ATTENDERS JAP "VICTORY PARADE" MARCH THROUGH SETTLEMENT ZONE DESPITE PROTESTS

Incident Occurs As Troops Swing Into Nanking Road — One Soldier Reported Killed.

(By The Associated Press)

SHANGHAI, Dec. 3—(Friday)—A bomb exploded in Nanking Road today as 5,000 Japanese troops marched through Shanghai in a victory parade. The parade started immediately.

The explosion was about one block from the Wing On department store. Soldiers ran in all directions. One Japanese soldier was reported killed.

The parade had passed through International Settlement side streets along the boundary between the French Concession and the Settlement and entered Nanking Road without incident.

The "victory parade" was held despite protests of British and other foreign officials and municipal authorities who held the demonstration provided opportunity for a possible fateful incident.

Tanks and armored cars escorted the Nipponese through the Settlement while warplanes flew overhead.

Unexpected Death Of Lower Montague Man

Mr. Leith Cowan, 62-year-old Lower Montague farmer, was found dead in bed yesterday morning. Wednesday he appeared in good health, worked about his farm as usual and was in Georgetown on business. Yesterday morning his wife was shocked to find that he had died during the night. Death was believed due to heart ailment.

Besides his wife he is survived by a son, Irving Cowan, and three daughters, Beth, Frances and Phyllis.

DEMOCRACIES ASSAILED BY LLOYD GEORGE

Warns Of Fascist March Along Mediterranean In Critical Address.

LONDON, Dec. 2—(CP)—Delivering a blistering indictment of the "limp, flaccid hands" of democratic "quitters" David Lloyd George told a peace audience today that enemies, "growing in strength and audacity and reckless power" were on the march along the Mediterranean and threatened Britain's communications in time of war.

He declared liberty and democracy throughout the world were at stake and that while 20 years ago, under strong leadership, the democracies had withstood the supreme test, today it was one surrender after another.

Yielding before the resolute march of the dictators, the wartime Prime Minister charged, democratic "quitters" were blaming each other at every retreat and could not seize the sword for trembling.

The result had been ignominious failure everywhere. He poured scorn on those who, so long as Britain was not attacked, were blind to what was going on abroad. What would happen to Egypt, Palestine and the Sudan, he asked, when the present tasks of the aggressors were done?

The former Prime Minister's audience at his speech before the Council of Action for Peace and Reconstruction, which he organized in 1935, was somewhat surprised by his reference to Premier Stoyadinovich of Yugoslavia as "another dictator."

If General Franco wins in Spain, Mr. Lloyd George said, you will have four great dictatorial powers—Germany, Italy, Japan and Spain. Another dictator threw in his lot with them yesterday—the Premier of Yugoslavia.

He apparently was alluding to an official announcement in Rome that Stoyadinovich would arrive in the Italian capital Sunday for a three-day visit which some sources thought might culminate in the anti-communist pact. The pact now links Germany, Italy and Japan.

Mr. Lloyd George attacked the government's foreign policy in language alternately violent and ironic, provoking frequent laughter and applause.

Fire Destroys Three Barns At Appin Road

A large barn and two smaller outbuildings, owned by Mr. Edward Farrow, Appin Road, were destroyed by fire yesterday afternoon. A quantity of feed, including hay and grain, was burned. Several farm implements were believed included in the loss. No livestock was lost.

Details of the fire were meagre as the district cannot be reached by telephone. Origin of the fire, discovered about 3 o'clock, was not learned. No estimate of the loss was available.

THREE NEW APPOINTMENTS ANNOUNCED

Viscount Gort, V. C., New Chief Of Staff — Change In Line With Reorganized Forces.

(By Pat Usher, Canadian Press Staff Writer)

LONDON, Dec. 2—The War Office tonight announced drastic changes in the Army Council. Three of the four military members of the Council have resigned and have been replaced, including the chief of the Imperial General Staff.

The new appointees are: Major-General Viscount Gort, V. C., succeeding Field Marshal Sir Cyril Deverell, chief of the Imperial General Staff.

Major-General Clive Gerard Liddell, succeeding General Sir Harry H. S. Knox, adjutant-general.

Engineer-Vice-Admiral Sir Harold A. Brown, director-general of munitions producing since 1936, replacing Sir John Dill, who assumed the duties of master-general of ordnance, succeeding Lieut-General Sir Hugh Elles.

The fourth military member is Lieut-General Sir Reginald May, Quarter-Master General, who remains.

In addition to these changes it was announced, Admiral Brown will be assisted by Lieut-General M. G. Taylor who is appointed deputy master-general of ordnance.

Colonel Sir Ronald Adam is appointed deputy chief of the Imperial General Staff, a position which has been vacant recently.

AGED MAN IS MISSING

Growing Concern Over Whereabouts Of Mr. John McGuigan.

Continued absence of Mr. James McGuigan, 73-year-old Charlottetown resident, unreported since Monday was causing growing uneasiness last night. When his disappearance was first reported police believed he had gone to visit friends in the country. Inquiries by local and Mounted Police, however, have failed to discover even vague clues as to his whereabouts.

Mr. McGuigan is married and resides near the C. N. E. Station, police said. He left home Monday morning apparently in good health and was believed to have been seen in the City that night. Chief Birtwistle said. He did not return home, however, nor was anything further heard concerning him.

He was described, police said, as 5 feet 8 inches tall, weighs 165 pounds, iron grey hair and mustache, and dressed in working clothes. Acquaintances remembered he had mentioned on several occasions during the summer that he planned to visit friends in the country this fall. He had been employed during the summer by the City sanitary department.

REASON FOR CHANGES

The changes, it is explained, are designed by the government, and particularly by Leslie Hore Belsham, War Secretary for the past six months, to bring new blood to the High Command and to hasten the vast task of reorganizing the Army to enable it to adapt itself to the latest technique of warfare.

It was recalled that the appointment of Admiral Brown last year to the Army Council stirred up military quarters who felt the munitions position should have gone to an army man.

Appointment of General Liddell was in line with Mr. Hore-Belsham's expressed intention to give the Territorial Army a more important status. The War Secretary told Parliament last month it was the intention to bring the Territorial Army up to the level of a regular army.

URGES SURVEY OF PRAIRIES

Calls For Removal Of Settlers From Un-economic Areas.

WINNIPEG, Dec. 2—(CP)—An agricultural and economic survey to define the uneconomic areas of the prairies and subsequent removal of settlers from those areas to fertile lands elsewhere were urged by Premier John Bracken of Manitoba before the Rowell Commission today as one of the major problems confronting Western Canada.

None of the Prairie Provinces was capable of dealing with the situation but in the interest of the nation as a whole the situation required early action, he said.

The problem was one of many arising from Canada's early land settlement policy, in which unsuitable and widely scattered areas were settled. Mr. Bracken said.

Opening up for grain growing purposes the short grass grazing land in southeastern Alberta and southwestern Saskatchewan was the classic example. Smaller unsuitable areas had been settled in Manitoba but with less drastic result.

INFORMAL HEARING

REGINA, Dec. 2—(CP)—Sessions of the Rowell Commission on Dominion-Provincial Relations opening in Regina Dec. 9, will be kept as informal as possible and every effort directed toward having a frank and free discussion of the problems confronting the province within the economic structure of the confederation. Hon. T. C. Davis, Saskatchewan Attorney General, said today.

With this object in view arrangements are being made to hold the session on the floor of the Legislative Assembly Chamber. Commissioners and representatives of different organizations submitting briefs will be grouped around a conference table.

Monument Is Erected To Early Settlers

There has recently been erected in Brudenell Cemetery a monument to the memory of two brothers, James and Donald Dewar, who were born in Perthshire, Scotland, and came with their wives to Montague River in the early years of the nineteenth century. These two men were the progenitors of nearly all the Dewars on Prince Edward Island and their descendants are scattered all over the continent of North America and as far as Australia and New Zealand. Many of them have prospered in business and contributions were received from Rhode Island, Massachusetts, Ontario and "The Island."

It was a fine gesture on the part of people four and five generations removed from the original pioneers, "but the heart is Highland, the blood is strong," that binds the ties of kinship that cements their memories to the beloved "sea girt Isle," and the misty mountains and glens of the fatherland.

The stone is of Vermont marble and contains inscriptions in both English and Gaelic, the language used by these men in their daily lives.

Would Join Pair Together Surgically

WASHINGTON, Dec. 2—(AP)—John Melvin Bonner and Clara Howard, both negro children, will be joined together surgically within a few weeks.

A Washington surgeon, it was disclosed today, plans the operation to restore the girl's skin which was burned badly in a shanty fire in North Carolina a year ago.

The surgeon, Dr. Robert E. Moran, will connect the two bodies by an 18-inch tube of skin extending down one side of each. They will remain that way, with their blood circulatory systems connected, for five weeks.

Clara, 13, was so badly burned, a usual skin grafting operation was considered insufficient. She and John, 16, are cousins.

ARRESTED IN BANK ROBBERY

Vancouver Barrister Held On Serious Charge.

(C. P. by Guardian's Special Wire)

VANCOUVER, Dec. 2—Charles H. Cahlan, Jr., Vancouver barrister and son of a prominent Montreal family, today was arrested by city police on a charge of bank robbery.

The charge named Cahlan, son of Hon. C. H. Cahlan, former Secretary of State, as the lone gunman who yesterday held up a suburban branch of the Canadian Bank of Commerce here and escaped with about \$60 in cash.

The arrest was made a few minutes after Cahlan had been viewed of passing worthless cheques and had been remanded to court Monday for sentence. He had been under observation by city police since early this morning. It

Safe Arrival Of Vessel Reported

BOSTON, Dec. 2—(AP)—A cablegram from her skipper, Captain William F. Plummer, reporting the safe arrival of the schooner Helen Barnet, Gings at Birkenhead, Eng., today ended fears for the safety of the big four-sticker. Laden with about 1,000,000 feet of lumber, the vessel had been 55 days out of PARSBORO, N. S., about two weeks longer than the voyage was expected to require. The cablegram was received by her local agents.

Lad Injured By Shot-gun Blast

YARMOUTH, N. S., Dec. 2—(CP)—Two-year-old Walter Saulnier of Weymouth, near here, was in Yarmouth Hospital tonight with little hope held for his life after a shotgun with which he and his brother, William, three, were playing, exploded.

The child's eyes and face were badly burned and doctors said if he recovered he would be blind.

The boy and his brother had been sent upstairs to play while their mother, Mrs. Gerald Saulnier, prepared a birthday party for Walter. In some manner they obtained the gun from where it was kept.

Valley Prisoners In Jail Break

(By The Canadian Press)

KENTVILLE, N. S., Dec. 2—Two prisoners escaped from the King's County Jail yard today, scaling a 10-foot fence for the second Kentville jail break within the last few months.

Town and Royal Canadian Mounted Police were searching tonight for the two, Robert VanBuskirk, Wolfville, N. S., and Edward Rice, Aylesford, N. S., each 20.

Urge Market For Canadian Fish

YARMOUTH, N. S., Dec. 2—The Yarmouth Board of Trade urged at a meeting tonight that the Canadian Government secure more favorable trade arrangements with the United States regarding fish and fish products.

A resolution passed by the board requested every effort be made to obtain a reduction in the tariff on fish and fish products exported from this country to the United States.

French Foreign Minister Leaves On Diplomatic Tour

PARIS, Dec. 2—(AP)—Foreign Minister Yvon Delbos headed for Warsaw tonight for the first of a series of visits to France's eastern and central European allies designed to bring them in line with Anglo-French efforts for a general diplomatic settlement with Germany.

Informed diplomatic sources said M. Delbos carried a joint Anglo-French guarantee to Poland and the Little Entente—Czechoslovakia, Yugoslavia and Rumania—that Germany would not be given a free hand in central Europe.

This swing about the continent was the third chapter of negotiations to set up a new European peace structure.

Fascist Press Takes - up Cudgels Against Democracy

MILAN, Dec. 3—(Friday)—Premier Mussolini's Il Popolo d'Italia today informed Great Britain the United States and France editorially that Italy would not be "intimidated" by economic agreements hostile to Fascism.

The editorial was the second sarcastic attack on democracies published by the newspaper this week.

Today's article used an editorial of The New York Times as a springboard for an assertion that to a threat of economic war the only reply was "timely and whole-hearted preparation of spirit and arms."

It said there was no question of the three democracies employing military measures against dictatorships.

HOME AND SCHOOL ASSN. DISCUSSED

Formation of a home and school organization in Charlottetown was discussed at a meeting in the Y. M. C. A. building yesterday afternoon. Speakers unanimously approved of the proposed move, designed to foster co-operation and improved relations between teachers and pupils. Mrs. J. A. Lawson, Mrs. James Fripps, Mrs. P. A. Creelman, Mrs. Ernest Bell and Mrs. B. C. Keeping were appointed to meet with a committee, if one should be appointed by City teachers, and discuss the project further before actual organization was completed.

It was expected that discussion of the Home and School organization would be made at the annual meeting of the City Teachers Federation scheduled for today.

Major T. McNitt, secretary of the City School Board, presided at yesterday's meeting. Speakers included Mr. H. H. Shaw, superintendent of education who discussed various aspects of the proposed organization.
