**SERVICES APPRECIATED.**—One of the features of the Christmas season is that it often brings very pleasant surprises. Rev. R. H. Stavert, of Norton, N. B., formerly of Wilmet Valley, P.E.I., during this Christmas season had two such experiences. On the afternoon of Dec. 29, a large number of the people of Highfield, Cody, and Bellisle, in response to an invitation, came together to take supper at the beautiful home of Mr. and Mrs. David McLean, of Long Creek, on the guest of honor being the Rev. R. H. Stavert. During an evening of pleasant social fellowship Mr. William Murray, of Bellisle, on behalf of the people of the three places, presented Mr. Stavert with an address, and a Saskatchewan buffalo robe, a Landsdowne wagon wrap, and a beautiful black leather grip. On Monday, Dec. 31 the people of Steuarton and East Scotch Settlement gathered in social intercourse at the home of Mr. D. J. Booth, of Steuarton. Shortly before the party broke up Mr. Booth, on behalf of the people, presented Mr. Stavert with an address and a well filled purse. On both occasions Mr. Stavert, though taken by surprise, made a very happy response thanking the people for their thoughtfulness in remembering him so kindly. It will be remembered that last year the Norton section of the congregation presented Mr. Stavert with a set of silver mounted harness, a horse rug and a lap robe. Such expressions of good will tend to bind pastor and people into an ever closer and closer bond of union.

**THE SALE OF DAYS.**—The sale of Days held yesterday in St. Paul's Schoolroom was one of the most enjoyable and successful affairs of the kind held for some time. The rooms were prettily decorated with flags of the Allied nations and the National Colors, all arranged most tastefully. The attendance through the day and especially towards evening was large. The tables, each named for a day of the week and bearing commodities particularly suitable to that day, were managed by a delegation of ladies from the different city churches. Lunch was served throughout the day and those who partook thereof say that old man Lucullus died too soon—he should have lived for the Sale of Days. Music was furnished by the Grace Church orchestra and the League of the Cross Band, a highly delighted gathering. Much credit is due the ladies in charge for the excellence of the work throughout and congratulations also are due as the Guardian learns the day's receipts were of a most substantial nature.

There passed peacefully away on December 5th, after a brief illness from paralysis, John Matthews, of the age of 72, a well known and prosperous farmer near Alberton. Although not being so bright and active as usual for the last few years, he was still a quiet and cheerful nature, which marked him as a man of great faith and confidence in his Lord and Master. All through life he was a wise man of honorable and upright character, respected and loved by all who knew him. He leaves to mourn three sons, H. Waldo of the 10th Battalion, now in England, Emerson of Alberton South and J. Smith at home; also two sisters and three brothers. The funeral service, which was largely attended, was conducted by his pastor, Rev. George Millar, and the remains were laid to rest beside those of his beloved wife, who predeceased him two years and nine months.

On Thursday morning, January 3rd, there passed away at Norway, Lot 1, Elizabeth Phee, relict of the late Peter Doyle, after a long and useful and family life. She was born on the adjoining farm, February 6th, 1831, and was consequently in the 87th year of her age. Sixty-two years ago she married Mr. Doyle and settled in the town where she has since resided. They were the parents of nine children, two sons and seven daughters, three of whom predeceased her. Mrs. Doyle was a good neighbor, a true friend in short, an exemplary Christian woman, and died fortified by the last rites of the Holy Catholic Church, of which she was always a devoted and consistent member. Her funeral took place on Saturday, Jan. 6th. High Mass of Requiem was sung by Rev. A. J. McLaughlin, after which all that was mortal was laid to rest beside her husband, who predeceased her four years ago. May her soul rest in peace.

**SUPREME COURT.**—In the case of the King vs. Frank Hawkins charged with seducing a girl between the ages of 14 and 18, which was continued yesterday morning. After the evidence for the prosecution was all put in, the Court having refused to admit evidence which was tendered to show a resemblance between the child and the prisoner Donald McKinnon, K.C., Counsel for the Crown, directed a stay of proceedings as there was not sufficient corroborative evidence to allow the case to be given to the Jury. H. J. Palmer, K. C., Counsel for the prosecutrix, Mrs. McKinnon's direction, His Lordship, Mr. Justice Hazard consented to the stay of proceedings being entered, declaring that under the Criminal Code the evidence for the prosecutrix must be corroborated in some material particular. The case was accordingly withdrawn from the Jury and the prisoner released.

**WELL MERITED PROMOTION.**—Mr. Paul A. Murphy, Plant Pathologist in connection with the Dominion Experimental Station, Charlottetown, has been promoted to take charge of all potato disease investigations for the Dominion. This will include not only experiments and demonstrations but also a very large field in providing Ontario and Quebec with the means of solving their particular problems in getting rid of the diseases which infest their seed stock. Mr. Murphy has done splendid work in this province particularly in combating the potato diseases and if the many valuable lessons he has given from the platform and through the press are acted upon by the farmers generally it will mean the opening up of a new era in the production of potatoes. The Guardian heartily congratulates Mr. Murphy on his well merited promotion and is pleased to note that he will continue to make his headquarters in Charlottetown.

### Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders—To Get Any Rest

St. Catharines, Ont., Jan. 18.—Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system. When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite fails, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by the proper treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body. Mrs. Geo. S. Ellis, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and, although he consulted for some time and tried different other medicines, he could get no relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the news papers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. It was found to be most from the start and benefited him in this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines, and cannot speak too highly of them." Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

**MISSING.**—A telegram has been received from Ottawa by Mr. and Mrs. Samuel McLeod, Point Prim, stating that their son, No. 74903, Pte. Langhlin McLeod, officially reported wounded and missing between October 30 and 31. Pte. McLeod enlisted with the 17th Battalion, training at Valcartier. Shortly after going overseas he was transferred to the 5th C. M. R., with which he had been in active service for the past year. Pte. McLeod has another brother, Alex, with the 35th Siege Battery, who has been on active service for the past seventeen months.

**105TH CIRCLE CLUB.**—The Bradalbane W.P.S. fittingly began their patriotic work for the New Year by sending the splendid contribution of 41 pairs socks and 1 pair mittens valued at \$40.00 to the Secretary of the 105th Comfort Circle who is forwarding these welcome gifts to the boys in France. The good ladies of the Bradalbane Society have since Nov. 1916, knitted 449 pairs of socks for the brave boys overseas, besides providing numerous delicacies, such as soap, towels, tobacco, etc., and also some hospital supplies. They would be interested in knowing if some other small society has a better record for the same period of time.

**SUPREME COURT.**—In the supreme Court yesterday the case of Wallace Wheatley vs. Donald McKinnon was resumed from the day before. This was an action in which the plaintiff claimed the sum of \$75 for breach of contract in the sale of a pig. The jury after a brief absence of several hours returned and declared a disagreement in the proportion of four for plaintiff and three for defendant. They were accordingly discharged. Mr. Gaudet, K. C., for the plaintiff and Mr. Donald McKinnon, K. C., for defendant. The case of Myrich & Co. Ltd., vs. Wright & Boswell, action for damages, is now before the Court. Court resumes at 10.30 this morning.

**ROTARY CLUB.**—Rotarian Jack Webster presided at the Rotary Club luncheon in the Kozey Korner yesterday. The following new members were introduced on taking their seats for the first time—Harry W. Weeks, James A. MacMillan, and Lloyd Welch. Guests present were Rotarian J. Fred Fraser, member of the Halifax Club, Mr. C. Leonard Grant and J. M. Hunter. Each made a few remarks, Rotarian Fraser particularly emphasizing the desirability of the Club using its influence to firmly establish the "one price" system as between town and country, seller and buyer. If they could establish the practice of paying full market value for buying and adhere to one selling price, it would go a long way to remove the feeling of suspicion which had been cultivated by interested parties in the minds of farmers. Rotarian J. R. Burnett read a paper on "Some Newspaper and Some News-paper problems," for which he was thanked on the motion of Rotarian J. A. Clark seconded by Rotarian A. Irwin. At next luncheon, January 24, the address will be by Dr. A. B. Reid.
