U. S. SHIPS VISIT JAPAN.

Some months ago there was talk of serious trouble between the United States and Japan. No doubt most of this was newspaper talk but not a few thoughtful persons looked upon the situation with concern.

Then followed the spectacular cruise of the American battleship fleet in Pacific waters, which some feared might further exasperate Japan. But the little war-cloud has been effectually dispersed.

IN NEWFOUNDLAND.

To read the St. John's Newfoundland newspapers just now is to be reminded very forcibly that there is an election pending there as well as here.

There as here they call their parties Liberal and Tory or Conservative. And there also if we may believe the Liberal press, the country was almost bankrupt when Premier Bond came to power, and has had a boom of prosperity ever since.

Take up one St. John's newspaper and you will learn that the country is ablaze for the leader of the People's party; that Bondism will be buried on November 2nd (election day) with all its vile supporters and its godless and ambitious schemes of greed and plunder.

power is long enough for any party, that oppression, extravagance and corruption must be brought to an end. And on the other side it is loudly proclaimed that any change at the present time would lead to bankruptcy and ruin, and worst of all to confederation with Canada!

Still, is there not some resemblance between the campaign in Newfoundland and that now going on in Canada? There will be much for both parties to explain after the votes are counted.

Never before were there so many preachers taking a hand in an election. Scores of them are joining in the political meetings as non-partisan advocates of pure elections and honest administration. This is especially true of the campaign in the Maritime Provinces.

We must have the Tunnel!

With today the election prophet's business comes to a close. It will be funny to listen to the explanations after the votes are counted.

Not a few of those whose chief object is to vote with the winners will make a mistake on Monday. No man knows what may happen in an election, and especially in this election.

The country has been prosperous, but most people like to take a share of the credit for their own prosperity. They don't care to be perpetually reminded that either the Liberal party or the Conservative party has made them prosperous.

The Guardian has done what it could to force a consideration of the Tunnel project upon the attention of the leaders of both the great parties in Canada and to some extent we

have been successful. We would be sorry to think that any public man in Prince Edward Island could speak against this great work. We invite our readers to remember the Tunnel and how it can best be helped forward when marking their ballots on Monday.

Half a dozen libel suits in Quebec and Ontario are the result of the heated deliverance during the election campaign. Something like a duel of epithets has been going on for weeks between Hon. George E. Foster and editor Macdonald of the Toronto Globe.

A little common sense will tell any one that the public money spent here or elsewhere is not the property of one party or the other, but is the people's money. The time was when the federal expenditure throughout the Dominion was a matter of thirteen millions. Now it is ten times as much.

EMPHATICS DENIAL.

Sir: I emphatically deny the charge that the pamphlet "Duty of the Hour" was published with the authority of the Liberal Association of Queens County and I further state that positive proof was given me today that large numbers of the electors of this Island to vote against the Liberal Candidates.

WILLIAM A. WEBER, Secretary Queens County Liberal Association, Charlottetown, Oct. 24.

Throw Away All Your Fears

Backache, Gravel and Rheumatism Vanish before Dodd's Kidney Pills.

Proved Once Again in the case of Mrs. Fred Krieger, Who Suffered From the Worst Form of Kidney Disease.

PALMER RAPIDS, Ont. Oct. 24.—(Special).—The thousands of Canadians who live in daily terror of those terrible forms of Kidney Disease known as backache, Gravel and Rheumatism, will be deeply interested in the story of Mrs. Fred. Krieger, of this place.

"I was for years a great sufferer from Kidney Disease, Gravel, Rheumatism and Backache," Mrs. Krieger states: "It all started through a cold but I got so my head ached, I was nervous, my limbs were heavy, I had a dragging sensation across my loins and I was totally unfit to do anything."

"Reading about wonderful cures by Dodd's Kidney Pills led me to buy some. After using a few I found they were doing me good and this encouraged me to continue their use. Eight boxes made me well."

"I have been able to do my own work ever since and today I am completely cured. Dodd's Kidney Pills gave me health and I feel like a new woman."

If you keep your kidneys strong and healthy you can never have Backache, Rheumatism or Gravel. Dodd's Kidney Pills never fail to make the kidneys strong and well.

MR. WOOD'S REPLY TO H. J. PALMER K. C.

Sir My attention has been called to a letter recently published by Ex. Attorney General Palmer charging me with originating a rumor that "unpleasantness" existing between him and the government and that "he did not intend to contest the district." To this I give my most emphatic denial.

Mr. Palmer well knows that rumors were floating as to the possibilities of his future course in view of his retirement from the office of Atty. General. These were all in circulation before they came to my ears, and I had even heard that a popular young Liberal had been appointed to contest the constituency in case of an emergency. Half jokingly I suggested to Hon. J. M. Clark to look out or they might lose him (Mr. P.) altogether. This probably gave rise to this letter attempting to attach blame on me.

Yours Truly LEONARD WOOD.
