**INVASION OF GREAT BRITAIN**  
**Lord Wolseley Writes Startling Letters on the Possibility of Such an Event — England Not Favorable**

London, Jan. 3.—Feldou has such a startling prophecy of peril been uttered by a great British soldier as is contained in two letters on Army policy addressed by Viscount Wolseley himself an ex-Commander-in-Chief of the British Army, to Lord Wolseley.

Lord Wolseley's first warning is contained in a letter dated Lewes, November 1. In it he speaks freely of our national lack of an efficient Army.

He evidently does not believe an invasion of Britain is impossible. In fact, promising a defeat at sea, he appears to regard invasion as more or less certain.

Here is a startling extract from the letter:—  
Britain can never have an efficient Army during peace, and she will, therefore, accept the rebuffs and calamities which are always in store for the nation that is content to follow the breed of cowards who usually direct her great affairs.

The day will come when she will violently and suddenly lose her former renown to such an unmistakable extent that the plucky fishwives will march upon Downing street, and if they can catch its usual inmates, will read them.

One party is as bad as the other, and I hope and pray that when the national misfortune of a great defeat at sea overtakes us, followed by the invasion of England or Ireland—very possibly the latter—that John Bull will turn and read the jaws and talkers who prevent us from being prepared to meet invasion.

For does Lord Wolseley regard the Navy as all-sufficient. He concludes this first letter with the statement:—"I should like to see our Navy half again as strong as it is, but still to be quite secure against invasion, we require a strong defensive Army also."

His second letter is addressed to Lord Weymouth from Montagu.

Other nations (he says)—I need not name them—are now very strong at sea as well as ourselves, and any well-planned combination against them might, I believe, give to our enemies the command of the Channel for a sufficient long time to enable a great invading army to be landed on our coast.

The only stores it would require would be ammunition, as our rich countries would furnish them with every requisite.

There are striking views, and their utterance by a soldier who held the office of Commander-in-Chief from 1880 to 1900 gives them additional importance.

THE VALUE OF CHARCOAL.  
Few People Know How Useful It is in Preserving Health and Beauty.

Costs Nothing To Try:  
Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better, it is not a drug, at all, but simply absorbs the gases and impurities always present to the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectively clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

**THE KING'S COUNTY GUARDIAN**

The basket social in aid of All Saints Church held at Cardigan recently was a success, \$137.00 being realized.

Well done, Montague and Souris. "PETA WAWA" They will do the trick again.

Miss Helen MacLean has returned to Montague after being successfully operated on for appendicitis at the P. E. Island hospital.

The Minto left Georgetown yesterday morning for Pictou, taking one car and three cars way freight, and passengers and mails.

There will be no service at Trinity Church, Georgetown, tomorrow, as Mr. Walker has to conduct a funeral at Cherry Valley.

Recently a number of the friends and neighbors of Mr. George Robertson of Farmington House, presented him with a valuable fur coat.

The skating season has commenced at Montague, the opening of the rink having taken place on Thursday night. It was fairly well filled, considering the short notice.

The death of David Hugh who passed away on Sunday Dec 31st removed a respected resident of Murray Harbour. He was quite active for his age up to within two months ago.

The Stanley arrived at Georgetown from Pictou at 10.30 o'clock yesterday morning, bringing one car implements, one car machinery, one car canned goods, one car barrels, four cars way freight and thirty passengers.

Miss Nettie McLaren who has been a patient in the Boston City Hospital where she was treated for typhoid pneumonia, accompanied by her sister Miss Helen have arrived at their home in Bundenell to spend the winter.

A sermon written by Rev James Simpson, M. A. of St. Peter's Cathedral, Charlottetown, on the Epiphany particularly emphasizing the worship of the Christ, will be read in the English Church at Souris (D. V.) on Sunday evening Jan 6th. Children's service in the morning.

**CARD OF THANKS**  
Peter Clarkin and family wish to tender their sincere thanks to those kind friends who showed sympathy in their time of affliction, to those who sent flowers, sprigged bouquets, etc.; Flowers: James Leight Izett, Mrs. W. D. Pollock, W. L. and R. L. Cotton, Charlottetown Steam Navigation Company, Mrs. P. McCloskey, Mr and Mrs. Jas. Godfrey Sprigal bouquets, Mrs. M. A. Barron, Sisters Notre Dame Convent, Miss Mary A. Clarkin, Sewing Circle St. Vincent de Paul, letter of condolence, from Capt. T. J. Craig. They also wish to thank Dr. Conroy for the unsparing attention which he paid to her during her long illness, also to all their relatives who have assisted in every possible way to lessen her sufferings.

**DYSPEPSIA HURTS.**  
My goodness, how dyspepsia hurts and pains! And it isn't the pain that is to be dreaded but the loss of time and wages. There is to-day many a person who lays off one or two days a week all because of indigestion and dyspepsia, and in consequence loses many a dollar in wages. What a pity these people don't try Hutch and cure themselves. Why don't they take one little tablet after each meal and get back to their work! May be they will try Hutch some of these days, and they will find out for sure that there is one medicine in the world which can be depended on to cure sour stomach, indigestion, headache, heartburn.

It's a doctor for ten cents. One gives relief. For sale by all druggists.

Those who want work of any kind or are looking for help of any kind should send their names and addresses with all particulars or call at The Guardian Employment and Information Bureau, New Prowse Block, Charlottetown, Telephone 132a. Those who do not desire to advertise will please send 25 cents with their request, which amount will be returned to them on application if they do not get what they want.
