

The Easy Laxative

In justice to yourself you should try Rexall Orderlies, — your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish, the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promise and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associate organs or glands.

THE CENTRAL GUARDIAN

CONTRACT STARTED.—The Amherst News says that Messrs Phillips, Mutch and McLean of Charlottetown have the contract of building the branch line into Pugwash. At present they have only a limited number of men at work as they are experiencing some difficulty in securing earth for filling in purposes.

VALUABLE REPORT.—The Department of Agriculture is in receipt of the Report of the Dominion Chemist for the year ending March 31st, 1912. On page 157 there is to be found a very excellent article on Insecticides and Fungicides in which the relative values of Arsenate of Lead and Paris Green are discussed. In speaking of Arsenate of Lead it states that it continues to grow in favor, and is fast replacing specially commend it as a great adhesiveness and non injury to foliage even when put on very strong. There is a suggestion made for standardizing Arsenate of Lead, among which is a 12.5 per cent Arsenate Oxide basis. The basis of Paris Green is 50 per cent arsenate oxide basis. The whole thing is gone into very fully and yet in a manner that is easily understood, and every fruit grower and potato grower would do well to look it over carefully. Copies of this report can be had either from the Central Experimental Farm, Ottawa, or from the Provincial Department of Agriculture, Charlottetown.

Mr. Francis Walker who has been attending St. Dunstan's College left yesterday for Moncton to attend the funeral of his mother Mrs. J. J. Walker whose death was announced in yesterday's Guardian.

At the Yarmouth Y. M. C. A. Boys' Camp, held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and tooth-ache.

ALFRED STOKES, General Secretary.
