

There were many who said that wasn't possible. But here it is—bombers moving along a production line in the North American plant in Dallas. Thus assembled as autos once were, the planes are built in tens of thousands against a few hundred not many months ago. But ships move backward on this line for greater working convenience.

Scouts of Lethbridge, Alta., packing 400 pounds of Government approved vegetable seeds collected with the aid of the Kiwanis and Lions clubs, I.O.D.E., and the Scouts of Taber, Nobleford, Barnwell, Coaldale, Turin, Vauxhall and Picture Butte. The project was part of a Dominion wide Scout plant to provide seeds for British Scout "Dig for Victory" gardens.

Monthly Meeting Of The I. O. D. E.

The monthly meeting of the I.O.D.E. Chapter of the "Royal Edward" Chapter of the I.O.D.E. was held in the Chapter rooms Monday afternoon. Mrs. H. J. Gordon, Regent, presiding. Plans for "The Penny Parade" which is to take place on Friday, July 3rd, were discussed. It was decided that the money obtained from this effort will be used toward the production of a craft, which are so urgently needed at this time. The Chapter is very fortunate in having the assistance of Mrs. Blake and the help of a number of the R.A.F. men in this endeavor, and they are hoping that the people of Charlottetown will give them their usual generous support on that day. Miss Catherine McLennan, Pres-

ident of the P.E.I. Registered Nurses Association spoke before the Chapter, asking for their support when Miss Kathleen Ellis, Emergency Nursing Advisor, Canadian Nursing Association, will be in Charlottetown about the middle of July. Miss Ellis wishes to put before the thinking people of the community the condition regarding the supply of available nurses in Canada. In case of any epidemic, or catastrophe, a serious situation would exist owing to the shortage of nurses. A splendid donation of quilts, afghan, socks and mittens from the Victory League, and the Junior Victory League of Melville, P. E.I., was reported and gratefully acknowledged. These articles have been shipped to the people of the bombed areas in Britain. The Honorary Regent, Mrs. Mathieson, gave an interesting re-

port of the Annual Meeting of the National Chapter recently held in Montreal. The Treasurer reported satisfactory receipts from the sale of roses. Other routine business was transacted.

When these pictures were made in Libya a few weeks ago things going well for the British. German tanks like the captured one above were being hoisted. German prisoners like those at left below were being taken. South African gunners like those at right below were blistering the desert with bullets. But Rommel came back with bigger, better armored tanks to take many more thousands of British prisoners, a large part of them South Africans.
