BRITISH PREMIER'S APPEAL FOR CONFERENCE LOOKED UPON WITH PESSIMISM

The General Opinion in Official Circles Is That France Has Already Fixed Her Decision in This Regard—Refusal to Accept May Result in Separate Action being Taken by Britain.

(British United Press.) LONDON, Oct. 26.—Premier Baldwin's appeal to Poincaré to agree to a conference of powers in which United States should be represented is regarded with some pessimism in influential quarters when Poincaré's past attitude on each conference is remembered. It is generally conceded that when the French Premier has followed Baldwin's expressed hope to think once and even thrice before refusing, that his answer will be that France has done enough thinking and that on this point her opinion is fixed and unalterable. This may result in separate action being taken by Britain with the moral if not active support of United States.

Need for immediate action is obvious if anything is to be saved from the wreck of Germany which is becoming more apparent every day. Britain will unquestionably press France for an immediate reply to this invitation and if this reply is unfavorable the statement which already has been prepared will be issued to the dominions. This statement it is believed will contain the proposal that a commission shall be appointed to investigate with regard to Germany's capacity to pay and this will be followed by a conference between the British Empire and Germany with possibly Italy to discover the most efficient method of raising reparations from France and Belgium. With France thus isolated she will realize the danger of the situation which may result in the enforcement of stricter methods and an enlargement of the occupation area.

German Chides Entente in Preface of Dictionary

(United Press) LEIPSIG, Oct. 25.—Germany never ceases to disclaim loudly all responsibility for the beginning of the great war. In the theatre of the pulpit, in the press and in the political forum, Germany claims her innocence with an insistence which never seems to wane. Foreigners are much impressed by the unanimity with which Germans of all classes take the same text and preach the same homily. The arguments bob up in most unexpected connections. But it remained for F. W. Eitzen, the editor of a new commercial English-German dictionary which has just been issued in Leipzig, to find the most unique medium for a lecture to members of the Entente. The preface to this book, designed primarily for sale to English-speaking persons, opens:

"As long as the statesmen of the Entente pretend to believe in Germany's 'guilt' they are not likely to consider a revision of the Versailles Treaty (if treaty it may be called); and as long as this dictate—the most cruel, cowardly, and silly crime ever perpetrated—is not revised, all talk about, and thought of reconstruction, normal business relations, and all that sort of thing, is of course, so much nonsense. No fair Americans will ever redeem their word of honor pledged by President Wilson; but some day or other, and somehow or other, there will be a revision (no man in his senses can doubt it), and Germany, once more, will come to the fore. Until then dominant business men will have to mud-die on, I suppose, doing 'business' as usual."

DR. BANTING IS AWARDED NOBEL PRIZE

(Canadian Press) STOCKHOLM, Oct. 26.—The Nobel prize for medicine for 1923 has been awarded to Dr. F. G. Banting, and Dr. J. R. MacLeod of Toronto, for their discovery of insulin. The Swedish scientist, Alfred Nobel, inventor of dynamite, died in 1896. He bequeathed a fortune amounting to \$9,000,000 to the founding of a fund, the interest of which should yearly be distributed to the benefit of mankind improved during the year immediately preceding the award. The Board of Directors of the Nobel Foundation who have charge of the fund and make the awards consists exclusively of Swedes. The value of each prize is on an average \$40,000. In addition to prizes awarded for medicine the foundation awards prizes for physics, chemistry, literature and peace. Dr. Banting is the first Canadian to receive an award from the foundations.

PRESS CLAIMS OF ALL IRISH LOYALISTS

Prime Minister Baldwin is asked to Have His Cabinet Take Some Action

(Canadian Press) LONDON, Oct. 26.—A feature of the Conservative conference at Plymouth today which is the first since the breaking up of the Coalition and the return to party Government is the unusual number of women delegates—fifty per cent of the assemblage being women. The only cabinet minister present at the opening was Sir Laming Worthington-Evans, Postmaster-General. The first subject taken up was the claims of the Irish loyalists who had suffered loss at the hands of Republicans during the disturbances in Ireland. Colonel Gretton said they wanted action, not merely ministers' pledges. The Irish delegate demanded assurance that Premier Baldwin tonight would promise consideration by the cabinet of their claims. The chairman advised them to wait and see. This avowed that promised to have been a lively scene as the Irishmen present were threatening drastic steps. Lord Selborne, moving a resolution demanding the reform of the House of Lords, said that under the present constitution any revolutionary body of men got control of the Government.

Hundred Killed in German Riot

(Canadian Press) BESLIN, Oct. 26.—One hundred rioters were killed in street fighting in Hamburg Tuesday and Wednesday. Full reports on the disorders show an equal number wounded.

LACK OF SLEEP RESPONSIBLE

Dr. C. J. Hastings, medical officer of health in Toronto, has made some investigations into the cause of school children falling in their examinations. Seventy per cent of the failures, he says, are children who go to school without breakfast, and of that number ninety per cent, are allowed to remain up till nearly midnight each night, and consequently cannot rise in time to eat breakfast.

ST. PAUL'S MEMORIAL WINDOW

A beautiful Stained Glass window is being placed in the North Transept of St. Paul's Church to the memory of the late Mr. and Mrs. John A. Matheson, and will be dedicated in the near future. The inscription along the base of the window reads: "To the Glory of God and in memory of John A. Matheson, died 30th March, 1919, and Emily M. Matheson, his wife, died 25th October, 1914."

The subject portion is an illustration of Nativity, showing Mary in the foreground with the Infant Saviour on her knee, and Joseph in the background. Without any straining after realism the stable scene is suggested. Prominence is given to two features in the background for their symbolic significance. The lantern not only suggests the time as night but also the Infant Christ as "The Light of the World." The wheat sheaf in the left hand corner near the child figure is suggestive of our Lord as the bread of life.

At the top of the window an angel figure holds a scroll with the text "In the beginning was the word and the word was with God," and at the base, underneath the subject portion appears the other passage: "The word was made flesh and dwelt among us."

Rich colorings throughout have been used. The Mary figure is in the traditional blue and ruby and the Joseph figure in purple browns in varying degrees of fullness. The detail is lavish and the general effect is full and rich. It is the work of the McCausland Studios, Toronto, and the material is English antique glass of the finest quality.

CURZON ATTACKED BY RICH RELATIVES

(Canadian Press) CHICAGO, Oct. 26.—Charges that his brother-in-law, Lord Curzon, Great Britain's Minister of Foreign Affairs, is trying to oust him as trustee of the estate of his father, the late L. Z. Leiter, because he refused to permit Lord Curzon to have his own way, have been made by Joseph Leiter, prominent Chicago grain operator. He said Lord Curzon had used money belonging to his daughters. Letter on last Saturday filed in superior court a document charging the British minister with being the prime instigator of an attack on his good name. Last May, Lady Margaret Hyde, Countess of Suffolk and Berks, sister of Mr. Leiter, filed suit in the superior court asking that her brother be removed as trustee and that he make an accounting. He was charged with mismanagement and neglect. The heirs of the Leiter estate are Lady Margaret Hyde, Mrs. Colin Campbell, Joseph Leiter and the three daughters of Lord Curzon, whose wife was Mr. Leiter's sister.

C. N. R. HEAD IN ADDRESS AT HALIFAX

Declared That Development of That Port Rested With the People of Canada

(Canadian Press) HALIFAX, Oct. 26.—Sir Henry Thornton president of the Canadian National Railways addressed the Halifax Commercial Club and attended a meeting of the Board of Trade here this morning before departing for a tour of the Halifax and South Western Division of the Canadian National System. The port of Halifax, he said, would never be utilized to its fullest capacity until the people of Canada placed their stamp of approval upon it by sending their traffic in his direction. It rested with the people of Canada entirely, he said, adding that the Canadian National had given friendly consideration to more than one local problem and was ready to help all ways.

BERLIN IS GLOOMY

LONDON, Oct. 26.—Berlin tonight presented a gloomy, threatening spectacle, says a Central News despatch from the German capital. Thousands of people, unable to find work, are parading the streets in an ugly mood, the despatch continues. The shops are closed and very few lights are seen. The police are strongly armed and alert. Sporadic shooting has been heard in the neighborhood of the police headquarters and the Rathaus. Similar reports come from most of the industrial towns in the country, workless and footless demonstrators urging the more passive to demonstrate with them.

BOARD OF TRADE COMMITTEE EXONERATE SUPT. GRADY FROM HUGHES' CHARGES

Transportation Committee Appointed by Charlottetown Board of Trade to Investigate Charges Made by Mr. J. J. Hughes, M. P. Submitted Report Declaring Charges Unfounded.

The Transportation Committee published in the press before him. Mr. Grady went over a period of shipments beginning the early part of October and extending up to the last of the year, showing your committee the telegrams and communications that he had had with the Department at Moncton and advised your Committee that he had done everything in his power to obtain the necessary cars, both as to refrigerators, Eastman heaters and ordinary freight cars, and had succeeded reasonably well in obtaining same.

With reference to the "Prince Edward Island" Ferry as referred to by Mr. Hughes, Mr. Grady clearly showed to the Committee that he did not participate in any orders relative to the running of the above boat as mentioned by Mr. Hughes, as the matter was entirely in the hands of higher officials who were there present at Borden and issued the necessary instructions entirely relieving Mr. Grady of issuing any orders whatsoever.

Your Committee by appointment at the last quarterly meeting to investigate charges made to your Board by the Hon. J. J. Hughes setting forth the inefficiency of the transportation committee, instructed to look into the matter as below stated have submitted the following report. CHARLOTTETOWN, P. E. I., OCT. 26, 1923. To the Council of the Board of Trade, Charlottetown, P. E. I. Gentlemen:—

DOG'S RASH ACT CAUSES DEATH OF MANY

(Canadian Press) SYDNEY, Oct. 26.—Following the tragedy near here last week when Mrs. Angus Campbell was fatally bitten by her own bull dog an epidemic of dog poisoning has broken out in the Colliery District. A mysterious looking man with a black bag has been seen in the neighborhood and Thursday morning, after the mystery man had been seen the night before at the Reserve, sixteen dead dogs were found on the baseball diamond alone and canine corpses dotted the landscape in all directions.
