LONDON, Dec. 8.—A bitter feeling against conscription was manifested among delegates to the Australian Interstate Labor conference, a Newer despatch from Melbourne reports Senator Lunch and Mr. Burchell, a member of the House of Representatives, West Australian delegates, who favored conscription, were expelled.

The conference also decided to remove from the Australian Labor movement all federal members who supported conscription.

SIR ROBT. BORDEN AND R. B. BENNETT OPEN BIG RECRUITING CAMPAIGN.

MONTREAL, Dec. 6.—Sir Robert Borden, premier of Canada, and Mr. R. B. Bennett, M.P., director-general of national service, opened a campaign at the Monument National here tonight that is calculated to stir up the people of Canada to a better understanding of their duty in the world war, and to a realization that every person who can do so should help to gain the victory for the Allies. The campaign is to take the premier and director-general west as far as the coast and tomorrow night they are to be in Quebec.

Sir Robert was given an excellent hearing, but Mr. Bennett was subjected to a good many interruptions. That there was a hostile element present was brought out more clearly when Mr. E. L. Patenaude, minister of inland revenue, was speaking. He was almost continuously interrupted, and the force of his address was spent largely in retorts.

The disturbance was so marked that Hon. T. C. Casgrain and Hon. C. J. Doherty, who were to have spoken declined to remain silent. The gathering was large. Mr. Ludger Gravel, president of the chamber of com-

merce, and Mr. H. B. Walker, president of the board of trade, were joint chairmen.

The premier referred to the justice of the cause of the Allies, the patriotism and suffering of the French and Belgians, the splendid response of all the overseas dominions to call to take part in the great war, and said: "I point with pride and gratitude to the fact that during a little more than two years nearly 400,000 Canadians have responded to the call of duty, more than 150,000 have seen service at the front, and more than 100,000 of them are now in the fighting line."

He emphasized the point that "victory depends upon the thorough organization of the national strength," and said: "The government has determined that an estimate shall be made of the man power of Canada, and the board of national service, created for this purpose will place before the people in the immediate future the means by which that estimate can be effectually made."

ROYAL YEAST

It has been Canada's favorite yeast for over a quarter of a century. Bread baked with Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be made in one baking, and the loaf will be just as good as the first.
