THE P. E. I. TUKIS BOYS CAMP

The Prince Edward Island Tukis Boys broke camp yesterday, after a most enjoyable ten days' outing at Apple Tree Wharf. The Camping party numbered some twenty-five boys and leaders, and they are to be congratulated upon the splendid camping weather they had through the trip. The boys were under the leadership of Rev. R. H. Stavert, (Camp Director) Mr. Sidenius, Provincial Secretary of the Y.M.C.A., Mr. A. M. Gregg, Maritime Boys' Secretary and Mr. L. A. Buckley, Maritime General Secretary. Other group leaders were Rev. O. H. Peters, of Winsloe, Rev. Capt. Chris Graham, Montague, Rev. G. W. B. Jones, Milton, Rev. Walter Auld, Tyne Valley, and Mrs. L. S. Albright. The camping days were spent in strenuous sport of all kinds, and in religious studies. A program of the daily events makes interesting reading: At 6.45 came Morning Watch Faculty; then followed Rising Bell; Setting-Up Drill, Morning Dip, Breakfast, Flag Raising, Leaders Class, Bible Study in Tribes, Peace Council, Chapel Service, Group Games, Morning Swim, and at 12.30, Dinner. The afternoon exercises were divided with the same care and attention. There was the meeting of The Faculty, Tent Inspection, Special Program (including two athletic meets, aquatic meet, special camp craft, wood craft and Nature study). Afternoon swim, Supper. After supper came the games—baseball, volley-ball, etc., and the day wound up with the old "Camp Fire"—chants and songs around the glowing logs. The Sunday program included: Morning Dip, Flag Raising, Bible Study in Tribes, Church Service and Camp Fire Service in the evening. Altogether it was a most inspiring holiday trip for everybody. An interesting feature of the camp was a contest held for the best all-round Tribe in getting out in time, setting-up drill, attendance at study periods, athletics, aquatics, baseball, stunt night etc. Honor ribbons were given to members of the Tribe winning out in the contests.

JUST BETWEEN OURSELVES

Safe, in these days of multiplied propaganda for every known subject and some yet unknown to suggest any new organization. But in spite of all this it seems at times that a Society for Better Parents might fill a long felt need. To it we would invite all those parents who seem to think that an infant, like some medicine, is better if shaken before taking. How they bounce and jounce and toss the little creature about! It may be that this is merely a development of the prevalent "uplift" movement, but its influence on baby's going through his small store of cute tricks until excitement and overtaxation of the tiny brain has led to peevish exhaustion about those who look upon parenthood as an unfortunates' affliction rather than a blessed responsibility? How about those who look upon baby as a means of display in clothing and belongings? Would they not all be eligible? The better babies movements are all right. But to be entirely adequate they should have commenced with the grandmothers and grandfathers. And as, because of the unchangeability of nature's laws, it is now too late for that, why not start in with the grandmothers and grandfathers of the future? Minard's Liniment Cures Distemper.
