

**"SALADA"**  
CEYLON TEA

Clean—Fresh—Fragrant  
No Dust—No Dirt—No Stems

Preserved and Sold only in Sealed Packets  
Black or Mixed. 25c. to 60c. per Pound.

Your Grocer has it—If not—  
or will get it for you. Write 'Salada', Montreal.

Enhance the natural beauty of your figure

by wearing one of the new models of D & A Corsets. Without undue compression, nor loss of natural beauty they give the correct lines insisted upon by fashionable dressmakers.

We recommend No. 88 as illustrated, for evening wear, its lines being specially graceful and its fabric very light and cool. It sells at \$10.00 and compares favorably with imported models costing 25% more.

Popular stores everywhere sell D & A Corsets.  
Dominion Corset Co., Quebec, Manufacturers.  
Makers also of the LA DIVA Corsets. 7-14

**"BEAVER" FLOUR**  
Makes the True Home-Made Bread Your Mother Used to Make

"Beaver" Flour is a blended flour—really two flours in one. It contains the quality, nutriment and flavor of Ontario fall wheat and the strength of Western wheat.

"Beaver" Flour is a perfectly balanced flour. It makes baking easy because it is always the same in strength, quality and flavor. Your grocer has it. Try it.

**MOTOR COMPANY FORMED.**—The Island Motor Supply Co., Ltd., is the title of a company that is now seeking incorporation in this city by Letters Patent, the objects of which are the establishment of a garage for the storing and repairing of motor and other vehicles; to let the same for hire, to deal in such vehicles and supplies therefor; to acquire, own and operate, sell or lease motor vehicles and use the same to deal in goods, wares and merchandise with power. The office of the company will, of course, be in Charlottetown, and the company is to have a capital stock of \$10,000, divided into four hundred shares of \$25 each. The applicants for incorporation are Messrs. William G. Hogg, Stanley J. Wedlock, Reginald H. Sterna, Richard C. A. Grant, and Henry G. Jenkins, all of whom are to be the first or provisional directors.

**WEDNESDAY**

**ISLAND GRADUATE.**—The Guardian has been shown a copy of a (Cincinnati, Ohio, exchange of a recent date containing a group photo of the 1914 graduates of Lane Seminary. In the group is a good picture of Rev. John M. Murchison, son of Captain Murchison of Charlottetown who completed his studies this year. In presenting the diplomas to the graduates, Dr. J. W. Chapman, a member of the Lane class of 1882 claimed that Lane has sent out more eminent men than perhaps any other Seminary.

**RACES AT HALIFAX.**—The Halifax Driving Park will be holding races on Saturday, June 29th, and Monday, June 22nd. There will be two classes each day, the classes being as follows: 3:30 trot, 2:20 trot, 2:19 pace and a free-for-all trot and pace. The purses being offered are of the value of \$300 each. The entries close with the Secretary, Mr. N. McF. Hall, Halifax, on Saturday, June 18th. The Halifax Track will hold a two day meeting on August 4th, and 5th, during the Firemen's Tournament that will be held there; also a seven day meeting in September, during Exhibition week.

**TOWN COUNCIL.**—The regular monthly meeting of the Summerside Town Council was held in the council chamber on Monday evening, the Mayor and all the Councillors being present. After the reading of the minutes of the last meeting a communication was read complaining of the bad state of the pavements and the inadequate lighting and fire protection on Poplar Avenue this was referred to the street and wire and light committee. The term of Mr. Neil McQuarrie as School Trustee having expired Mr. Neil McLeod, K. C., was appointed in his stead. A petition from the residents of Grandville Street asking for a concrete sidewalk on the west side of that street led to some discussion in which it was shown that it was fair art to build a concrete sidewalk on both sides of the street when there was so many streets having none on either side, it was finally decided that when a concrete walk exists on one side of any street no move would be made to build one on the other side this year. A request from the concrete workers asking for a raise to 20 cents per hour or a half holiday on Saturday, providing that full time had been put in during the week was met by a resolution to pay the men the same rate of wages as was paid last year. The Mayor submitted an estimate of the cost of permanent work on Water Street, made by a prominent engineer, the work being done with concrete. The estimate was for the building of concrete roadway 30 feet wide the concrete being laid 7 inches thick, the total cost of such paving and drainage being \$20,226.15. It was stated that the Local Government was asking for possession of Market Building as soon as possible and that no time should be lost in obtaining plans for the new civic building on the property recently purchased from Mrs. James McLeod in Summer and Foundry streets the buildings on which were sold by auction last evening. Other business was discussed by no action taken after which the council adjourned until next regular meeting.—J.

**BEFORE HIS HONOR** Mr. Arthur F. McQuarrie, stipendiary Magistrate for King's County, at the Squire Magistrate's Court yesterday, J. A. G. Ellis, of Montague, appeared for trial on three charges of infractions of the Prohibition Act alleged to have been committed since December last year. The charges were laid by Prosecutor Mead, and while Mr. J. D. Stewart appeared on behalf of the prosecution, Mr. J. Johnston appeared for the defendant. The sole purpose of Mr. Johnston's appearance was to make objection to Mr. McQuarrie's jurisdiction as Stipendiary Magistrate taking the same grounds of objection as he had taken in the cases in which the Supreme Court has just given its ruling upholding the Magistrate's jurisdiction. Ellis was convicted on all three charges. For a second offence, of having sold, committed on the 17th December, he was fined \$200 and costs. For a first offence, also of selling, committed on the 18th December, he was fined \$100 and costs. The third charge was for having traded on his premises between the 16th and the 19th December, and upon that the defendant was fined \$20 and costs.

News reached the city yesterday of a sad drowning accident which occurred at Murray Harbor on the previous day. Two lobster fishermen, in the employ of the Murray Harbor Canning Company, on their way back, in their gasoline boat, to the factory from the fishing ground, were thrown into the sea on a huge wave striking the boat, and while one man aged to reach the boat and hold on to it until rescue came, the other, who could not swim, went down to a watery grave. The fact that the two men were father and son renders the occurrence particularly sad. It was the son that was lost. His name was Roland White, the father being John White. The young man was only 20 years of age. It was blowing hard when the Whites, having overhauled their lobster traps, were making their way back to the Harbor about 10.30 o'clock in the morning. When about three miles from their destination, a larger wave than the others caught the boat broadside and her occupants were thrown into the water. Roland White, unable to swim, was seized by his father, who began to swim back to the boat which though practically filled with water, remained afloat. But the boat kept drifting away, and it was so rough that before she could be reached, another big wave struck the two men and carried the son out of the father's hold. Roland White, unable to help himself, sank, before his father, greatly exhausted, could get to him again. Mr. White managed to reach the boat after a hard struggle, and held on to it until some other fishermen who were running their lines a couple of hundred yards away and witnessed the accident—at once dropping their lines and starting to the rescue—came to his assistance. Exhausted and grief-stricken, Mr. White was taken into Tom McHerron's boat and carried safely to shore, while the water-logged boat was towed also to safety. The body of the drowned young man has not yet been recovered. The weather continued too rough, up to yesterday, to allow of any proper search being made for the body, and this it is intended to do as soon as the weather permits. The deceased's loss is mourned by three brothers besides his parents.

**She Was in Bed For Seven Weeks**

**THEN DODD'S KIDNEY PILLS CURED MADAME BERUBE.**

Montreal Lady tells how, after Four Years' Illness, She Found a Complete Cure for all Her Troubles. Montreal, Que., June 12.—(Special)

—Madame J. Baptiste Berube, residing at 1333 Logan Avenue, this city, asserts that after four years' suffering from kidney disease she has been completely restored to health by Dodd's Kidney Pills.

"I had a pain in my left side around the heart," Madame Berube says in her statement. "I suffered constantly with headaches and backache, and for seven weeks I was in bed with kidney disease and feebleness. The doctor could not help me, so I decided to try Dodd's Kidney Pills.

"After the first box I was somewhat better. I continued to use Dodd's Kidney Pills till now the palpitation has left me, and I am a well woman, able to do my work. Dodd's Kidney Pills cured me and I recommend them to all persons who suffer as I did."

Notice how many women are rising to tell their suffering sisters they can find relief in Dodd's Kidney Pills. The reason is that nine-tenths of women's ill spring from diseased or disordered kidneys. Every woman whose kidneys show signs of weakness should use Dodd's Kidney Pills.

**ORDAINED.**—Among those who were ordained in All Saints Cathedral, Halifax, to the Office of Deacon, by Bishop Worrall on Sunday last, was the Rev. Percy G. Cotton, son of Mr. and Mrs. John Cotton, of Miscouche. Mr. Cotton will go to Glace Bay in a few weeks, to begin his ministerial duties. Meantime he will spend a short holiday at home and among friends.

**STORM DAMAGES.**—The farmers in the vicinity of St. Stewart are nearly through seeding and the planting of the roots will finish up the spring's work. The weather has been all that can be desired to get work done, though the excessive rainfall last week has left the low lands fairly flooded. The eastern gale on Thursday night, accompanied by a downpour that lasted the whole night was followed by a high wind on Friday night from the west which did great damage to the lobster traps on the north side. The lobster packers at Savage Harbor report heavy loss. Fred Pigott & Co., had one boat completely destroyed while two others were badly damaged. Some of the boats were cast by the tide high and dry upon the bank. Fishermen claim it to be the greatest tide in their recollection. After the beginning of season of the most promising lobster seasons, this storm has been a decided set-back to the business, but the shattered traps will soon be repaired and business resumed as before.—J.

**A LATE FROST.**—Professor and Mrs. Theodore Ross returned Monday morning from Lower Montague, where they were visiting Mrs. Ross's former home. Her father, Mr. John A. Annan, has been ill for the past two or three months, having suffered from a stroke of paralysis. Mr. Annan has shown a decided improvement during the last few days, but the Doctor does not yet hold out much hope of his recovery. Professor Ross says that crops in Lower Montague are about as far advanced as in previous years. Seeding is about completed and most farmers are planting oats. Clover has been pretty well killed out by the ice lying on the fields, and a very big hay crop is not expected. The fruit trees are in bloom, and some of the cherry and plum trees present a beautiful appearance. There was frost in that section of the country a few nights ago, but it is not likely that the trees were sufficiently far advanced to have been injured by it. The cold weather, however, is having a decided effect on everything, and bees and flying insects are not as numerous in the orchards as might be expected.

Before His Honor Mr. Arthur F. McQuarrie, stipendiary Magistrate for King's County, at the Squire Magistrate's Court yesterday, J. A. G. Ellis, of Montague, appeared for trial on three charges of infractions of the Prohibition Act alleged to have been committed since December last year. The charges were laid by Prosecutor Mead, and while Mr. J. D. Stewart appeared on behalf of the prosecution, Mr. J. Johnston appeared for the defendant. The sole purpose of Mr. Johnston's appearance was to make objection to Mr. McQuarrie's jurisdiction as Stipendiary Magistrate taking the same grounds of objection as he had taken in the cases in which the Supreme Court has just given its ruling upholding the Magistrate's jurisdiction. Ellis was convicted on all three charges. For a second offence, of having sold, committed on the 17th December, he was fined \$200 and costs. For a first offence, also of selling, committed on the 18th December, he was fined \$100 and costs. The third charge was for having traded on his premises between the 16th and the 19th December, and upon that the defendant was fined \$20 and costs.
