FILM PORTRAITS BRITISH NOEL

TORONTO, Feb. 5 (CP)—Reactions of the English people, engaged in defence against history's most destructive war, to the season of "Peace on Earth" are given graphic and encouraging portrayal in a film short, "They Spent Christmas Under Fire," which was given a preview showing for military representatives and newspapermen here. The film, made in London under supervision of the British Ministry of Information with narrative by Quentin Reynolds, American newspaperman, is second of a series which began last fall with "London Can Take It." All gross theatre rentals throughout Canada and the United States go to Britain's war relief authorities who already have received \$26,700 from showing of "London Can Take It." "They Spent Christmas Under Fire" is brief—it runs only 10 minutes—but concise. It is full of contrasts: Children happily gathering holly in a peaceful countryside—holly camouflaged anti-aircraft guns; peaceful herds of sheep grazing—their shepherds in uniform and armed; boys playing with war toys—men defending the coast-line; Christmas trees in crowded underground shelters. Cheerfulness is the keynote of activity against the grim background of wrecked buildings and there is nothing out of the way in the traditional carols—trains of peace—sung by boys of King's College.

KEEP THE WAR WHEELS TURNING

Canada needs your dollars now!

You will be glad of them later.

Canada's 2,000,000 wage and salary earners are asked to save—every week and every month—to help provide arms and equipment for our fighting forces.

In Total War, civilians must fight, too. Their weapon is their money. You can fight with your money, as it provides the sinews of war.

The bounden duty of every civilian, therefore, is to save to the limit of his or her ability and loan the savings to Canada by investing in War Savings Certificates.

Remember, you are not asked to give your money, but to loan it. For every \$4 you loan now, you will get back \$5 in 7½ years. Your savings will earn 3% interest.

Tens of thousands of men and women have already pledged themselves to invest in War Savings Certificates by means of the Payroll Savings Plan which is now in operation, or which is being organized by every employer. But tens of thousands are not enough. There are two million wage and salary earners in Canada, and every one is expected to do his or her share.

If you have not already done so, pledge yourself and invest by means of the Payroll Savings Plan. Canada asks no more of you. Your conscience should demand no less of you.

Just how much you can invest will depend upon your circumstances. Do all that you can. The following table is suggested as an average basis for saving:

Earnings per Week	Savings per Week	Maturity Values of Annual Purchases
Up to \$20	25c to \$1	\$15 to \$65
Over \$20 to \$30	\$1.25 to \$2	\$80 to \$130
Over \$30 to \$40	\$2.25 to \$3.50	\$145 to \$225
Over \$40	\$3.75 to \$9.25	\$245 to \$600

To Employers

Take the initiative. Urge your employees to save. Give them leadership. If you haven't already done so, organize a Payroll Savings Plan at once. See that everyone participates in it. The Payroll Savings Plan has proven to be the most satisfactory method for getting employees to save and invest regularly.
