight side pocket lamps provide a powerful yet evenly distributed illumination.

The furnishings comprise 100 chairs and 25 card tables.

The recreation room, which is 18 feet by 24 feet, is finished in the same manner as the banqueting hall, the lighting arrangement and furnishings being similar.

The ladies cloak room is eighteen feet long by sixteen broad. It, too, has a hardwood floor, and is finished as to walls in the same manner as the rest of the suite, except that the furlap wainscoting is six feet in height, and is provided with a coat all around it, also a shelf over the same for hats.

The kitchen is 16 feet long by 7 feet broad, with cupboards for dishes, sink, three hot plates for electric cooking, cutting tables and shelves. The woodwork is finished in white enamel, while the walls are done in washable kitchen paper.

These rooms it may be added will be available for rental to the public at appropriate rates.

The following are the addresses presented:

Announcements, Coming Events, Meetings, Etc.

- Robln Hood Flour now procurable in Gingham or Cotton bags. All grocers. 7-14-1f.
- Notice—Special show at Borden Thursday, Victoria Saturday. 7741.

New Record for Stock Exchange Membership

(Canadian Press)
NEW YORK, Sept. 11.—Value of memberships on the New York stock exchange soared today to a new high record of \$410,000 coincident with a resumption of a wild "bull" movement in prices. The former record was \$398,000.

Increase in U. S. Potato Crop

HARTLAND, Sept. 11.—The latest report of the United States Department of Agriculture received by wire today gives a further increase in the anticipated potato crop of that country of 7,000,000 bushels, and now makes the total estimate of 467,000,000 bushels, the greatest in history.

Particulars of the increase over the August estimates have not yet been received but it is presumed the increase would be in the northern states.

The market at Hartland today is dragging, with practically no demand. Prices are falling a few cents per barrel daily. On the local market today only 85 cents was paid for the early Irish Cobbler variety per barrel of 165 pounds.

Immigration Agents Touring Maritimes

SAINT JOHN, Sept. 11.—Colonel Frederick G. Campbell, Canadian Government Immigration Agent at Birmingham, England, and Captain Charles A. Allen, representing the Canadian Immigration Department at Liverpool, England, arrived in Saint John yesterday morning from Ottawa for the purpose of spending a week in the Maritimes in connection with their Canadian tour of study conditions in connection with the placing of British immigrants in the Dominion.

This morning the two officials left for Nova Scotia, and expect to return to Saint John again during the latter part of the week when conferences will probably be held with government and immigration officials through arrangements being made by Major William A. McDougall, Superintendent of the Land Settlement Board, here, who is responsible for the arrangements of their itinerary while in the Maritimes.

Seek Closer Trade Relations With Dominion

(Special to The Guardian)
TORONTO, Sept. 11.—In their effort to consolidate trade between the Dominion of Canada and the Republic of Colombia, the government of the latter nation has lately established two consulates in Canada. Senor Ricardo Leyva, retired wealthy estate owner and cattle rancher was appointed consul in Toronto and he arrived in town yesterday and has taken over his duties.

In establishing consulates in Quebec City and Toronto, in addition to the already existing consulate general in Montreal, the government of Colombia has in view direct dealing between Colombian producers and Canadian users," he said.

"We want to eliminate the middle-man who raises the prices on our goods so that trade between Canada and my country has been almost negligible." He added that he referred to the American jobbers in general and the New York coffee market in particular.

"Colombia already imports some Canadian wheat and flour, but we want more of this and at the same time we want a market for our products, coffee, oil, etc. We want the Canadian buyers to come direct to us and we to them instead of via New York."

Colombia is interested in Canadian canned fruit, steel and hardware which the Colombians claim is both better and cheaper in Canada. Canadian rubber goods and good livestock.

"Recently the son of our president, Abadía Mendez, who is in the Dominion, picking out live stock for special importation to Colombia. Mr. Leyva said with pride. While a direct steamship line between the

King Denies Reported Talk With Kellogg

Canadian Premier Declares He Did Not Discuss Waterways with Secretary of State Kellogg.

OTTAWA, Sept. 11.—A positive denial that he discussed either the St. Lawrence Waterways or the Chicago Drainage Canal with Frank B. Kellogg, Secretary of State for the United States, on the ship that took them to Paris or after their arrival there, is made by Premier Mackenzie King, in a cablegram received by Hon. Ernest Lapointe, Minister of Justice and acting Premier.

"I have just seen Canadian papers of August 24 and 25, containing a despatch from New York dated August 24, referring to a special wireless from the Le De France giving what purports to be a conference between Hon. Mr. Kellogg and Quebec."

myself on subjects of St. Lawrence Waterways and Chicago Drainage Canal.

"I did not discuss either of these subjects with Mr. Kellogg on the way to Paris or during our sojourn there, nor have I mentioned either subject in interviews with the press. In fact, I have refused to give interviews of any kind," reads the cablegram received by Mr. Lapointe.

The news despatch referred to by Mr. King states that the Canadian Prime Minister "believes that a large part of Canada is not ready for the St. Lawrence development having no use for power and fearing also that it would be detrimental to influential Montreal and Quebec."

NO SECRET CLAUSES IN NAVAL ACCORD

(Canadian Press)
GENEVA, Sept. 10.—Aristide Briand, Foreign Minister of France, today told the Assembly of the League of Nations that there were no secret clauses in the Franco-British Naval Accord. He said it had been arranged for the sole purpose of facilitating reduction of armaments.

M. Briand spoke from the rest room of the Assembly. Delegates of five nations formed his audience.

His address was spoken with the frankness which has characterized this session of the assembly and has started statesmen and diplomats of the old school. He made a special point respecting governments which advocate disarmament and increase their own forces. Without mentioning Russia by name he said there was one country in Europe which was constantly augmenting its army, yet had proposed the total destruction of all land, sea and air armaments and had promised to adhere to the Kellogg pact. Then he turned dramatically toward the bench where Chancellor Hermand Muller of Germany was sitting, and denied the German contention that she had been disarmed while other countries showed no sign of reduction in their forces.

Then M. Briand referred to the naval understanding between France and Great Britain. He said the two

A. A. MacLean in the City

MR. A. A. MacLean formerly comptroller of the Royal North West Mounted Police with rank of Deputy Minister is now in the city where he is residing at present at the Queen Hotel.

He left the service, in which he has been for the past eleven years on Sept. 1st of this year.

It is Mr. MacLean's intention to resume his partnership with Mr. Donald MacKinnon, K. C. in the well known law firm of MacLean and MacKinnon.

Mr. MacKinnon informs the Guardian that Ottawa is fast becoming a most beautiful city, the Improvements Commission having spent millions in the centre of the town in pulling down whole blocks to form a park.

Straight Party Fights in N. S. Constituencies

(Canadian Press)
HALIFAX, N. S., Sept. 11.—All candidates in the provincial general election, scheduled for October 1st, will have been selected by next Saturday if the present programme of the party managers are adhered to. There are forty three seats in the local legislature and at present appearances straight party fights in all but the Cape Breton constituencies are in prospect. The industrial centres of Cape Breton may nominate Labour candidates, but so far nothing definite has been decided.

Today Hon. G. S. Harrington, Minister of Public Works and Mines, was nominated in Cape Breton centre, making the fourth minister of the Rhodes government to present himself again for re-election. Hon. William Chisholm will open his speaking campaign at Kentville tomorrow while the next public address of Premier Rhodes will be at Weymouth, in Digby County on Friday.

The Premier's speaking schedule calls for only one visit to Cape Breton on Sept. 24 (nomination day). Next Monday a political picnic at Shubenacadie for Halifax, Colchester and Hants counties, will be held at the residence of Premier Rhodes addressing the gathering.
