## Harris May Be Forced To Split Bison Outfield

(By The Associated Press)

BUFFALO, N.Y., May 31—Bucky Harris faced the sad prospect today of breaking up Buffalo Bison's sensational outfield, just after his gardeners had collected 13 hits in a Memorial Day salvo that lifted the club to the top of the International League cellar.

Right fielder Eddie Boland, who had slammed five home runs in the last week and delivered five hits in yesterday's double victory over Toronto Maple Leafs, left this morning to try to wrangle an extension of his leave from a civil service position in New York City's Sanitation Department. His hopes were not satisfied by National League, Lombardi, Giants, 24; American League, Stephens, Browns, 24.

Harris, meanwhile, had his fingers crossed against a recall of players in softball circles.

## Snead And Nelson In Can. Open

(By The Canadian Press)

MONTREAL, May 31—Headed by Byron Nelson, Ohio shotmaker and top money winner of the United States winter circuit, and Sammy Snead, his West Virginia rival, a contingent of 24 players will be contenders for the \$10,000 prize money put up by the Canadian Professional Golfers Association for its open tournament to be staged at Ilesmere, Que., June 7, 8 and 10.

The entrants Nelson and Snead have already been received by Jimmy Patton, secretary of the association. Patton announced that in addition he has entries of Harold "Jug" McSpaden, another high money winner in winter competitions, and Jimmy Thompson, reputedly the longest hitter in the game.

## Reds Whip Philadelphia By 8-1 Score

(By The Canadian Press)

Walter (Boom Boom) Beck turned in a five-hit home performance today as Cincinnati Reds defeated the Philadelphia Blue Jays, 8-1, to sweep a three-game National League series.

Bill Lee started on the mound for Philadelphia and was replaced in the third by Andy Karl. The Reds' lead was extended to 8-0 in the fifth inning when they scored four runs and abetted by four errors. Lee, in the part of their teammates, pitched the final three innings.

Rain caused postponement of the New York-Chicago game.

Two fielded 13 and all of Cincinnati scored two runners to give Brooklyn Dodgers a 6-4 victory over the Pittsburgh Pirates before 13,126 fans.

The Dodgers spiked a Pirate rally in their half of the 13th inning by their fifth double play of the game. Jack Barrett walked, and when Al Giofriddo hit a long fly, was doubled off first. Bob Ewing pitched the final three innings and Babe Dahlgren beat out an infield hit to load the bases. Then Bill Hart threw out Vic Barnhart to end the game.

Scoring five runs in the first inning after Boston had tallied once, St. Louis Cardinals stayed in front to defeat the Braves 8-4 in the finale of a National League series.

In making those five runs the world champions drove Al Javery from the mound in the first and he was followed by two other hurriers.

## Former Football Ace Is Drowned

(By The Canadian Press)

DARTMOUTH, N.S., May 31—PO, Jack Vogt, 22, of Hamilton, Ont., former backfield ace with Hamilton Wildcats football team, was drowned in nearby Lake Banook today when a dinghy capsized. His body had not been recovered.

Vogt, who was stationed with the R.O.A.F. at the airport here was in the dinghy with 15-year-old Roy Rogers when it was capsized by a sudden squall. The boy clung to the overturned dinghy, but Vogt started to swim ashore, sinking when only 40 feet from land.

PO Vogt, who had been in the Air Force about two years, played last year with H.M.O.S. Peregrine Combes in the Halifax Football League. He was prominent in that sport in Hamilton, and played on intermediate hockey teams there, as well as basketball and baseball squads.

## Chess Tournament Scheduled June 5

(By The Canadian Press)

SASKATOON, May 31—(CP)—One game has been made in the chess tournament to be held here June 5.

Leo Mosher of Winnipeg has notified the committee he is unable to compete in the tourney and his place will be taken by S. Hegler, Edmonton.

While chess experts believe Able Yonofsky, Winnipeg, defending champion, is the player to beat for the 1945 title, they think his keenest opposition will come from John S. Morrison, current Toronto City champion, and former holder of Dominion honors.

Those involved. But taking care of fellows like that who treat their obligations to the club which employs them is up to the managements of the team.

Fortunately for baseball, such persons are few and far between. However, their ilk is not limited to baseball diamonds. You will find them in almost every business establishment, but they don't have their jobs long, once their interest in racing interferes with their efficiency at a desk or a machine.

Some U.S. sports writers were outraged because Larry MacPhail, general manager of the Yankees, recently took his bride to a Maryland track and made no bones of the several hundred dollars in cash he shilled on the ponies.

These scrivners expected High Commissioner of the U.S. (H.C.P.) Chandler to call Mr. MacPhail into his office and tear him limb from limb and they expressed indignation when the Commissioner brushed off the incident as of no consequence.

Contrary to popular belief, the late Kenesaw Mountain Landis, who had no time for the bangtals, never did rule that a ball player must stay away from the racetracks and refrain from making a bet.

It discouraged the practice, it is not because he saw any thing wrong in a player spending an off-day at the track, but rather to minimize the danger of an athlete establishing an association with professional gamblers who frequent horse plants.

Barring ball players from attending the races or making bets without their means would be an almost impossible regulation to enforce.

There have been instances of players who have been more concerned with the outcome of the sixth race at Narragansett than with the ball game in which they

## Recinded

(By The Canadian Press)

OTTAWA, May 31—(CP)—Moultion regulations across Canada were required to report names and other data of students who failed their examination or who finished in the lower half of their classes have been rescinded, a selective service spokesman said today.

## Detroit Scores Shutout Victory Over Yankees

(By The Canadian Press)

Les Mueller, a discharged serviceman who spent 2 1/2 years in the army, clipped New York Yankees American League lead to one game today as he hurled Detroit to a 4-0 shutout victory before about 5,300 fans at the second Yankee Stadium (twilight experiment).

At Boston undefeated freshman Dave Perini, now hailed as "Supperman" to his Red Sox teammates, gained his seventh straight victory, a 6-2 affair by giving a five-hit performance against Cleveland Indians.

As in their custom behind Perini, the Red Sox rallied for a terrific inning, the fifth, when they scored five runs on five hits, including George Metkovich's homer, and two passes.

With two out, Bobby Estelle's eighth inning single gave Philadelphia Athletics a 3-2 home victory over Chicago White Sox.

Joe Berry received credit for the win, relieving Don Black in the second inning. Black was forest from the game with a wrenched back, suffered in a collision with umpire Carl Hubbard, and is expected to be sidelined several days.

At Washington, St. Louis Browns put over four runs in the second inning of an American League game tonight to defeat Washington Senators 5-2.

The Browns took advantage of Mickey Hefner's wildness in the second to take a comfortable lead. Two walks, three singles, Hefner's error and Metkovich's double accounted for the four runs.

## Riddle To Report To Cincinnati

(By The Canadian Press)

CINCINNATI, May 31—Elmer Riddle, leading pitcher of the National League in 1944 but sidetracked by a lame throwing arm since last May, today informed Cincinnati Reds that his arm is "in shape" and he will report to the team June 8 in Chicago.

## Bowling Challenge

A team managed by Arthur Affleck is out with a challenge to Arthur Ryan's Bowling squad to a game to be rolled on any alley in Charlotte on June 10. Ryan's team is led by Jimmie Thompson. There is said to be much rivalry between the two squads, and their meeting is being looked forward to.

## Chiung Resigns As Premier

(By The Canadian Press)

CHUNGKING, May 31 (AP)—Chiung Kai-Shek resigned today as premier and turned the post over to Premier T. T. Soong in a move viewed as a step toward solidifying China at a time when the United Nations are applying tremendous pressure on Japan from all quarters.

Mr. Chiung retained his post as premier of the central government and as commander-in-chief, and now will be able to concentrate on military tasks in this critical period of the war on the continent of Asia.

Mr. Soong, Gen. Chiang's brother-in-law, became acting premier in the last days of the war. He is regarded as a popular one, possibly paving the way for a working agreement between the central government and the Communists of North China. Mr. Soong's attitude toward the Communists is known to be moderate.

His elevation to the Premiership, or president of the executive Yuan, as the post is designated in China, raised the possibility that he would attempt an forthcoming meeting of the Big Five leaders of the United Nations.

Moreover Mr. Soong will be in a better position to talk to Premier Stalin on the matter of improving relations between China and Russia should the latter visit Moscow on his way back to China from the San Francisco world security conference. He also will be better able to engage in discussions with other international leaders.

In any event Mr. Soong's popularity throughout the country is expected to strengthen the central government's hand in the military situation. There have been some unconfirmed reports that the Communist Party has been reached in the north to wage a single war against the Japanese invader.

## Declares Jails In Maritimes Disgrace

(By The Canadian Press)

OTTAWA, May 31—The Labor Department announced tonight that it no longer was necessary for a man on postponement from military training or his employer to request from mobilization registrars a renewal of postponement. A statement said that mobilization registrars were at present sending letters to all men on occupational postponement under the military call-up, advising them that while their postponements are extended until further notice by reason of their employment, they are not free to change their jobs.

Commenting on the move, Labor Minister Mitchell said that maintenance of production required that men on occupational postponement be assured of their jobs because of which their military training was postponed.

## Change Regulations Re Postponements

(By The Canadian Press)

OTTAWA, May 31—(CP)—Restrictions on the use of copper or other non-ferrous metals for rural electrification or for other public utility services have been removed, the Munitions Department announced tonight.

"The outright cancellation of these restrictions will allow the public utilities to purchase without permit non-ferrous metals for new installations and extensions of electric, gas, water, street car, sewage, telephone and telegraph service," said the announcement.

## REMEMBER WHEN

(By The Canadian Press)

Lou Gehrig, then 22, Columbia University's gift to baseball 20 years ago today took over first base for the New York Yankees to start an iron non-ferrous metals in modern baseball. In 14 years Lou played 2,130 consecutive games for the Yankees. He died in 1941 when his baseball prowess was immortalized on the screen.

## Free Dispensary—

(Continued from Page 1)

sary for having made the inspection of all meat and milk sold in the City for human consumption compulsory. The fight had not been an easy one but the Dispensary had persisted in its efforts until its work was crowned with success.

With respect to the Sanatorium, the Doctor said it was true the Federal Government had given the Province a grant of \$75,000 with which to build a sanatorium and thereby increase the bed capacity by 75 beds. But that increase was not wholly adequate to the great needs of the Province. Presently the Province had the lowest bed capacity for sanatorium requirements, in proportion to its population, of any Province in Canada.

On behalf of the audience as expressed by several members, Major MacNutt tendered a hearty vote of thanks to Mrs. Goldie and Miss Tait for their splendid reports.

The following slate of officers were elected:

Honorary President—Mr. W. F. Tidmarsh.  
 President—Major T. E. McNutt.  
 Vice-President—Dr. W. J. F. MacMillan.  
 2nd Vice-President—Mr. C. H. Black.  
 Secretary-Treasurer—Mrs. Alban Farmer.  
 Executive: Mrs. S. R. Jenkins, Mrs. R. L. Cotton, Mrs. C. Gavin Duffy, Mrs. Margaret Cotton, Mrs. J. E. Harris, Mrs. Louise Healy, Mrs. J. J. Morris, Mrs. J. P. Gordon, Mrs. Sidney Green, Mrs. Harry Tidmarsh, Mrs. J. D. McGaughan, Mrs. H. E. Miller, Mrs. D. J. Riley, Miss Amy Earle, Mr. J. H. McQuaid.

## Judd Goes To Athletics

(By The Canadian Press)

BOSTON, May 31—(AP)—Oscar Judd, 30-year-old Canadian south-paw pitcher, tonight was sold to the Philadelphia by the Boston Red Sox for the waiver price. He will report to his new club in Pittsburgh tomorrow.

## Maj.-Gen. J. B. White Dies At Montreal

(By The Canadian Press)

MONTREAL, May 31—Major-General J. B. White, D.S.O., former commander of the Canadian Forestry Corps overseas and vice-president of Canadian International Paper Company, died in hospital today after an illness of several weeks.

He was 71.

Gen. White commanded the Forestry Corps from the time it was formed in 1940 until he returned to Canada in 1943. He has been in poor health since his retirement from Canada.

He was president of Bathurst Power and Paper Company, and vice-president of Galtineau Power Company and of the Canadian Forestry International Paper Company as well as a director of a number of other firms.

Born in St. Rainer Road, Que., he was educated in Ottawa and entered business with the Hull Lumber Company. In later years he was at various times president of the Quebec Forest Industries Association, director and president of the Canadian Lumbermen's Association and the Canadian Forestry Association, and president of the Canadian Pulp and Paper Association.

He went overseas in the First Great War as a major with the 7th Duke of York's Royal Canadian Hussars and rose to commander of the Canadian Forestry Corps. In 1917 he was appointed deputy-director of forestry with the Imperial Armies.

## Sentenced For Part In Rioting

(By The Canadian Press)

HALIFAX, May 31—(CP)—Seymour Cook of Halifax was sentenced today to three years in Dorchester Penitentiary for his part in the V-E day rioting. Cook was found guilty on one charge of committing damage and was sentenced to three years, and pleaded guilty to a second charge, and was sentenced to two years. The sentences will run concurrently.

Other charges involved plate glass windows.

## More Copper For Rural Power Lines

(By The Canadian Press)

OTTAWA, May 31—(CP)—Restrictions on the use of copper or other non-ferrous metals for rural electrification or for other public utility services have been removed, the Munitions Department announced tonight.

"The outright cancellation of these restrictions will allow the public utilities to purchase without permit non-ferrous metals for new installations and extensions of electric, gas, water, street car, sewage, telephone and telegraph service," said the announcement.

## Forty Families Visited

About forty families and persons are on the visiting list, averaging around three to four calls a day. Some are visited more frequently than others depending upon sickness. There was one death.

One family, which seemed to have been deserted by the father for over six months or more, was living in a disgraceful, impoverished condition. It was given a great deal of help by the Dispensary, the Red Cross and others. The case, owing to Mr. Brawders' efforts, was brought up in court. The majority of the children were placed under the Children's Aid and were taken to the Orphanage where we know they are well cared for.

This Society is a great blessing to many. The means are not large but all the help possible is given them in distress, especially with medicine. There are still quite a few calls upon us. The mother, a widow, and sometimes the sole support of her small children, falls ill and needs help badly. Sometimes both parents are ailing and unable to work. It seems to me that a day nursery would be quite a blessing to many working mothers whose children are too small to be left alone. It would also prove quite a help to many fathers who find themselves in rather difficult position when their wives have to go to hospital and there are very small children at home.

In an emergency we can give a fair amount of aid over a difficult

## Large Crowds Attend Annual Spring Carnival

Presented for a worthy cause—that of furnishing funds for the Red Cross Corps, Navy Auxiliary, and the Kinsmen—the Spring Carnival is attracting large crowds at the Armouries. But there are other reasons why the crowds are increasing rather than diminishing each night. One reason is that the entertainment is of the highest order.

The headliner is "Variety Joe," a New York and Montreal celebrity in the entertainment world who keeps the crowd spellbound as he puts through his fire-eating act. His balancing acts, too, show that his perfect muscular coordination was not learned in a day.

Harry Bugden of H. M. C. S. "Queen Charlotte" and Cpl. Fran. Dugan, no newcomers to Char-

lottetown audiences, continue to delight the crowds with their finished dancing ability.

One of the most alluring attractions are the wheels of fortune. A lucky spin of one entitles the patron to a large box of fancy chocolates while a lucky number coming up on the other wheel entitles one to a pair of full fashioned hosiery.

There is also home made candy fit for any epicure, and recondite foodstuffs "as good as new."

The midway is the best seen in the City for many years, which is another assurance the crowds will continue to grow. The Carnival ends Saturday night with the first performance each evening beginning at 7.30.

## MASS GRAVES DISCOVERED

(By The Canadian Press)

ANETA—Mass graves of 350 Dutchmen killed by the Germans during the last months of the occupation have been discovered near Zandvoort, it was reported here today.

Various graves were uncovered and each found to contain 30 to 60 bodies, mostly of men. The remains of the bodies had been shot, but many had their skulls smashed in and many others had been shot in the stomach before the Germans finished them off.
