Haven't you noticed that your happiest hours occur on days when you feel your best?

Have more of these happy days. You and all your family. Guard health while you have it. Keep on the sunny side of life.

The greatest enemy of health is common constipation. It may cause loss of appetite and energy. Certainly it kills enthusiasm! Yet it can be banished by eating a delicious cereal.

Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" and vitamin B to relieve common constipation. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much pleasanter to eat this delicious ready-to-eat cereal than to take patent medicines. Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. Made by Kellogg in London, Ont.

Sir C. V. Raman, opening the seventh session of the Music Conference at Madras, India, declared the influence of music was the most remarkable of all the great mysteries confronting mankind.

Prong Pierced And Sandalled Priest Served

TORONTO, Feb. 7—(C.P.)—As part of a movement for the canonization of Rev. Father Louis of the Order of Capuchins, who died in Toronto in 1857, Roman Catholics have unearthed interesting material bearing on his pastorate of St. Mary's church here.

When his case of beatification and canonization as a saint comes before the authorities at Vatican City miracles reputed to have been worked in Toronto through the agency of his relics, some of which are still in possession of families here, will be cited.

Researches conducted by Rev. Edward Kelly, scholarly historian of the Toronto archdiocese, have disclosed Father Louis was born of wealthy parents at Lavagna, Italy, educated for banking and spent four years in business before a serious illness brought about his conversion to a religious life.

He entered the Capuchin order in 1825 and spent many years in Italy, France and England before he was sent to Toronto on the plea of Monsigneur de Charbonnel who was about to be consecrated bishop of the city.

A short, dark complexioned man, emaciated but with piercing dark eyes, bearded, arrayed in the Capuchin habit with tonsured head and sandalled feet, he must have seemed a figure out of the Middle Ages when he made his first appearance at St. Mary's.

According to Father Kelly's notes, Father Louis led a life of privation, wearing the Capuchin habit despite the severity of Canadian winters and eating the plainest and coarsest food at only one meal each day. Soon after his arrival he was presented with shoes but never wore them.

In the month of February he came to the administrator of the diocese asking permission to have a fire in his house. The administrator commanded him under obedience to do so at once. He rarely slept more than barely sufficient to sustain nature and always rose to fulfil the canonical hours.

"Then," Father Kelly relates, "when he died and the body was being prepared for burial the culmination of Father Louis' efforts at mortification was disclosed. It was found he wore a hair shirt and around his waist was discovered a girdle made of twisted wires with 37 prongs projecting after the manner of modern barbed wire.

"This instrument of torture he must have worn for many years as the skin about the holes made by the prongs was hard and calloused."

Father Louis was buried beneath the sanctuary of St. Mary's. When it was moved 30 years later to a new building, where it now rests, the body was said to have been "in a wonderful state of preservation." If the movement for canonization progresses far enough exhumation of the body will be necessary.

Public Dancing An Offence In China

(Canadian Press)

EDMONTON, Feb. 6—There are no Chinese people in Edmonton who dance in the approved Western manner, Miss Fong Dickman, daughter of Rev. F. Dickman, pastor of the Chinese mission, stated when questioned regarding the recent order that has gone forth in Canton, forbidding public dances, and listing the pastime as a "public offence."

"I don't know why such an order should be necessary," Miss Dickman said, "because there are many things about Western customs that shock the Chinese people, and the way of dancing is one of them, it is not considered elegant. Our dancing is really what you call gymnastics. Before China threw off the yoke of the Manchu dynasty, no one ever dreamed of dancing, but since the revolution in 1911, there has been much more freedom in every way, and it may be that this custom is becoming prevalent among the young set, and that the government is trying to preserve national traditions. But I am afraid there is no means of stopping the pastime, if the young people have really adopted it, and I don't quite see what harm it can do."

Coincident with this puritanical policy of the Bureau of Public Safety in Canton, there has been issued a sweeping order forbidding students, teachers, and all civilian government employees from wearing foreign-style clothing, or from wearing Chinese-style clothing made from imported materials.

"Although one can see that the vogue for wearing imported materials threatens China's silk trade, it is again strange that this order should be necessary," Miss Dickman asserted. "The Chinese people in this city would prefer to wear the costumes and materials of their own country, if the climate and their curcumstances permitted—and if they returned to China, they would certainly continue to wear the traditional costume. There must be many new influences at work, and the younger generation is probably adopting many western ideas.

"Ladies of the intellectual classes always appear in the soft embroidered silks that forms fashionable attire in China, and those returning home would not like to go around in European clothes."

Still another edict was issued in Shantung in an attempt to prevent women from wearing their hair in the high curled western mode.

LOST—A HOSPITAL $280,000 AWAITS

BOLTON, Eng., Feb. 7.—William Hurst, bachelor and former coal mine worker, died leaving an estate of about $280,000, most of it to a hospital his executor cannot trace.

Hurst, who was 79 years old, left three small annuities, one to the executor of his will, John Harper, of Bolton, another to a cousin, John Price, who died six years ago, and the third to Mrs. Margaret Grundy, a widow who nursed him during his fatal illness.

The rest of the estate he bequeathed to "King Edward VII Royal Hospital, London,' which, as far as can be discovered, does not exist. Hurst had worked as a collier winder, a coachman and had held a license to operate an inn. The size of his estate amazed his acquaintances who had been accustomed to seeing him walk around the streets wearing a scarf instead of a collar and tie.

GRAIN

(Canadian Press)

WINNIPEG, Feb 7—Selling, inspired by downturns in the Chicago market, outweighed ordered on the Winnipeg Grain Exchange today and prices finished ½ to ⅝ cents under the previous close.

May wheat ended at 68⅞ with July option at 70 cents. Threat of rain in the United States southwest upset the southern market which broke three cents at one time.

Trading through the Winnipeg pit was small in volume, export sales were confined to scattered lots, and other support was very thin.

Market observers were of the opinion however, that Winnipeg prices be haved well in the face of the sharp decline at Chicago.

Erratic movement of exchange with the pound sterling again strong, was upsetting at Liverpool and the English market dropped ½ to ⅝d. Broomhal reported a steady decline in stocks of wheat flour in United Kingdom ports, almost 5,000,000 bushels decrease showing up in the past month.

Cash grains trading was thin, and coarse grains values eased with wheat.

CHICAGO, Feb 7—Tumbled down by stop loss selling wheat today fell about 2½ cents a bushel, with other grains also suffering sharp setbacks.

Most of the selling came from houses with connections east, and was associated largely with weakness of the stock market, likelihood of rains southwest, and with prospective imports of rye. The proposed new grain exchange code was also a disturbing factor.

Wheat closed unsettled 2 to 2⅝ under yesterday's finish, corn ⅝ to 1¼ down, oats ⅝-¾ off, and provisions showing 7 to 10 cents decline.

TO THE ELECTORS OF WARD 5

Ladies and Gentlemen:

Yielding to numerous requests, I have decided to offer as a Candidate in the forthcoming Civic Election. In doing so I am actuated solely by a sincere desire to be of service to the community. If you think my presence at the Council Board will be of any benefit to the deliberations of that body, I would sincerely appreciate your support.

May I say that I realize fully the absolute necessity for the most rigid economy in Civic Government, with the desired objective of a balanced budget. I do not believe there is any necessity to resort to increased taxation, and am firmly of the opinion that a plan can be evolved whereby a much greater percentage of the taxes can be collected. I would suggest four equal payments on dates to syncronize with the payment of water taxes. It would appear to me that this would serve the two-fold purpose of making it a much easier matter for citizens to pay their taxes, and would produce the revenue when required, thus reducing interest payments on borrowed money. I have sufficient faith in the citizens of this City to believe that they realize the obligations resting upon them, and are willing and anxious to fulfill their monetary obligations if the way is made easier for them.

May I say also that if elected, I will in every way endeavor to work in harmony with the Mayor, (whoever he may be) and with my fellow Councillors, towards the building up of a bigger, better and more prosperous City. The problems are many and difficult. Most careful consideration and complete cooperation is essential; but with a united Council, working in peace and harmony for a common purpose, much can be accomplished.

I shall make no personal canvass, but will appreciate your support on Election day.

Faithfully yours,

PERCY W. TURNER. L-300
