Will Build Boat Miss England III

LONDON, Jan. 21.—(CP)—The London Express said today that an un-named "Wealthy United States car manufacturer" was negotiating with Fred Cooper, designer of the motorboat Miss England, to build a boat to compete with Miss England, which now is being built here.

The new boat would be built in England, the newspaper said, but might have United States engines. The express said it understood a speed of 45 miles per hour was sought, which would be almost 35 miles an hour more than the existing record.

U. S. Commends Canada's Sales Tax

(Canadian Press)

WASHINGTON, D. C., Jan. 21.—Two experts sent to Canada by the United States treasury department to study the manufacturers sales tax in the Dominion, told the House of Representatives Ways and Means Committee today the Canadian sales tax system was practical for the United States and would bring large federal revenue.

Dr. Thomas S. Adams, of New Haven, Conn., Professor of Political Economy at Yale University, said the Dominion's sales tax was strictly a "manufacturers tax" in that a levy of four percent. on all goods manufactured or imported into Canada was imposed. He said it was not a "turn-over" tax and 'does not appear in a direct visible form in the actual sales." By licenses and certificates, he said, duplication of taxes was eliminated, but declared the most important phase of the system was the exemption granted certain articles produced by small manufacturers.

He said he had found no opposition to the tax, that it was successful, well-administered and netted about $44,000,000 annually in Canada.

E. C. Alvord, of Washington, formerly executive secretary to Andrew Mellon, Secretary of the treasury, agreed with committee members that pressure would be brought in the United States to exempt many articles, but said "if you can hurdle the exemptions and give wide latitude in administration, the sales tax will be practicable in this country."

The experts apeared before the committee at special request. The committee had previously heard Ogden L. Mills, Under-secretary of the Treasury, say the sales tax plan was impracticable in the United States and in many respects in Canada.

At the conclusion of the programme Santa Claus arrived and amid much jollity distributed the presents to pupils from a well laden Christmas tree. Looking For Woman Murderer

(Canadian Press)

ST. DAMIEN, Que., Jan. 21.—A knife which, judging by the wounds it inflicted, must have had a long blade is being sought by police investigating the slaying of Mrs. Joseph Mondor, 29-year-old resident of this little village, who was shot three times and stabbed seven times in her bedroom last Monday morning. Police are also attempting to establish the ownership of a revolver believed to have been used in the shooting and now in their possession.

Two brothers, Albert and Alphonse Preville, are being held by the authorities for the inquest which is to be resumed here on Saturday. Alphonse Preville is in a Montreal hospital recovering from the effects of a bullet wound in the right thigh apparently received on the same day that Mrs. Mondor met death, while Albert Preville is at Provincial Police headquarters.

The revolver, which police are holding, was surrendered to the Mayor of the village a few minutes after the shooting by Albert Preville who stated Mrs. Mondor had fired a bullet at him and that he had discharged a revolver three times, running away without seeing if any of his shots took effect.

Fur Smugglers Rounded Up

(Canadian Press)

LANSING, MICH. Jan. 21.—Twenty-one persons in the upper Peninsula of Michigan were named in warrants today in what George Hogarth, director of the state Conservation Department, described as the "beginning" of the clean-up of a fur smuggling ring.

The warrents came as the result of a long investigation of the illegal sale of furs to dealers in New York and other cities by persons who trapped out of season and without licenses. Officials estimated that $1,000,000 worth of furs have been sent out of Michigan in this manner.

Some of the persons were arrested today and fined, the sums ranging from $25 to $100, but Hogarth said other and more important arrests on charges involving stiffer punishment will follow.
