OUR ISLAND VOLUNTEERS.

Enrolled to Fight in South Africa.—Church Parade on Sunday.

A telegram was received yesterday by Col. Moore stating that P. E. Island's complement would be 30 men on the contingent instead of 25 as first stated.

Yesterday Surgeon-Major Warburton examined about 28 volunteers. During the day his office was crowded with men waiting to take the examination.

Enrollment will begin today at the drill shed at ten o'clock. Those who have been accepted will be at once sworn in and drill will be commenced under a competent drill instructor.

It is expected that the P. E. Island contingent will be ready by tomorrow morning. The most wide-spread enthusiasm prevails and additional men are volunteering nearly every hour.

Up to a late hour last night upwards of 80 men had volunteered for active service.

On Sunday morning the city militia and a number of volunteers from the country will parade at the drill shed and march to St. James' Church where a sermon suitable to the occasion will be preached by Rev. T. F. Fullerton, Chaplain of 4th Reg. C. A.

The parade will consist of:

MAP OF SOUTH AFRICA.

VISITS LOWELL

Captain Pyc of the S. S. Halifax By the York Club.

"Clear-grained human worth. And brave old wisdom of sincerity."

A monograph in two lines and every word pat.

A graphic delineation of the character of the man of our thoughts, and admiration for the poet's sagacity, if he had Captain Pyc in mind when he penned the couplet. It fits with Marcus Aurelius—"What does the work of a fig-tree is a fig tree, and what does the work of a bee, is a bee and what does the work of a man is a man." The Mail publishes a cut of the Captain and says:—The picture at the head of this article is too sedate for the popular commander of the Plant Line's steamship "Halifax," the mariner who piloted the Mail's recent six days' excursion party from Boston to Prince Edward Island, and it gives no evidence of his disposition to transfer a slice of sunshine to every acquaintance.

You must know and make a study of the man as a friend to know him, for he likes his friends with no more half-way fervor than he does the sea which he has followed from his boyhood. And as to his enemies, they are as unrecognizable as the most distant light on the outpost of the ocean he has been navigating for years with his staunch steamship "Halifax" of the Plant Line.

Captain Pyc had a brief visit to Lowell yesterday (his first offence) and was the guest of the Mail during his short but enjoyable stay, and his visit was a sort of reunion of the Mail's six day's tour of the Maritime Provinces. Early in the afternoon an informal reception was tendered him at the home of Mr. B. F. Sargent, where a delightful time was spent. Mrs. W. A. Dickson and Mrs. E. P. Dennis assisted in receiving the company, after which the captain in company with Mr. Abel Wheeler and Mr. Z. W. Sturtevant paid a visit to C. I. Hood's stock farm

where the prize cattle were inspected and admired. Later he was entertained by members of the York Club, but being obliged to leave at 6.30 to fulfil an important engagement in Boston, his intended visit to the Highland Club in the evening was necessarily omitted from the programme. However, Captain Pyc expects to make another visit in about two weeks and his coming will be looked forward to with many pleasant anticipations.

COME TO THE PROVINCIAL BAZAAR in aid of the NEW CATHEDRAL Oct. 16, 17, 18, 19 and 20th. If you don't see it sgrandeur, your eyes are defective. Take advantage of the FREE EXAMINATIONS and CUT PRICES (now on) at the Boston Optical Co and continue until after above date) and have your eyes SCIENTIFICALLY TESTED by a Specialist of many years experience. Dr. McKay Jordan, Doctor of Optics and Fellow of Optics Graduate of the Northern Ill. College of Ophthalmology and Otology Chicago, wh I will test your eyes CAREFULLY and SEPARATELY, fitting each eye with the necessary glasses to insure comfort and ease.

The plan of trying the various glasses on the Optician's Counter, or FAR worse the Peddlars box is about as rational and safe as it would be in case of sickness to try the contents of the various bottles on the druggist's shelf without a prescription.

Beware of those who are not well versed in the Anatomy and Physiology of the eye with its appendages, for the eye is too delicate an organ to be trifled with.

We prescribe NO MEDICINE, in all cases where our Ophthalmoscopic and Skiascopic examinations disclose the existence of diseases, we frankly turn you over to your own doctor.

ASTIGMATIC CASES A SPECIALTY. If you are not perfectly satisfied with the glasses you have, call at once, and see what we can do for you. Yours for better sight.

Don't Get Caught Keep Your Eyes Open

When buying your fall suit or overcoat. Beware of the man, who offers you a suit worth \$15.00 for \$5.98 or who pays the newspapers a liberal amount to advertise his "unprecedented" and "impossible" bargains gathered from the slums of other cities. When bread and meat are sold so dear, and flesh and blood so cheap. WE believe in SUBLIMITY OF PLAIN TRUTH. When we offer you a good suit for \$9.50 or a better one for \$12.00 you are sure of getting your money's worth. New goods arriving daily.
