

PROHIBITION PLEBISCITE

Voting September 29th, 1898.

FORM OF BALLOT.

Are you in favor of the passing of an Act prohibiting the importation, manufacture or sale of spirits, wine, ale, beer, cider and all other alcoholic liquors for use as beverage?	YES	NO
	X	

What Answer Will YOU Give?

An X in the first column as above will be a vote for Prohibition, and against the liquor traffic.

If a woman walked bare-footed on the sharp edge of a sword, she would not undergo one-tenth of the agony daily borne by thousands of women without complaint. They suffer greater misery and pain than could be inflicted by all the professional torturers that the world ever knew. Day and night they suffer from headaches, dragging down and burning sensations, pains in the sides and back, hot and cold flushes, nervous and trembling, and physical lassitude and mental depression. The whole body is tortured with pain and the entire nervous system is wrecked. If they consult the average ordinary physician, he will attribute their bad feelings to stomach, liver, kidney, heart or nervous troubles. If by accident he hits upon the right cause, he will insist upon the disgusting examinations and local treatment so embarrassing to a sensitive, modest woman.

The real trouble is weakness or disease of the delicate and important organs that bear the burdens of maternity. There is need for examinations or local treatment. Dr. Pierce's Favorite Prescription cures all disorders of this nature in the privacy of the home. It acts directly on the sensitive organs concerned, making them strong and well. It allays inflammation, breaks up the mucus, soothes pain and builds up the nerves. It stops the discharging drains. It banishes the discomforts of the expectant months, and makes the coming easy and almost painless. It restores the beauty and vivacity lost through long months or years of pain and suffering. Thousands of women have testified to its marvelous merits. At all medical stores. Avoid substitutes.

For cover customs and mailing only, send in recent stamps for paper-covered copy, or for the gift-bound copy, of Dr. Pierce's Favorite Prescription. Medical Adviser. Address, Dr. J. C. Pierce, Buffalo, N. Y.

EDITOR'S MAIL.

The Reason Why.

SIR,—Mr. William Campbell is elected and I am not sorry. Dr Robertson is a Liberal of the Fred Peters kind. He does not represent Liberalism as I understand it, and was not nominated by the cleaner element in that party. The wire pullers, boodlers, petty officials and rum element in the party controlled and packed the convention. Some of the delegates were picked off the street to represent a poll that was never notified to send delegates to the convention, and such men as John C. Clark, George Simpson, Cyrus Crosby and James A. Campbell, could not be nominated in that convention, but could have been elected. The Doctor was better than the convention that nominated him, but he accepted it and deserves defeat.

LIBERAL.

A Word of Thanks.

SIR,—Permit me through the medium of your paper to express thanks to Mr. Devlin and Mr. Pope for kind treatment accorded to teacher and pupils of Stanhope School. On Friday, 26th ult., they were taken aboard Mr. Devlin's beautiful launch and treated to a sail through the spacious waters of Covehead Bay. After steaming round the bay and landing at the wharf they all repaired to the boat house (which is a model of neatness) and were treated to refreshments and fruit. Next they enjoyed games conducted by Miss Pope and then were served ice cream from the N. E. Shore Hotel. I must not forget also the kindness of Mrs. Pope and Mrs. Devlin who served the refreshments.

The pupils then returned to their homes thoroughly pleased with their afternoon enjoyment. Mr. and Mrs. John McMillan, whose wedding notice was recently published, were the recipients of a handsome set of dishes from Mr. Devlin.

DISFIGURED FOR LIFE

Our little girl's humor commenced with a tiny sore on one nostril, but it kept on spreading till we thought she would never get it cured. We tried everything we could get, but it kept getting larger all the time, till both nostrils, the upper lip, a part of the lower lip, and up one side to the eye, were a solid sore. We thought there was no cure, and that she would be disfigured for life. Finally we tried CUTICURA REMEDIES. We used CUTICURA RESOLVENT and nearly a box of CUTICURA (ointment), and in a short time she was entirely well, with no scar or trace of the humor. Mrs. WM. CHICHESTER, Plainville, Ct.
