YES, it's just as easy as that!

Canada asks you to buy Victory Bonds to speed the work of winning the war, to provide our gallant lads in the army, navy and air force with all the things they need in their great fight for freedom from aggression—for the right to maintain our way of life.

You can do even more than you think by buying bonds on the instalment plan. Pay only 10% down:

- \$5 on a \$50 Bond
- \$10 on a \$100 Bond
- \$50 on a \$500 Bond
- \$100 on a \$1,000 Bond

and pay the balance in easy instalments.

Victory Bonds are one of the safest investments in the world. Every dollar put into Victory Bonds in the last war has been repaid to the investor.

Remember, you are making the safest possible investment when you buy Victory Bonds.

If, as a result of unforeseen contingencies, you are unable to meet the instalment payment, a loan may be arranged with your bank, with your Victory Bond as collateral security. Dominion Government Bonds have always enjoyed the highest degree of marketability and there never has been a time when they could not be readily realized upon for cash.
