THURSDAY.
Rev. Fred M. and Mrs. Clay, Towners, N. Y., are spending the month of August in Prince Edward Island. Mr. Clay is the son of the late Dr. Edwin Clay who was so well known in this Province thirty years ago and who, at the time of his death, was Government Immigration Agent at Halifax, N. S. Mrs. Clay is the daughter of the late Angus Brien, Victoria, and has with her two of the younger members of their home circle, Master Br' in connection with his large pastoral work he also has a Fresh Air Work known as the "Minnie Clay Fresh Air Work for Girls." This movement he established two years ago in memory of his daughter, Minnie, who died at the age of eighteen and who is buried in Victoria. Over a thousand dollars has been expended in canvas and during the month of July he takes from the crowded city fifty little girls and by the side of a beautiful lake the tents are pitched and under his management a staff of trained assistants and Miss Ruth. Mr. Clay is the pastor of a large church in Towners, where he has been for the past three years and is also in demand on the lecture platform. For the past six years he has made a study of conditions in the slums and has given his lecture "The Shadows of a Great City" over three hundred times. This lecture he gives, illustrating it by over one hundred life size pictures which he has taken

SURE SIGNS
Of Kidney Trouble.
If your back is constantly aching and if you experience dull shooting pains, your kidneys are out of order. If your urine is thick and cloudy or your passages frequent, scanty and painful, your kidneys and bladder are out of order. Neglect quickly brings on rheumatism, diabetes, lumbago, sciatica and etc. Mrs. John Wagner of 10 Hollis St., Halifax, N. S., says: "Dull shooting pains would catch me across the small part of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would appear before my eyes and everything would turn black. I would fall to the floor and be unable to get up again without assistance. A friend told me of Booth's Kidney Pills and I began their use. The next box gave me relief and I am now well and strong."

EVERY GENERAL STORE-KEEPER NEEDS "FRUIT-A-TIVES"

INKERMAN, ONT. Sept. 23rd, 1910.
I am in the General Store business I have been a resident of Inkerman thirty-seven years. Since I started a store four years ago, I have found our remedy "Fruit-a-tives" the most satisfactory one I have sold. Many of my customers have used "Fruit-a-tives" with the most beneficial results and I now of two cases that have been completely cured of Dyspepsia. I recommend "Fruit-a-tives" on every possible occasion and would say that if every general store keeper, who stocks medicine, would keep "Fruit-a-tives" prominently displayed, he would increase his business many fold"
ALEX. LARUE.

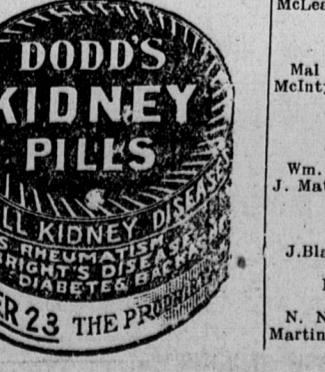

"Fruit-a-tives" is the only remedy in the world made of fruit and the only remedy that will positively cure Constipation, Indigestion, Pain in the Back, Headaches, Rheumatism and all Kidney and Bladder Troubles. 50c. a box, 6 for \$2.50, trial size, 25c. FRIDAY.
The friends of Rev. H. Scott-Smith, city, will regret to learn that he has been ill in the Montreal General Hospital. The reverend gentleman left here for his holidays on August 1st and was suffering at the time from varicose veins. On reaching Montreal these became so much worse that he was obliged to enter the hospital instead of relieving the same at St. John's Church as he had intended. He hopes to be well enough to leave for Charlottetown tomorrow or Monday.

Edward Parkman and bride, Montague, were in the city yesterday on their way to their new home after their marriage which took place in Kensington the previous day. The wedding was solemnized at St. Mark's Church, Kensington, at noon, and the bride (nee Jessie Mills) was given away by her brother, Frank Mills. Rev. Mr. Watson officiated. The groom was supported by his brother, Tyler Parkman, and the bride attended by her sister, Miss Edna Mills. Noel A. Farrow and Vernon Mills were ushers. At the conclusion of the ceremony a reception was held at the home of Frank Mills, after which the happy couple took the train for Charlottetown where they were the guests at the Queen Hotel. Mrs. (Dr.) Smith, the wedding and accompanied the newly wedded couple to their home yesterday afternoon. The Guardian extends to Mr. and Mrs. Parkman best wishes for a long and happy wedded life.

The annual gathering of the Clans, postponed from the previous day by reason of inclement weather, was held yesterday afternoon at the C.A.A.A. grounds. The attendance was smaller than usual, owing to the postponement, but enthusiasm ran high and the clannish spirit of the assembled Scots was rife enough to displace any evidence of a feeling of enmity with that of keen enjoyment in the days proceedings. In the morning the usual parade was held and in this and the afternoon parade to and from the grounds the kilted band and tartaned Scotchmen inspired all of that nationality with political pride. The music of the 78th Highlanders Band on parade and at the grounds was greatly appreciated and added much to the pleasure of the day. They are a bunch of good fellows and made many friends while here. The program of sports at the C.A.A.A. grounds was well managed, keenly contested and afforded much pleasure to the onlookers. They began at one o'clock and were concluded about five o'clock. The following are the events and the prize winners:

The exhibition of dancing given by young scotch lassies was of such exceptional merit as to call forth many commendations and hearty applause after each performance. Miss Rita Macdonald and Miss Marion Byrne danced the Ghelic Callum and other Highland Fling and visitors expressed their surprise at the ease and gracefulness with which the young performers executed the many difficult movements. Of Miss Louise McKay, daughter of A. N. McKay, City, Miss Gladys McCormack, daughter of Inspector McCormack, and Helen McMillan, daughter of L. B. McMillan, the same was true and the little ones are to be decidedly congratulated for their share in the day's program. The 4th Regiment Band and the 78th Highlanders Pipe Band enlivened the proceedings with national airs throughout the afternoon.

Special to The Guardian.
MONCTON, Aug. 17—At the session of the Maritime Board of Trade there was a discussion on how best to make the Board of Trade effective, and a resolution was passed recommending the appointment of a committee of three from each Province to follow up the resolutions passed by the Board and press them upon the attention of the respective local Legislatures. Also the appointment of a committee to deal with the resolutions requiring legislation at Ottawa. These committees are to report in writing at the next annual meeting. Forest protection was discussed and a resolution favoring the appointment of a forestry board was carried. Transportation was next taken up. A resolution moved by Jas. P. Fielding of West Prince was referred for redrafting. In the discussion on the selection of the next place of meeting, the President stated that he would suggest that no effort be made to have St. John as the place of meeting. "If they come back, let them come of their own free will," he said. Truro was selected as the next place of meeting.

MONCTON, Aug. 17—The Maritime Board of Trade has passed resolutions favoring Maritime Union, urging closer trade relations with the West Indies, calling for the inspection of farm products, and demanding better roads. As to freight rates between P. E. Island and mainland points the secretary suggested action by the Board looking to have the Railway Commission assume control over the lines involved. This morning the delegates visited the oil wells in Albert County. DAWSON, Aug. 13—A man named Allison from Fort McPherson, who arrived here, reports a double tragedy on the Mackenzie River whereby prospector named Oliver whereby Edmonton shot and killed his partner and then committed suicide. The story is that Oliver was sick and his partner refused to go for a doctor. The bodies were buried by the Mounted Police.

GILLETTE Blades Are Harder—Keener—Smoother—Than Forged Razor Blades

Before the GILLETTE was invented razor blades were all forged. That is, a piece of mild steel was heated and hammered out till it took the form of a razor blade. Every heating, every hammering, changed the hardness of the steel a little—how much, no man could tell, but more in some parts than others, because these parts were hammered out more. Naturally, to temper perfectly a blade of such uncertain and uneven hardness is impossible. In making GILLETTE blades we start with an ingot of steel, too fine in quality to stand forging, whose composition we know by analysis. We roll this out to the thinness of the finished blade, then stamp out the blades ready for tempering. The composition of the steel is not altered by the rolling and stamping as it is by forging, so that each blade comes out not only even in texture throughout, but of the same quality as every other blade. As our patented automatic tempering process tempers each blade through and through in precisely the same way, the finished blades have an even, uniform hardness which cannot possibly be equalled in forged blades. Two of the hardest, keenest, smoothest shaving edges the world has ever seen are found on each and every GILLETTE blade. Not only is the GILLETTE the safest, quickest, most convenient and only adjustable razor, but it carries the best edge. That is what interests the shaver most. Standard Sets \$5.00. Pocket Editions \$5.00 to \$6.00. At your druggist's, jeweller's or hardware dealer's. The Gillette Safety Razor Co. of Canada, Limited Office and Factory, 63 St. Alexander Street, Montreal. Offices also in New York, Chicago, London, Eng., and Shanghai, China. Factories in Montreal, Boston, Leicester, Berlin and Paris. 247

Good Bread

is the keystone to the structure of health. It means vigor, bone and muscle to your growing children. It means nutrition to the whole family. But you cannot make good bread out of indifferent flour, no matter how you treat it, no matter how proficient you may be in baking. In her desire to make a loaf that looks and tastes well, the housewife is tempted to use flour that is almost devoid of gluten—the rich, strengthening constituent of flour that makes bread the staff of life.

"Beaver" Flour

alone—of all the flours on the market—makes a loaf that is rich in nutrition, and at the same time is white, light, pleasing to the palate. The reason is simple. "BEAVER FLOUR" is milled in carefully balanced proportions from the Manitoba Spring wheat and the Ontario Fall wheat—one with its powerfully nourishing qualities, the other with those properties which make the bread attractive to the eye and taste.

"BEAVER FLOUR" makes equally successful biscuits, cakes and pastry. One flour accomplishes all the requirements of baking, saving trouble, expense and uncertainty as to results. Try it. You will quickly appreciate its superiority. All the best grocers keep it. DEALERS—Write us for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO. LIMITED, 95 CHATHAM, ONT.
