FOREIGN MAIL SERVICE BEING RAPIDLY RESTORED.

WASHINGTON, Aug. 22.—Mail for Europe is being dispatched several times a week now, the Post Office Department announced today. Mail for Germany and Austria-Hungary is sent by steamers landing at ports in Italy, Norway, Holland or Denmark. The vessels scheduled are the American liners S. Louis, St. Paul and Philadelphia, leaving New York Wednesday, and the American Line Steamship New York, and the Red Star liners Finland and Kronland, which leave on Saturdays.

The Philadelphia, scheduled to sail to-morrow, will take mail for all parts of Europe, except Germany and Austria-Hungary.

Since August 11, no mail from Germany has been received in Boston, because of the strict embargo on all German ships and the fear of capture by the allies' ships of war. On that day one sack arrived from Bremen, containing about 400 letters on the steamer Koin.

Previous to that date, one sack arrived from Hamburg on the Cincinnati on August 3; on August 5, two sacks of letters arrived via the Kaiser Wilhelm, and on August 8, three sacks containing about 500 letters arrived.

THE GERMANS HAVE LOST 81 CANNON SINCE WAR STARTED.

LONDON, Aug. 22.—In a despatch from Paris, the Hesperian Telegraph Company's correspondent sends the following summary of alleged German losses as printed in the Paris Matin: "Twenty-four cannon taken by the Belgians from the third to the fifth of August at Liege. "Three cannon taken by the French at Margennes, August 11. "Six cannon taken by the French at Othain, Department of Meurthe, August 12. "Twelve cannon taken by the French near Schraemel, Alsace, August 16. "Twenty-four cannon taken by the Russians at Stallapohren, East Prussia, August 17. "Twelve cannon taken by the Russians at Gumbinnen, East Prussia, August 17. "This makes a total of 81 pieces of field artillery, besides which were captured a number of pieces of heavy artillery, rapid fire guns, aeroplanes and 19 motor wagons. "In addition the Germans lost two flags to the Belgians at Liege, a cavalry standard was taken at Diest, and a flag was captured by the French at St. Blaise, August 15."

TOTAL ECLIPSE OF THE SUN.

WASHINGTON, Aug. 22.—A total eclipse of the sun, which cast complete darkness over a strip of 85 miles wide through Russia, Scandinavia, Asia Minor, Persia and India was only partially visible in this country, but was observed by astronomers at the Naval Observatory here. All Europe, a portion of Africa and Asia, however, fell within its shadow. It was not visible in this country farther south than Washington, West of North Dakota. The shadow fell upon the earth first in Hudsons Bay and disappeared on the east coast of Africa just north of the Equator.

VAL CARTIER REVIEW

QUEBEC, Aug. 22.—Inclement weather today greeted the troops at Val Cartier for their first big day. Nearly five thousand men, mostly from the Maritime Provinces, Ontario and Quebec, arrived to-day and marched to sections of the camp.

NO FOUNDATION FOR THIS REPORT.

VANCOUVER, B. C., Aug. 22. It is believed here that there is absolutely no foundation for the rumor that a German cruiser has called or is about to call at Prince Rupert for coal. At present there is a detachment of Irish Fusiliers under Lieut. Colonel McSpadden at that point, and up to the present no intimation has been received from brigade headquarters of anything untoward. The German cruiser Leipzig did not pass through the Straits to the North, or she would have been engaged by the Rainbow and submarines. Neither was she seen on the West coast of Vancouver Island.

THE CANADIAN CONTINGENT WILL SAIL UNDER SEALED ORDERS

OTTAWA, Aug. 22.—Canadian troops who are going to the front are expected to see active service in the fullest acceptance of the term. They will not be detailed for duty in England or elsewhere. This was the specific understanding when the enlistment was begun and it will be carried out. Just where our divisions will have been what section of the army it will be absorbed cannot be forecasted. They are to sail under sealed orders.

EARTHQUAKE IN ITALY.

ROME, August 22.—An earthquake shock was felt at Rome today and caused great alarm. The people of the city rushed into the streets. The inmates of San Donnio prison had a bad scare, as they believed that the building might collapse.

AEROPLANE WAS RIDDLED BY BULLETS.

LONDON, August 22.—Adolphe Pegoud, the noted French aviator, has returned to Paris from the war zone to get a new aeroplane. According to a Paris dispatch to the Exchange Telegraph Company, the wings of Pegoud's old machine were riddled by 97 bullets and two shells when he made a flight with a military observer of 186 miles into German territory. Pegoud could not say just where he had been except that he recrossed the Rhine and blew up, by means of bombs, two German convoys.

PARIS, Aug. 22.—Sub-Lieutenant Vincent Folque, only son of Colonel Folque, met a heroic death under exceptionally tragic circumstances. The young officer who had just left China had been attached to his father's regiment, Friday last Colonel Folque called for an officer to volunteer for what was practically a forlorn hope. His son was the first to come forward. Colonel Folque appointed him to the mission. A few hours later the young Lieutenant fell mortally wounded.

INTERCESSION AT ST. PAUL

LONDON, Aug. 22.—St. Paul's Cathedral, which is situated in the heart of London, was crowded all day and to-night by sorrowful worshippers, downcast because of the war. It is generally recognized as the nation's church and was filled to its capacity by citizens begging intercession for soldiers and sailors who are engaged in the conflict. Services began at seven in the morning and continued throughout the day. Signs bearing the words "church full" were posted early. The gates of the church yard were closed, and thousands of people gathered in the street awaiting an opportunity to enter. Many soldiers uniform were among worshippers. Last night the Lord Mayor of London attended the service with a large detachment of soldiers.
