U. S. CONSUL KILLED

FRANKFORT ON THE MAINE, Germany, May 23—U. S. Consul General Frank D. Hill of Minnesota was killed by falling down over the railing of the staircase in a big hotel here at noon. THE AROOSTOOK POTATO CROP.

FORT FAIRFIELD, Me., May 22—Best estimates place the total sale of the Aroostook potato crop of 1911 at between 14,000,000 and 15,000,000 leaving between two and three million bushels of the 17,000,000 bushels crop sent to the starch factories, used for seed and food purposes here in the country, and lost. In view of the several large potato warehouse fires in the county since last fall, this seems to be a fairly reasonable figure. It is figured that of the crop sold, the average price was over \$2 a barrel. This means that Aroostook received, for the crop of potatoes which is raised in 1911, between \$1,650,000 and \$1,800,000, at least.

CHICAGO, May 26—President Tom Johnson of the American League tonight announced the reinstatement of "Ty" Cobb, of the Detroit club, whose suspension for attacking a spectator, who Cobb said had insulted him in New York, resulted in a strike by Detroit players last week.

Cobb will be eligible to play tomorrow. In addition to the ten days suspension he was fined \$50. Johnson promised in a statement full protection to all players and said the league had arranged to increase the police force at every park but he declared that severe punishment would be meted out to those players who assume to act as judges and avengers of real or fancied wrongs while on duty.

Darrow, accused of bribing a salesman in the McNamara case, but the prosecution refuses to say that he will be called as a witness. The trial is still delayed by a futile attempt to select the thirteenth, or alternate, juror. Detective Foster of the National Detectives' Association, who is said to have arranged the plan by which Darrow was alleged to have been trapped by means of a telephone device, is here and probably will be one of the State's chief witnesses. Wholesale attempts at bribery will be charged.

The bond was signed by Ches Logo mario, a wealthy real estate owner. Mrs. Grace expects soon to be home a mother, and Logomario volunteered to furnish the bond out of sympathy. Mrs. Grace has been in jail since her indictment several weeks ago. She has been unable to give bond because professional bondsmen demanded a heavy fee and security against loss. A Deliberately Planned Move of Violent Labor Workers--Much Freight Idle

(Canadian Press.) LONDON, May 26—Londoners are beginning to appreciate the real significance of the transport workers' strike. It is a deliberately planned move of the most violent group of labor organizers. The men are scarcely recognized by the regular trades unions. It has been started over a comparatively minor matter but already more than 100,000 men are involved. Within a week the strike may have spread all round the coast and the entire work of the country may be paralyzed.

More than a million tons of shipping lies idle on the Thames side. Ships' sailings being cancelled, perishable fruits and other foods lie untouched; none dare handle them and, worst of all, grave fears are entertained lest others may follow the transport workers' example.

CONTRADICTION FROM SIR RICHARD CARTWRIGHT

OTTAWA, May 23—Sir Richard Cartwright is out with a statement contradicting the evidence of W. R. Travers as to a conversation in which Sir Richard expressed approval of the issue of circulation on farmers' notes. Sir Richard says: "Sir, I observe in your issue of last evening a very extraordinary statement in reference to an alleged conversation between myself and the late manager of the Farmers Bank. I did not know Mr. Travers and I very much doubt if I ever had any conversation with him at all. In any case the statement is absurd on its very face—the circulation which bank is authorized to issue has nothing whatever to do with the amount or character of the notes it holds. The circulation is based on the amount of its paid-up capital."

THE EVOLUTION OF TRANSPORTATION.

NEW YORK, May 23—To demonstrate the evolution of transportation methods, especially in the United States and Canada, is the object of the Travel and Vacation Exhibition which was opened in the Grand Central Palace today under the auspices of the Transportation Club of New York. Many historical relics, originals and models, lent by the Navy Department the Smithsonian Institution and numerous steamship and railroad companies are included in the display. The sledges used by Peary in his trip to the North Pole are to be seen among the exhibits referring to exploration. Another section is devoted to the exhibition of appliances for minimizing accidents in railway and steamship travel.

AN EXPERT'S DECISION.

OTTAWA, May 24—Morris F. G. Wilson, an eminent English authority on drydock construction, arrived in Ottawa Thursday and will act for the government in the selection of a suitable site for the proposed Quebec drydock. Mr. Wilson has had a wide experience in regard to the building of drydocks in England and in other parts of the world. The bringing out of the expert from England will settle any doubts as to the best site from a practical standpoint.

P. E. I. HORSES IN NEW GLASGOW RACES

NEW GLASGOW, May 24—Despite the fact that Victoria Day was ushered in by a very heavy rain storm and came to a close with another deluge, the day was beautiful and fine and New Glasgow people generally spent an enjoyable holiday. Many visitors came to town and witnessed a series of splendid horse races at the Union Trotting Park.

The meeting will number as one of the most successful of the many held at this favorite old track. Though the track promised at an early hour to be an almost impossible racing course, heroic work on the part of the promoters had it by two o'clock fit to go around on but still very heavy. This did not deter the horsemen from giving stirring contests and making the afternoon's sport exciting.

FAST THREE-YEAR-OLD. The most remarkable performance was the three-year-old class when Baron Creel, a three-year-old stallion imported by R.H. Gray of Thornburn, easily demonstrated his superiority over the field and proved to be a phenomenally fast colt. He stepped the second half mile in the muddy track and not fully extended in 1.16; a performance never previously equalled in the Province so early in the racing season. The colt gave every indication of being better than a 2.20 trotter before the snow flies.

Today he was handled with consummate skill by Spurgeon Gammon. Aquiri Boy, an Island entry, and Lloyd Achille both trotted a good race, the latter colt took neat halves and never lifted his nose. In the three minute trot the honors went to Antigonish horses, Meteor, the winner, being owned and driven by Hugh McDougall of Ohio, Antigonish County, and Achaiis the second money, winner being the property of D. Grant Kirk of Antigonish and driven by D. A. Chisholm of the same town. The loyal sons of the down east county gave the winners a great ovation.

The opening two heats of the 2.30 pace went to Reta Mac, owned by the Roger Bros., New Glasgow. The mare won with something to spare. In the third heat Ionia Girl, from Charlottetown, flashed from the rear and in a hot drive landed the heat. In the start for the fourth heat an unfortunate incident happened. The word was given with Ionia Girl that was poorly driven back out of her position and on a break the starter not noticing her until too late for a recall. The start ruined her chances of the heat and did not please the admirers of the Island mare. The officials were: James A. Fraser, New Glasgow; Dodd Dwyer, Pictou, and James Lawlow, North Sydney, judges. Mr. Fraser acted as starter, Frank Power of Halifax, having been engaged, but unable to make connections owing to the delayed train from Halifax. The summaries were: THREE-YEAR-OLD TROT—PURSE \$100. Baron Creel, b.c., by Baron McKinney, Gammon, 1.11 Aquiri Boy, b.c., by Aquiri, Nicholson, 1.12 Lloyd Achille, b.c., by Achille, Saunderson, 1.13 Dr. Dodds, 1.14 Marconi, 1.15 Brown Earl, 1.16 Time—1.26 1/2, 1.26 1/2. THREE MINUTE TROT—PURSE \$100. Meteor, g.h., by Israel McDougall, 2.11.1 Achaiis, b.r.g., by Achille, Chisholm, 1.22.2 Cal Dillon, ch.g., by Joe Dillon, McKaracher, 3.53.3 Monachille, 4.35.5 Princess Pat, 7.7.4 Delzarno, 5.4.7.4t Rochet, 6.6.6.4r Time—1.22 1/2, 1.20, 1.18 1/2, 1.15 1/2. TWO-THIRTY PACE—PURSE \$100. Reta Mac, br.m., by Israel Cummings, 1.21.1 Ionia Girl, b.m., by Com. Ledyard, McKinnon, 8.81.6 Robert L., b.h., Hammon, 4.24.2 Zealot, 2.47.5 Black Bird, 5.32.2 Ton Commodore, 3.53.4 Woronoco Girl, 7.6.7.7 John M., 6.7.8.8 Time—1.18 1/2, 1.15, 1.14, 1.15.

ANTIGONISH HORSES WIN.
