—NEW PROPERTY OWNERS—Mr. Josue Boudreau has purchased the comfortable and up to date property formerly owned and occupied by Mr. Hilaire Theriault on Main Street, Tignish, and has recently taken possession.—T

—STONE CRUSHER REMOVED—The stone crusher belonging to the town of Summerside, which for some years has been kept on the property of Mr. B. W. Robinson, has been removed to the Electric Light property and will be stored there in future. This will be a saving to the town of between \$30 and \$40 per year.—S

—GOOD WORK OF SNOWMOBILE—Although we are in midwinter, Mr. James H. Myrick motors to Tignish from his home every day in his snowmobile. Even in the biggest storms Mr. Myrick has been able to make the trip daily in his winter car which gets him back and forth in quicker time and greater comfort than if sitting behind the wheel in an open sleigh.—T

—CROSSING ON THE ICE—Teams are now crossing on the ice between Bedeque and Summerside. This is perhaps as late as teams have ever commenced to use the winter route across the ice. The road has not yet been busted but that will no doubt be attended to at once. The Summerside Town Council is repairing the slip at the east end for the convenience of those using the winter road.—S

—BUILDING TO BE REINFORCED—Examination of the basement of Tignish Convent by workmen recently has shown that several of the large beams which were originally placed in position when the building was constructed sixty-four years ago are giving away and must be replaced. A number of men were put to work at once and several new beams and concrete pillars are now being placed in position. As the brick building is a very heavy one the work is being proceeded with very carefully and it is expected that it will require several weeks to complete it. Meantime there is no interruption of class work.—T

—A CHEERY REASON—A TIGNISH WRITER SAYS—We have many things to be thankful for and a visit to our Cobbler makes us realize this more fully. Besides his claim to being the best shoemaker in Town he is a weather prophet with a high rating, can give you market quotations on stocks and bonds, says he has made money by playing the stock market and has the "roll" to prove it. He is witty and full of good humor and though one may imagine that times are hard, a visit to our cobbler will convince one that all you need to do is to cheer up and the sun will soon shine as brightly as ever. Men of this type, whether cobblers or masters of other trades, are a blessing in times like these.—T

Stubborn Coughs Ended by Recipe, Mixed at Home

Here is the famous old recipe which millions of housewives have found to be the most dependable means of breaking up stubborn coughs due to colds. It takes but a moment to prepare, cost little, and saves money, but it gives real relief even for those dreaded coughs that follow severe cold epidemics. From any drugist, get 2 1/2 ounces of sugar syrup or strained honey. Then fill the bottle with plain granulated sugar syrup or strained honey. Then you make 16 ounces of better remedy than you could buy ready-made for three times the cost. It never spoils and tastes so good that even children like it. Not only does this simple mixture soothe the inflamed throat membranes with surprising ease, but also it is absorbed into the blood, and acts directly upon the bronchial tubes, thus aiding the whole system in throwing off the phlegm and easing chest soreness in a way that is really astonishing. Pinex is a highly concentrated compound of Norway Pine, containing the active agent of eucalypti, in a refined, palatable form. Nothing known in medicine is more helpful in cases of severe coughs and bronchial irritations, and does not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

QUEBEC, Que., Jan. 18.—The ice-breaker Montcalm, on her way to take up her winter post at

Sydney, N. S., was reported passing Cape Desrosiers by the signal service here last night. The Montcalm will call at Souris, P. E. I. to pick up mails and passengers for the Magdalen Islands, then proceed direct to Sydney. Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they act thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.
