Gold and Dross—

Progress and investment are very definitely interrelated. The rapid expansion of the present era means an ever-increasing number of security flotations. More than ever before the investor needs the counsel and advice of an organization capable of separating the Gold from the Dross — the true investment from the Pretense.

The selection of the investments contained in our February Offering List is backed by the discriminating judgment gained through many years of successful experience in appraising security values. May we send you a copy?

A WELL KNOWN NAME

(Canadian Press) TORONTO, Ont., Jan. 31.—A letter addressed to "Dr. Ida India" was not long ago received safely by Dr. Ida Scudder, who founded the Belmore Training College for Native Women in India, and who has been visiting in this city. She represents the third generation of the famous medical missionary society who have labored for a century among the people of India. The first Dr. Scudder, who went to Ceylon a century ago, has seven sons, and his grandchildren have given 1,000 years of service in India. They established the missionary hospital at Vellore, and Dr. Ida Scudder opened a training school for native women which has proved a great success. Dr. Scudder came to Toronto from Detroit, where she has been attending a conference of the Federated Christian Societies of North America.

HUNTER RIVER United Church: Services for Sunday, Feb. 3, 1929. A. E. Champlin B. A., Pastor. 11 a. m., Wiltshire; 3 p. m., Wheatley River; 7 p. m., Hunter River.

SOCIAL GATHERING—There was a good attendance of members at the Knights of Columbus Home Thursday evening for the weekly auction forty-fives tournament. The prize was won by Mr. W. M. Reardon, with Postmaster James Callaghan winner at the lucky table.

TRINITY UNITED CHURCH—Early prayer meeting at 10 a. m. The junior congregation will meet in the church at eleven o'clock, proceeding to the Hall for their own service. Rev. Hammond Johnson will preach at Morning Service, and Rev. Dr. Ramsay in the evening. Anthems by the choir at each service. See elsewhere for particulars. Sabbath School and Bible Classes meet at 2:30 p. m. The morning service broadcast by Station C. F. C. Y. Everybody welcome at all services.

AT THE BAPTIST CHURCH Sunday morning, Rev. R. C. Eaton will take as his theme "God Reigns." At the evening service the sermon will be "Four Main Concerns of Life." Three popular favorites among anthems will be presented by the choir by special request. The ordinance of the Lord's Supper will be dispensed at the evening service. Sunday School is at 2:30 p. m. There's a class for everybody. Please see that your place is filled.

PERSONALS Mrs. Daniel Stewart, Prince Street, is under treatment at the Prince Edward Island Hospital.

Mr. and Mrs. Warren Inman, Hampton, were in the city yesterday on business.

Mr. Roderick McLeod, Brookfield, was in the city yesterday on business.

Col. G. Elliott Full, A.D.J. to His Excellency the Governor General left Charlottetown yesterday morning for Ottawa to attend the opening of the Dominion Parliament next week.

Apply Tariff to Tonnage

BOSTON, January 29.—A protective tariff of 50 or 75 per cent would be placed on foreign built yachts and other vessels as an aid to American yards is the recommendation of George Owen, professor of naval architecture of Massachusetts Institute of Technology. Such a tariff he believes would serve to eliminate the unfairness of present competition with foreign yards. The average wage paid American shipyard workers is 83 cents an hour, as compared to 19 cents (American money) paid German workers. The difference in wages paid British workmen is not quite so great, but Japanese yards pay even lower wages than the Germans.

Prof. Owen, who has designed some of the most famous racing and pleasure yachts, declares that he always counsels his client against having their craft built abroad. He cites an instance where a wealthy American had a yacht built in Germany. When it reached this country so much rewiring and rebuilding was required that it added fifty per cent to the original cost. Another yacht which he designed, was built in Italy. Specifications called for lead ballast, but upon reaching this country the owner discovered his ballast consisted of old rifle cartridges, the powder from which had not even been removed. Action of the salt water rapidly devoured the cartridges and his vessel was virtually without ballast. One of the changes which Prof.

FUNERAL SERVICE—The funeral of the late Mrs. Margaret Campbell was held yesterday morning from the funeral parlors of M. Hennessey to St. Dunstan's Cathedral where a Requiem High Mass was celebrated by Rev. P. McMahon, D. D. The pallbearers were: Messrs B. McCauley, F. McCloskey, Frank McRory, St. John McLeellan, C. G. Duffy and Arthur Peters. Service at the grave was conducted by Rev. C. McCarthy.

ARMY PROBLEM DISCUSSED—The current issue of the "War Cry" contains an official account of the proceedings of the High Council now sitting at Sunbury-on-Thames. The report gives a comprehensive and accurate account of what is taking place, and serves to correct many of the misconceptions due to the summary reports cabled to the press on this side of the Atlantic. Those interested would do well to procure a copy of the current issue and read the same.

DUNBLANE WOMEN'S INSTITUTE—The monthly meeting of the Dunblane Women's Institute which had been postponed on account of the "flu" epidemic, was held at the home of Mrs. Benj. McIsaac on January 19th. Ten members and nine visitors were present. The sick committee reported that under the circumstances they had not been able to visit all who had been ill during the month but several visits had been made. The school committee reported that the school had not re-opened after the Christmas holidays, on account of the flu, they had not visited the school. Committees for next month were appointed as follows:—Sick Committee—Miss Mary Corrill, Miss Margaret McDonald. School Committee—Mrs. David Livingstone, Mrs. Geo. Easter. Program Committee—Mrs. Leslie McLean, Mrs. D. A. McPherson, Miss Jennie McPherson. A vote of condolence on the recent bereavement in her family through the death of her mother-in-law was extended to Mrs. D. A. McPherson. Collection taken at this meeting amounted to \$2.00. After luncheon had been served, games were played until time to adjourn. The next meeting is to be held at the home of Mrs. D. A. McPherson on February 12th. Members are to wear fancy dress and to answer roll call with an original valentine verse. Any member who fails to comply with these conditions will incur a fine. Elva M. Gillcash, Secretary.

Owen would put in force, would put a halt to the practice of wealthy Americans, who have their yacht built abroad and landed in Canadian waters, from which they proceed to the United States, thus escaping any taxes which might be imposed if they were brought direct to American ports.

Prof. Owen points out that many of wealthy Americans who are having their yachts built abroad duty free, are most insistent upon high tariffs on their own industries. England's monopoly of the teakwood market is one of the elements entering into the high cost of yacht building in this country. Although teakwood is a common product in India its price has risen to three times that of mahogany when it reaches the United States. The present price of teak here is more than \$600. per thousand board feet.

The industrial strike in Germany which has effected the ship yards, Prof. Owen believes, may greatly delay delivery of many yachts now under construction there for Americans. Although a yacht can be built in Germany for less than half the cost in an American yard, Prof. Owen declares that it will lack in actual value and workmanship boats built here.

What applies to yacht building also applies to ship building, the naval architect declares, and he sees a high tariff as the only remedy to present conditions.

Ad in Exchange—"First-class finishers wanted; must be alive." Naturally; otherwise they'd have already finished.—Boston Transcript.

Simple Precautions Against FLU Sore Throat—The Danger Signal

HEALTH AUTHORITIES POINT OUT THE NECESSITY OF TREATING THE SIMPLE COLD AT ITS BEGINNING

Nearly every case of "Flu" starts with a simple cold. At first the throat is sore—often just a little hoarse—soon the infection goes lower—then the chest is affected. A safe plan is to gargle the throat three times daily with "Nerviline"—this will keep the throat free from germs. If there is any sign of tightness in the chest, rub on Nerviline—every drop will penetrate deeply—congestion will be relieved—the cold will break up quickly. Many a dangerous case of "Flu" can be avoided by this simple home treatment. Of course it is always wise to take some relaxing medicine, and for this purpose immediate results will be secured from Dr. Hamilton's Pills—they purge the system of impurities and carry off a lot of disease-breeding wastes. This combination treatment of Nerviline and Dr. Hamilton's Pills is very effective for Grippe, Influenza, Bad Colds, etc., and can be relied upon to give very satisfactory results.

Health Services of Canadian Medical Association

YOU YOURSELF

Last week it was pointed out that the beginning of the year is, according to custom, a natural time for stock-taking, and that it would be a good idea for each family to devote the time necessary for a health-stocktaking of its members.

This week, we speak to our readers about themselves. What we say is meant for the person who is reading this article, not for someone else in the family. Do you know in what condition your body is? During the past year, did you go to your doctor and ask him to give you a health examination, or are you one of those who wait until they are sick before they think of their doctor? How many of your friends died during the past year, who thought, until a short time before they were stricken, that there was nothing wrong with them?

We do not wish to cause you to worry about yourself, but we do wish to make you realize you are not able to say that, just because you feel well, there is nothing wrong with you or with any part of your body. It is good and desirable to feel well, but if you want to keep right on feeling so, the thing to do is to have yourself examined and so make sure that there is not something gradually developing which will temporarily put an end to your feeling well.

Go to your doctor, not because you fear some hidden disease, but because you want to keep well and because you want to keep well. It requires the skill of a physician, the knowledge gained by years of experience and training, to detect the changes which are the earliest signs of disease. It is at this early stage that treatment is so effective and that good results are secured, but treatment cannot be secured unless the doctor is given the opportunity to judge of its need.

Be a health client of your family physician, not a patient. Start the year with a health examination, which is the best insurance for a year's health and a year's well being.

Questions addressed to the Canadian Medical Association, 184 College Street, Toronto, concerning Health, will be answered personally by letter.

PARIS and NEW YORK STYLES

child's dress and a charming dress for afternoon or informal evening wear.

Order your copy of the new book now while you have the matter in mind. Write your name and address plainly on any piece of paper. Enclose 10 cents in stamps or coin and mail to our Pattern Department.

WANTS "FAMILY COURT"

TORONTO, Ont., Jan. 31.—In her address before the American Women's Club, Judge Jean Norris of New York spoke on the work of the Women's Day Court and Family Court, over which she presides. The idea of the Family Court, which she termed "the court of lost romance," is to prevent the disintegration of the home so as to not leave woman with children unprotected for, and thereby a liability of the State. There are approximately 22,000 cases a year through this court. About 75 per cent, are disposed of without going through court proceedings—the parties telling their stories privately to the Judge. About 65 per cent, of those who go through proceedings in the Family Court arrive at some settlement. All alimony paid goes through the Alimony Bureau so as to check up the men—over \$3,000,000 went through this bureau in one year.

The number of languages—some like 26—presents difficulties in both courts. Much of the work has to be done through interpreters.

A musician with a tin whistle played through a village in Fife without getting anything. As he past the last door, he turned towards an old native.

"Man, I havna got a farthing in the bag."

In Memoriam

CATHERINE McDONALD

The death occurred at Victoria, B. C., on Jan. 7th of Catherine McDonald, formerly of this province, a daughter of the late Angus and Catherine McDonald of Rock Barr. She passed away at the ripe old age of 84 years, after suffering for three years. The late Miss McDonald conducted a tailor shop at South and Weston prior to her moving to the Pacific Coast where she located and resided forty years ago. She leaves to mourn one sister, Mrs. Theresa McDonald in San Francisco, Cal., one brother, Aeneas in Victoria, B. C., also one nephew, J. A. McIsaac of this city and a number of nephews and nieces in California.

MRS. CHARLES MACHON

The death of Mrs. Charles Machon of Guernsey Cove, P. E. I., will be learned with regret. Mrs. Machon who was in her seventy-seventh year was born at Vernon River, P. E. I., and was the daughter of the late Thomas Tweedy. Prior to her recent illness from influenza, Mrs. Machon enjoyed good health and was very active in her home and about her garden, of which she was very fond. Pneumonia set in following influenza and she passed away after four days of acute sickness. From early days her life was bound up with the Methodist Church, and she gave her best for its advancement. Her labour was a labour of love. She lived a bright intelligent Christian life, making her daily walk and conversation a fellowship with God. Thus she was made meet to be a partaker of the inheritance of the Saints in light. She will be greatly missed in home and community. A large company of neighbors and friends gathered for the service at the house, which was conducted by the Rev. Robert Smart pastor of the United Church. We offer our deep sympathy to Mrs. Hampton Hawkins, only surviving child of the deceased, and with whom she had made her home at Guernsey Cove.

THE LATE JAMES M. MACLEOD

The death of James M. MacLeod on the 10th of January removes a strong man from the life of New London. Strong in his attachment to home and the farm, of which he held dear every leaf of tree, and blade of grass, and bit of soil. Strong physically he gave the strength of seventy-five years to his toil, and rarely knew an idle day.

He was a strong man in mental grasp, broad of vision and keen of interest, and many a public gathering was enriched by his presence. Strength was also his in his religious life, he lived the blameless life in a happy home, looking only for the rewards of righteousness.

The children of his church were instructed by him for many years in the

KEY MEN In every industry there are certain key men it would take much time and money to replace—if they could be replaced. It is common sense to cover the value of their services by life insurance. May we quote? The Maritime Life HEAD OFFICE HALIFAX, CAN. T. W. BENTLEY, Manager for Prince Edward Island

WILLIAM F. MACDONALD

The following Mass Cards and Messages of Sympathy, in addition to those already printed, have been received by the family of the late William F. MacDonald. Mass Cards—Rev. M. A. Ryan, St. Paul, Minnesota, 3; Staff of Internal Trade Branch, Ottawa, 3; Mr. and Mrs. Hugh MacCarville, Lynn, Mass., 2; Mr. and Mrs. J. D. MacKenzie, Ottawa, 2; Rev. Eccl. George MacDonald, Halifax, Dr. and Mrs. J. A. MacPhee, Summerside; The Nurses Society, Antigonish; Mr. and Mrs. J. A. MacKenzie, Alberta; Miss Mary Ferguson, Antigonish; Mr. and Mrs. J. J. MacDougall, Blooming Point; Miss Mildred MacDonald, Baltimore; Miss Irene Brazel, Fort Augustus; Miss Helena and Penzie MacDonald, Boston; Mrs. Frank McCormack and Margaret MacDonald, Boston; Mrs. Martin and Mrs. Curley, Lawrence, Mass.; Mr. and Mrs. A. L. MacDonald, Allsary.

MR. WILLIAM MURPHY

His grave is not a grave. It is a shrine, bright over which God's stars must love to shine and where winter closes fair spring shall come. And in his garland twine. Just like this hand of mine. The whitest of white roses, So must the friends feel as they kneel Now in prayer beside the lowly grave of William Murphy whose death occurred at his home in Montague on January 27th, after a long illness which he bore with patience and resignation to God's Holy Will. He was visited frequently by his pastor Rev. Owen Kiggins, who administered to him the last rites of the Roman Catholic Church to which he was a devoted member. He was of an excellent character and endeared himself to all who had the occasion of meeting him. His funeral was largely attended and the deep sympathy of his many friends shown by the number of Mass Cards, Floral Tributes and Letters of Sympathy show the high esteem in which he was held. Besides his grief stricken son James and daughter, Mrs. Lannigan, there remain to mourn one brother Frank in Montague and one sister Mrs. Alice Reardon of Somerville, Mass. He is a cousin of Mrs. T. E. Morrissy, Georgetown.
