Reported Bequest to Montreal Domestic Was Cruel Hoax

MONTREAL, Nov. 1 — (CP) — A disillusioned 32-year-old domestic was reported today to have gone to Manchester, N.H., to visit relatives after having been the victim of a hoax in which she was led to believe she had inherited \$100,000.

The victim, Helene Rouleau, could not be reached during the weekend for her version of how she came by the "mystery letter" said to have reported the death of a wealthy uncle in Philadelphia who left her a fortune.

But a woman who identified herself as Miss Rouleau's sister said the victim was "terribly hurt" by the hoax, apparently played by someone who knew Helene was going to Manchester.

Last Friday the story of Miss Rouleau's fortune broke when a Montreal newspaper obtained the story of her receiving "a letter from a Philadelphia lawyer." But the reporter neglected to get the lawyer's name.

For a time Miss Rouleau, in the home of Mr. and Mrs. Benjamin Helten where she worked, was aglow with happiness. But within a few hours the authenticity of the letter was placed in doubt and she could no longer be reached by newspapermen.

One version was that Miss Rouleau found the letter on her dresser. Mrs. Helten said no such letter had come by mail because her husband would have seen it since he had the only key to the mail box.

Mrs. Helten said she was convinced the whole thing was a bad joke.

Bronchitis and Asthma Coughs

If you suffer from difficult breathing, coughing, wheezing, and can't sleep well because of Asthma or Bronchitis attacks, you owe it to yourself to try MENDACO. The very first dose of MENDACO starts working through your blood in 30 minutes, helping nature loosen and remove the thick, sticky mucus which causes coughing, rasping, difficult breathing. This loosening action helps open up your bronchial tubes so you can breathe more freely; then you can sleep more restfully, gain vitality and begin to live today. Money back unless you are completely satisfied.

CHRISTMAS DOLL FOR POOR TOTS

WINNERSH, Berkshire, England Nov. 1 — (CP) — Ruth Eving, known here as "Mrs. Santa Claus," is already preparing for Christmas.

Now 81, she has for 30 years dressed more than 3,000 dolls and given them to children in the poorer districts of London.

"There are grown men with families of their own in Limehouse who still have dolls I gave them when they were kiddies," Miss Eving said.

"My eyesight is not what it was and I always get someone to thread the needles for me, but I still dress the dolls myself."

Unable to go to school because of ill-health in childhood, Miss Eving nevertheless became a nurse and has travelled throughout the world.

WOTTA MAN!

Having streamlined and restyled the nation's buildings, homes, trains, planes, cosmetic packages and about everything else under the sun, America's top industrial designers turned their attention to plan Joe Doakes, the annual meeting of the Society of Industrial Designers in New York, they held a contest to redesign man for more efficient living in this day and age. The robot in the sketch above combines outstanding features of the several prize-winners. There were hundreds of other ideas for giving Joe Doakes a new look, including recasting the whole figure into identical pyramid shapes for easy stacking in crowds; a merger of shoulders and hips to eliminate collars and belts; a retractable cannon and substitution of radar for ears.
