Express Confidence in Minister's Loyalty

At a recent meeting of the Eton Branch of the Canadian Legion, E. S. L. assembly on June 23, 1940, the members of this branch were in the majority of the vote in the election of Rev. Wallace Wadsworth to Canada and the British Empire, and also to endorse the resolution, with reference to the B. I. S. conference on June 24th, 1940. We are of the opinion that the recent manifesto was circulated by irresponsible persons, and we express our surprise and indignation that such stories should be spread about Mr. Wadsworth in whose integrity we have all faith. Signed on behalf of the members of the Eton Branch:

John MacDonald, President
Martin LeGrange, Secretary

Ottawa Speculates On Cabinet Changes

OTTAWA, July 2—(CP)—Fresh speculation centres around the cabinet changes expected to be announced shortly by Prime Minister Mackenzie King. General feeling in high places was that changes would include three men charged with defence duties.

The Prime Minister has already announced that Finance Minister Ralston will take over the defence portfolio left vacant by the death of the late Hon. Norman Rogers.

It is expected that Air Minister Power, who has received mention in Postmaster General, will become Minister of Home Defence and that James Duncanson of Toronto, presently acting deputy minister of air will succeed Major Power in the Air Ministry.

A new name mentioned in the proposed cabinet changes is that of Mr. Macdonnell of Toronto, president and general manager of the National Trust Company. In present speculation Mr. Macdonnell, a Conservative, appears a good bet to head the Department of National War Services soon to be set up. This department will co-ordinate voluntary war activities in session for members to receive their full sessional indemnities of \$4,000 ends on July 20.

U. S. Born King of Sark Island

LONDON, July 1—(CP)—The American-born King of Sark Island, among the Channel Islands—two of which were occupied by German troops yesterday—is his majesty Bob Hathaway.

It was not immediately known whether Sark Island itself was taken by the Germans—as were Guernsey and Jersey—but all communication with the island has been cut off.

The only United States-born foreign sovereign, Hathaway became ruler of the island in 1930 when he married the widowed Dame de Sark, otherwise Mrs. Sibyl Collings Beaumont, whose ancestors had ruled Sark since 1165.

Hathaway was born in East Orange, N. J. 53 years ago. In his rule over the ancient island, 22 miles off the coast of France, Hathaway is (or was) independent of King George and the British Government, neither pays nor collects taxes for England, and has his own parliament of 52 members. In fact, every 12th person on the island is a member of parliament. His kingdom is 3 1/2 miles long and 1 1/2 miles wide.

In addition, King Bob has his own standing army of 40 men "each armed with a musket for the defence of the island" as specified in the original charter granted by Queen Elizabeth in 1565.

Beaches Are Front Line In England

SOMEWHERE IN ENGLAND, July 1—(CP)—British soldiers have built a fence around England, and bathing beaches have become the "front."

On beach playgrounds for everyone to see are rolls of barbed wire entanglements.

During the day a tin-hatted sentry is the only other evidence of defence, but at night the seacoast takes on a grim aspect.

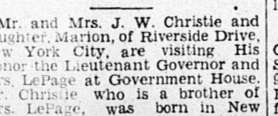

Beaches and lower promenades are cleared. Soldiers, wearing steel helmets, with gas masks ready and rifles on their backs, take up positions ready to fight off any attack from the sea.
