Farmer Make Your Home Sanitary

The one big drawback to farm life is the lack of sanitary conditions. The old style out-doors closet has proved to be such a dangerous, unsanitary and disease-laden place that it should not be allowed on the farm any longer, its a menace to health and happiness,

The Tweed Sanitary Liquid Chemical Closet

is a heavily galvanized steel closet that is absolutely odorless when in use, sanitary at all times and requires attention but once a month. It can be installed in any house, without waterworks or plumbing and requires only connection with a stove pipe or chimney hole. Simple, safe, satisfactory, nothing to go wrong. Call in today and see the Tweed, you need one, you'll want one.

HORSE DON'TS.

Many "don'ts" for horsemen are published from time to time, but few touch more important points than the following list by C. L. Barnes, which was recently published in the Agricultural Gazette, but is good enough to bear repetition almost indefinitely. Drugging, bad shoeing practices and carelessness in feeding and watering, form the basis of the list.

Don't water a horse soon after feeding him grain.

Don't feed a large quantity of hay to a horse that is afflicted with heaves.

Don't change the grain ration abruptly.

Don't keep idle horses on full feed of grain.

Don't turn horses to a straw stack and expect them to get a living, keep in condition, and with certainty escape impaction of the bowels.

Don't fail to have your horse's teeth examined once a year.

Don't feed your horses when they are tired, especially grain.

Don't wait until your mare is almost dead, at the time of foaling, before calling a veterinarian.

Don't administer medicine to the horse, or any other animal, through the nose; nature never intended it that way.

Don't administer any drug to an animal until you are familiar with its action and the exact condition of your patient.

Don't be continually dosing your

A bite of this and a taste of that, all day long, dulls the appetite and weakens the digestion.

Restore your stomach to healthy vigor by taking a Na-Dru-Co Dyspepsia Tablet after each meal—and out the "plecting".

horse; keep him well by proper care.

Don't clip your horse and leave him unprotected while not in motion.

Don't leave the shoes on a horse longer than five or six weeks without re-setting.

Don't allow the blacksmith to rasp the hoof wall and otherwise mutilate the foot in shoeing.

Don't leave the grain bin where the horse can get to it should he become unwell.

Don't allow the horse to stand in a draft.

Don't wait until the horse's shoulders are sore before properly fitting the collar.

Don't put chains behind the horses to keep them from backing out of the stall.

Don't allow the horse to drink too much water at one time.

Don't feed irregularly.

A WEAK, ACHING BACK CAUSED HER MUCH MISERY

Could Not Work and Had No Ambition For Anything.

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

Mrs. W. R. Rodge, Fielding, Sask., writes: "A few lines highly recommending Doan's Kidney Pills. For this last year I have been troubled very much with nasty sick headaches, and a weak, aching back which caused me much misery, for I could not work and had no ambition for anything. My kidneys were very badly out of order, and kept me from sleeping at night. I tried many kinds of pills and medicines, but seemed almost in vain. I began to give up in despair of ever being well and strong again, when a kind neighbor advised me to try Doan's Kidney Pills, which I did, and am thankful for the relief I obtained from them, for now I am never in trouble with a sore back or sick headaches. I will always say Doan's Kidney Pills for mine, and can highly recommend them to any sufferers."

BEEFSTEAK WITH RICE.

If you follow the unwritten law of epicures you will always serve your red meats rare and your white meats well done. Therefore you will have your steak cut not less than one and a half inches thick. Broil with an even, hot fire, and do not season until it is done. Place on a hot platter, banked with boiled rice; pour over the rice some softened butter, well seasoned with salt and pepper, or the rice may be used to stuff sweet, green peppers, baked and served with the steak.

RAISED AN INSPECTOR.

A Scottish agriculturist was relating his experience to an Irishman, and was very proud of the fact that he had planted a seed which had sprung up into a beautiful acorn. "Ah!" said Pat, "that was nothing. Sure, I once planted a dead cat, and in a short time up sprang a sanitary inspector."

WAS TROUBLED WITH Headache AND Constipation.

After Suffering For Two Years Was Cured By BURDOCK BLOOD BITTERS.

Headache of whatever nature is nearly always symptomatic of other diseased conditions, rather than a disease itself, but in most cases a disordered stomach, constipation, or bad circulation is the chief source of the difficulty. Burdock Blood Bitters removes the cause of the trouble through its cleansing, strengthening and tonic action on the stomach, liver, bowels and blood. Mr. Wm. Redmond, Cardigan, Bridge, P. E. I., writes: "I have been troubled with headache and constipation for about two years. After trying every doctor I knew, a friend advised me to try Burdock Blood Bitters. I found myself, after using one bottle, getting much better, and after using three bottles I was completely cured."

"After then I was on a visit and found my cousin very sick and the doctor told her there was something wrong with her head. I told her to try Burdock Blood Bitters and she was cured in a short time. I can safely recommend it to all."
