S' side Town Council Holds Regular Session

The regular monthly meeting of the Summerside town council was held last night, Mayor Campbell presiding. An important motion was passed and moved by Councillor Mollison, chairman of the finance committee to the effect that certain land owned by the town in the eastern section from the railway to Harvard Street be offered for sale to the Swift Canadian Company for \$1,000. Councillor Mollison stated that this company had been in Summerside looking over the situation with a view to opening up a branch for the purpose of purchasing of farm products and are looking for a suitable site.

It was considered by the council that the sale of the land would not in any way interfere with the development of the town. Councillor Mollison reporting for the Electric Light committee stated that the work of the new engines is going on very satisfactorily and that one will be in operation next week. A letter was read from Mr. Chandler, inspector of electrical work for the Island, asking the cooperation of the town with work in the province.

Mr. Frank Purdy of Summerside was appointed as inspector for Prince County and the town of Summerside was to cooperate with him. It was decided to give him an official chair at the electrical light plant for his electrical duties. In answer to a question on how the payment of light bills was coming along Mr. Durant stated that they had been very good up to October although some users had been cut off but the most of them had paid up and been put on again. There was some discussion of an offer the town had made to the military authorities of the use of the airport for soldiers, but so far nothing definite has been arranged. It was thought that an effort should be made to have some of the soldiers quartered here.

Town paid bills amounted to \$2,296.45 unpaid bills \$824.59. Electric light paid bills \$15,717.25, unpaid bills \$6,972.52.

Mayor Campbell stated that part of the amount of electric light had been paid by the government in connection with the construction of a new unit at the plant. The amount was \$137,137. Police officers showed 30 convictions for drunkenness, 2 for drunken driving, one for vagrancy.

Queen Elizabeth Leaves Her Pier

NEW YORK, Nov. 12 (AP)—The \$30,000,000 British liner Queen Elizabeth which came to New York eight months ago to escape the dangers of war, slipped out of her berth in the Hudson River at 4:30 p.m. AST.

Although British officials refused to divulge the plans for the \$30,000,000 vessel, the largest ever built, it was assumed she will join her sister ship, the Queen Mary, in troop transport duty.

The Elizabeth, not yet completed when she left her pier in Great Britain, arrived off Sandy Hook on March 7 after a secret maiden voyage.

It was planned then to keep her here "for the duration." These plans were changed. For weeks, preparations for sailing have been under way.

Some sailors of her crew have said the Elizabeth, painted a wartime grey, probably would go first to Halifax for installation of bunks for more than 10,000 soldiers. En route she may stop at the Boston navy yard drydock to have her bottom scraped. Others said she would sail directly for Singapore.

Alberton

Miss Beadie Matthews, Grade VI student at Summerside Academy was a weekend visitor to her home here.

Mr. Paul Gallant of the Royal Canadian Navy, is home on furlough.

Miss Lucille McQuaid, teacher at Southport School, was a weekend visitor to her home here.

Mr. Brent Matthews, Summerside was a recent visitor to his home here.

Mr. Joseph O'Brien, Charlottetown, was a weekend visitor to his home here.

Messrs. Eric Gass, Everett Gass, Charlottetown, were weekend visitors to their home here.

Miss Noreen Whelan, teacher at Bayside School, was a weekend visitor to her home here.

Miss Florence Tanton, Summerside was a weekend visitor to Alberton the guest of her sister, Mrs. H. W. Matthews.

Citizens of Alberton and vicinity were shocked to hear on Saturday morning the news of the death of Mr. Augustine Ahearn, at the advanced age of 79 years. Mr. Ahearn was in his usual good health until five weeks ago when he was suddenly taken ill and despite all the medical skill and tender nursing could do he passed away on the above date. The deceased was the son of the late Peter Ahearn, Central Kidare, and carried on farming here until five years ago when he moved to Alberton. He was a veteran of the Great War serving overseas with the 10th battalion. In politics he was a lifelong supporter of the Conservative party. Besides his wife he leaves to mourn one step-son, John, Rochford, also two sisters, namely: Sarah Jane, Mrs. Daniel Gavin, Central Kidare and Bridget, Mrs. John Foley, Vancouver, B. C. His first wife predeceased him some years ago. The funeral services were held on Sunday afternoon from his late residence to the Sacred Heart Church, Rev. Dr. W. V. MacDonald officiating at the Church and grave. The church was filled with sympathizing friends from all of Alberton and Tignish dominations. The Great War Veterans augmented by members of the present army under the command of Sergeant John Ahearn of Tignish and Mr. Frank McAlduff of Alberton led the funeral procession from the house to the church and thence to the grave. The pallbearers all returned here were as follows: Messrs. Maurice Penney, Stanley Brown, Mr. Harry Daniel MacLean, Waldo Matthews, George Marchbank. The funeral arrangements were under the direction of Messrs. Gaudet and Crozier of Tignish and Coleman respectively.

May he rest in peace.

Greeks Think Danger Of Big Drive Over

(By Max Harelson, Associated Press Staff Writer)

ATHENS, Nov. 12 (AP)—Greeks expressed belief immediate danger of a big Italian drive was over today as their troops reported pressing retreating Fascists back toward Albania, where Greek and British planes pounded invasion bases.

Except for one shallow salient in Greece, the invaders were said to have been driven into Albania on the whole central front. In the north, the Italians made what were described as reconnaissance attacks against Greek positions around Koritza, 10 miles inside Albania, but these were reported repulsed. On the west the Italians were said to be digging in.

In Belgrade, Yugoslavia, however, it was reported two Italian infantry attacks had driven the Greeks from heights dominating Koritza and forced them back to their side of the frontier.

Military experts said Greek possession of Albanian mountains in the Koritza region materially aided defence of Greece, since the Italians must fight through difficult mountain passes and suffer heavy losses before reaching the main Greek line.

These experts said the Italians apparently were not prepared in men or equipment to make such an attack and were not likely to muster any great strength in the near future.

With the front-line fighting impeded by rain and snow, some observers predicted that the fighting might settle into a stalemate such as persisted last winter on the French-German front.

British and Greek forces, it is pointed out, are harassing shipping lanes into the Adriatic Sea, and certain British bombers destroyed stores and set off a fire visible for 100 miles, the Greek High Command reported.

Credit Union Chapter Meets At Summerside

"Co-operation means national efficiency through personal efficiency," was the keynote of the meeting of the Credit Union Chapter held last night in Summerside. Delegates from Summerside, Beauce, Kent, and Tignish, and Miscouche attended the meeting.

Dr. W. J. McLellan, of Summerside, stressed the fact that "man is not a dollar-and-cents man." Yet a certain minimum is necessary to live the good life—a living wage, a just system of distribution, and Christian charity.

McLellan's opinion, we are facing a new world, and the co-operative movement will help us to adjust ourselves to this changed life. A widespread distribution of property is essential to a just economic society. Dr. McLellan urged those who are promoting co-operatives to continue their work with tenacity.

Rev. George McCormac, of the Extension Department of St. Dunstan's, Father McCormac, opened the meeting. He spoke of the wave of false prosperity now sweeping the country and asserted that studies and education were more necessary now than ever.

"The Co-operative Movement is based on an ethical membership," he stated. "It is our task to make beginning; those who follow in our footsteps will reap its full benefit," concluded Father McCormac.

Mr. James Saunders, of Kensington, spoke briefly of the work of the Credit Unions. He discussed some of the practical problems that attend the promotion of co-operatives and reported progress in the growth of the Kensington Credit Union. He expressed optimism towards the future of this movement.

Mr. D. J. Croteau, managing director of the Credit Union League, spoke briefly of the work of the Supervisory committee and discussed the "Manual of Procedure for Supervisory Committees," recently issued by the Inspector of Credit Unions.

To Make Sure Men Overseas Get Packages

(By Gladys Arnold, Canadian Press Staff Writer)

OTTAWA, Nov. 12 (CP)—When the parcel was mailed from Canada to a soldier overseas it probably was very dry.

It arrived at Canadian Postal Corps Headquarters in England a soggy mass of cake, matches, clothing and jam, soaked with maple syrup from a bottle that came unopened.

Officials in the Postmaster-General's department are trying to improve on Canadians the need for careful packing and careful addressing of parcels for the armed forces.

The maple syrup parcel is only one sample of the difficulties encountered. One woman bundled up six pounds of grapes, sweet and juicy when they left Canada but squashed and mouldy when they got to London. Dried fruit is a common occurrence, and other edibles are no rarity.

Officials say parcels for soldiers should not include any sort of glass container. Thin fruits or pickles might be sent. Matches and explosives of all kinds are barred from the mails. Parcels should be wrapped or sewn in a cotton or other cloth covering, then wrapped and tied with tough paper and strong cord.

Complaints have reached the department that tobacco mailed in Canada is not reaching the troops overseas. "Of course the post office gets blamed first," one official said. "But a checkup at both ends in England and here has shown that the principal cause of non-delivery is the forgetfulness of someone who was supposed to buy the tobacco."

Fish's Got Some

Cause of the disappearance of some tobacco was enemy action. One ship carrying 4,000 parcels from one tobacco firm alone was lost en route to the United Kingdom.

Some tobacco parcels, and other gift mailings, have been delivered after a soldier has been transferred. Some of them may have fallen into the hands of a soldier's companions. "You know what happens to a basket of food which is delivered to the wrong person at a boss' school?" the official said. "Well, soldiers are pretty much like these boys. Probably they would just divide it."

Thousands of letters and parcels for soldiers reach the base post office in Ottawa bearing incorrect postage or incorrect address. Every effort is made to trace down the right man, the official said, but it's pretty hard when we get an address like "Johnny Smith, Postmaster, Canadian Army, England."

Care must be taken to add a dress mail to your friends if the army overseas is to get the real number, rank, name and details of unit that is company or section, squadron or regiment, holding unit, in addition to the man's service, base post office, Canada.

It should be done thus: C-2374, Sapper John Doe 3rd Field Company Royal Canadian Engineers Base Post Office Canada.
