NO FRIEND TO SUFFERING HUMANITY

Anyone who speaks a word against Oxygen Therapy or the Farador is no friend to suffering humanity. Such traducers may sometimes err through ignorance or prejudice, but in the light of all the cures that have taken place in our midst by means of Oxygen Therapy, such ignorance or prejudice is inexcusable.

Among recent cures effected by means of Oxygen Therapy is a case of appendicitis, a case of blood poisoning, a case of typhoid fever, two cases of neuritis, one of sciatica, two of nervous prostration and several of anemia.

Friends of suffering humanity should spread this good news to those in need. The fullest investigation is invited.
