PLATT DENIES HE REFUSED TO RESIGN

NEW YORK, Nov. 28.—U. S. Senator Thomas C. Platt said today concerning an alleged interview with him published in this city, in which he was quoted as saying that he would not resign his office as senator:

"I have not said I would not resign. I saw no reporter, in fact, nor have I said to anybody that I would not send in my resignation to Gov. Higgins. I never said to any newspaper man that I would stay in Washington all winter. In fact, the whole interview about my refusal to resign is untrue. I have said nothing, nor am I going to say anything now."

THE METHODS OF SCOTLAND YARD

How Detectives Are Made in London—Their Period of Preliminary Training And Probation Before Working on Real Cases.

LONDON, Nov. 28.—"No," said a New Scotland Yard official to the writer, "I know that is a by no means uncommon expression; but I assure you that a man can no more start his career as a detective in England than a lawyer can commence his professional life by wearing a silk gown or sitting on the bench. To graduate as a detective even of the lowest grade is the work of years and a case of the survival of the fittest."

"Suppose, for instance, you have an ambition to shine as a discoverer of crime, and you have all the natural equipment for the work, it would not be the least good going to New Scotland Yard and applying for a place on the detective staff there. You would have to begin much less ambitiously by seeking the post of an ordinary constable in uniform. You would have to produce satisfactory testimonials, pass all the physical tests, from the tape measure to a thorough medical overhauling, as well as a simple but searching educational examination."

Then would follow a period of drill, another of attendance at a police court to learn how to give evidence, and instruction in your duties generally; and only after you had come successfully through all these tests, and periods of training could you be considered as having taken the first step towards raising your ambition to become, at some remote future, a full-blown detective. And I would advise you not to be too sanguine of ever accomplishing this for there are hundreds of other men many of them smart fellows, who are equally 'in the running,' and it may well be that, unless your gifts are exceptional, you will never emancipate yourself from uniform."

However, after you have won your spurs as an 'ordinary' policeman and are regarded as a promising man, you may in a few years' time have an opportunity of showing what you can do in the way of crime detection. During the winter months a few men are chosen from each division for 'patrol' work, and you may be one of the lucky elect. You will then discard your uniform for a time and return to plain clothes, and in your new character will have plenty of scope to prove your mettle as a discoverer and hunter of criminals out of the beaten tracks of police work."

"There is, of course, an element of luck in work of this kind, and if you are both fortunate and astute you may win such laurels during your period of probation that you will be recommended to the criminal investigation Department for promotion to the rank of detective. Here again you will have to undergo further tests and probation; and only when you have proved yourself to be equal to the man for the work will your goal at last be reached. After this stage has been passed, as before it, your success will depend on your ability and industry. You may rise to the rank of superintendent, with a salary of £400 or £500 a year, or you may well, you may stay where you start."

Piles Cured

Suffering for Years, and Bed-ridden from Piles, a Massachusetts Man is Cured by Pyramid Pile Cure.

Trial Package Mailed Free to All Who Send Name and Address.

"I tried the sample of your cure you sent to me. I used it and the bought a 50c box. The results were immediate and surprising to me. I assure you, I had been to a dozen of the best doctors and paid much money to them with no results whatever. I had this affliction for 20 years. I was in a hospital for a long time, and I left it physically broken down. I have been so bad for months at a time as to be unable to walk. Having a friend who lost his life by an operation, I desisted from ever having that experiment tried on me. I owe you a debt of gratitude. I believe that piles would be banished from humanity and become an unknown thing, were everyone afflicted with them to but spend from 50c to \$1.00 for Pyramid Pile Cure. Its speedy action also makes it extremely favorable for impatient people. I am yours sincerely, George H. Bennett, Mattapan, Mass."

Instant relief can be gotten by using the marvellous Pyramid Pile Cure. It immediately reduces all congestion and swelling, heals all sores, ulcers and irritated parts. The moment you start to use it your suffering ends and the cure of your dread disease is in sight. The Pyramid Pile Cure frequently renders a surgical operation unnecessary. Don't subject yourself to this except as a very last resort. The Pyramid Pile Cure is put up in the form of "easy-to-use" specially made suppositories. They are soothing, painless, instant and certain. A trial treatment will be sent you at once by mail, in plain, sealed wrapper, without a cent of expense to you, if you send your name and address to Pyramid Drug Co., 60 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular-size package of Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

RELIGIOUS BELIEFS OF THE HINDU

VANCOUVER, Nov. 28.—Unable to secure permission from the Canadian officials to cremate their dead according to their religious beliefs, the Hindu residents of Western Canada are sending their dead to Seattle, Wash., for cremation. After cremating, the dust is scattered over the sea. According to the Hindu rites, the dead body must be covered with oil and placed on wood covered with brush, and burned until not even the bones remain. The Canadian officials are having considerable trouble with these Orientals, who are now flooding British Columbia. The latter are again taking up the matter with the officials in regard to the erection of a Hindu crematory, but there is small chance of success. They say that the cremation system used in Seattle is not in accordance with their religion.
