FOX MEN ATTENTION

Experts tell us young foxes require bone meal. The safest and most satisfactory way in which it can be fed is by feeding the IMPERIAL FOX BISCUITS. These Biscuits contain a good percentage of fats, both animal and vegetable, and, when fed in skim milk, produce excellent results.

Be sure IMPERIAL FOX BISCUITS form a large part of the diet of your growing foxes this season.

FOX MEN

I am in a position to impart to you after experimenting for three years how to prevent diarrhoea and dysentery trouble in young fox pups, thus minimizing your losses and reducing the mortality. It is in the art of feeding. I have been using for a period of three years Shredded Wheat and found without a doubt the best food obtainable giving best results and minimizing the cost of feeding.

I have a shipment due to arrive any day of about three tons and will be glad to receive applications in lots of 100 lbs. and over. The Shredded Wheat is packed in bags, accurate weight, fully 35 per cent cheaper than any biscuit on the market, easy digestible, no trouble and an absolute saving. Some of the largest ranches are using same on my recommendation and each and every statement made can be corroborated. For your own good drop me a line or call and see me I will tell you more about it.

SCHOOL EXAMINATION.—One of the largest half yearly examinations was held in Brooklyn School took place Friday afternoon June 27th. Although the rain fell in torrents the majority of homes in the district were represented. The large number present but emphasizes the fact that increased district supplement towards the teachers salary means greater interest in school affairs in general. The work in this school for the first of the year was conducted by Miss Alice Johnston and for the latter part by Miss Grace Dockendorff of North River who is a first class teacher and a recent graduate of P. W. College. The children by their prompt and correct answers to all questions showed careful and patient teaching. Splendid advancement has been made by the lower grades. The pupils gave a short programme of dialogues, recitations and songs. Here again the pupils showed thorough training. During the intermission the teacher generally served candy and nuts to all. Before the singing of the National Anthem the chairman in a few well chosen remarks expressed the satisfaction of all present in the splendid progress made during the past year. Much regret is felt throughout the district that Miss Dockendorff cannot remain for the coming year.

Hard and soft corns both yield to Holloway's Corn Cure, which is entirely safe to use, and certain and satisfactory in its action.

WELCOME!

--a Thousand Welcomes to Returned Men--

WELCOME a thousand welcomes home to old Prince Edward Island. Every heart is fairly bursting with pride and admiration—every home is made glad by the return of the war scarred veterans, who have added lustre to the glory of Canada's war achievement—and no human mortal could do more.

Let us give the boys who have returned a genuine whole-hearted reception—let us show in action and deed our high sense of pride—our appreciation of their patriotism—pluck and perseverance—and for the boys who sleep among the poppies in far-off France let us offer a silent prayer, knowing that they fought and died for the most sacred cause—a cause consecrated by the prayers and heart-rending appeals of the innocent and defenseless.

The Boys who have come back are deserving of the best that we can give—and what we do give, let us give unselfishly—unflinchingly—patriotically. Let us take them by the hand and convince them by the very generosity and and heartiness of our welcome that the "heart suppliyeth what the hand lacketh"

And in conclusion, just a word to the Boys themselves; Since you went to France the old firm of R. T. Holman Limited, have worked harder than ever to "Carry on", so that when you would return you would find ahead of you a concern that would command your confidence and respect—a firm worthy of your patronage and support.
